Malak and Injy are talking about proverbs. Malak explains that proverbs have more than one meaning. Injy asks Malak about the proverb "The early bird catches the worm". Malak says it has two meanings. First, a bird that is early, or the first to try to catch a worm, usually catches it. It also means that to be successful, you need to be the first to do something. Malak shows her another proverb "Birds of a feather flock together." She explains: if they flock together, they stay in a large group. And maybe it mentions feathers because they all have similar feathers. That means similar people like doing the same things.

Hello, I'm Aliaa - welcome to my blog!

I think we should all try to protect animal habitats. Animals need safe places to live, find food, and look after their babies. They are part of our planet, so we must make sure that we don't hurt them.

There are lots of different habitats in Egypt, such as the desert, sea, mountains, and rivers. It is good for everybody if we protect these habitats. For example, when a habitat is healthy, lots of animals can live in one place. With good eco-tourism, people can come on wildlife-watching holidays. This is good for the country, and good for the people, too.

We can all think about things we can do to protect habitats. For example, we mustn't waste water or drop litter. We can recycle paper, so people don't cut down trees. We can also plant flowers and plants, because these are great for birds and insects.

Volunteering is very important for helping the community. When you volunteer, you learn many important life skills. You learn how to socialize and talk to people wouldn't usually meet. Volunteering also gives you confidence. It's amazing to see how teenagers grow in confidence when they start volunteering. Fundraising helps charities get the money they need. It's good to give back to the place where you live. My advice to teenagers is volunteer and help if you can. You'll enjoy it!
