

The >links to the classes that I mention are on the last page and at >Dropbox and at >MediaFire it's the PDF titled: "Tumbler >LINKS at dropbox TO ALL MY CLASSES & websites on 7-15-19". I put this in class 276 to show the FBI harassment of classes 271 & 272. I cleaned this up but only made it to page 31.

12-12-18 happy 24th anniversary hons. When I was quoting the end of class 175E saying "there was a snowball's chance in hell that she, (a Guatemala girl), would come through to marry me" I got rw12:25 AM on 12-10 hugging hon as a sign of how^much, (I was^carried), we^overcame^those odds, (as our 24th anniversary present on 12-12). =rw826 AM on 12-10-18.

In the video at (Ds= thanks Paul) Punchbowl I was saying how the FBI & church was attacking my marriage really bad on the 24th anniversary and I realized I was still

recovering from it when the song Hero came on at 12:33 PM because I did the long run and I was by a black Mustang, (like on the next page), saying I have been doing this for a long time & I just heard the song "you got a love too good for a woman like me" as 40 years ago when I met Rori (7-79) and so you've been a good Christian for a long time and for the long haul and you earned this marriage.

TGz737TBs, TBs99 & TBs132 = I didn't realize escaping TB was as lucky as escaping^Alaska^. TBs737 was by^TCB69 as a sign from me to stop at Taco Bell as another PTB548 of how EZ it was for^her to come through and didn't, there was also a sign of T-Mobile and the Marco Polo and how EZ it was for them to support me and not mock me. Another parallel to Alaska was TTV262 on a Johnson Controls van when listening to "the heat is on" because I think it was ENVY at YouTube to so viciously

delete that song three times from my playlist 3 until I couldn't replace it and all because of the story I told of how much it applied to Alaska as an Alyeska Pipeline training video. I think that's when they realized the lyrics were saying the "heat was on" to keep me in Alaska and it was such an obvious prophecy that the FBI and YouTube wanted that song deleted and then went bad to worse by deleting ALL my playlists on 3-29-18.

It was also by handyvan 2809 cc777 and with TTV262 was a sign that also applied to California and that they were ^ dangerous sore losers. The next song was

^Bellavia^ and I mention it because me being fragile and disabled sometimes it's too easy to slip into to bad thinking except this time when it happened that song came on and completely overruled my panic and doubt and was a sign that I had just completed a very nice round-trip out. It was amazing how that bad thinking was so quickly

overruled by a beautiful day and trip out. Like this at^Sand Island but the^549^ was another sign of TCB69 for me to stop at Taco Bell as another PTB548 of^how^easy it was for "see TB" ^ to come through and she didn't, and there was a sign of T-Mobile and the Marco Polo and how easy it was for them to support me and not mock me. All of which points to this 549 as how easy it was for the FBI, (Helen you idiot), to let me enjoy going to the beach or just driving to Sand Island and not ruin it for me and others.

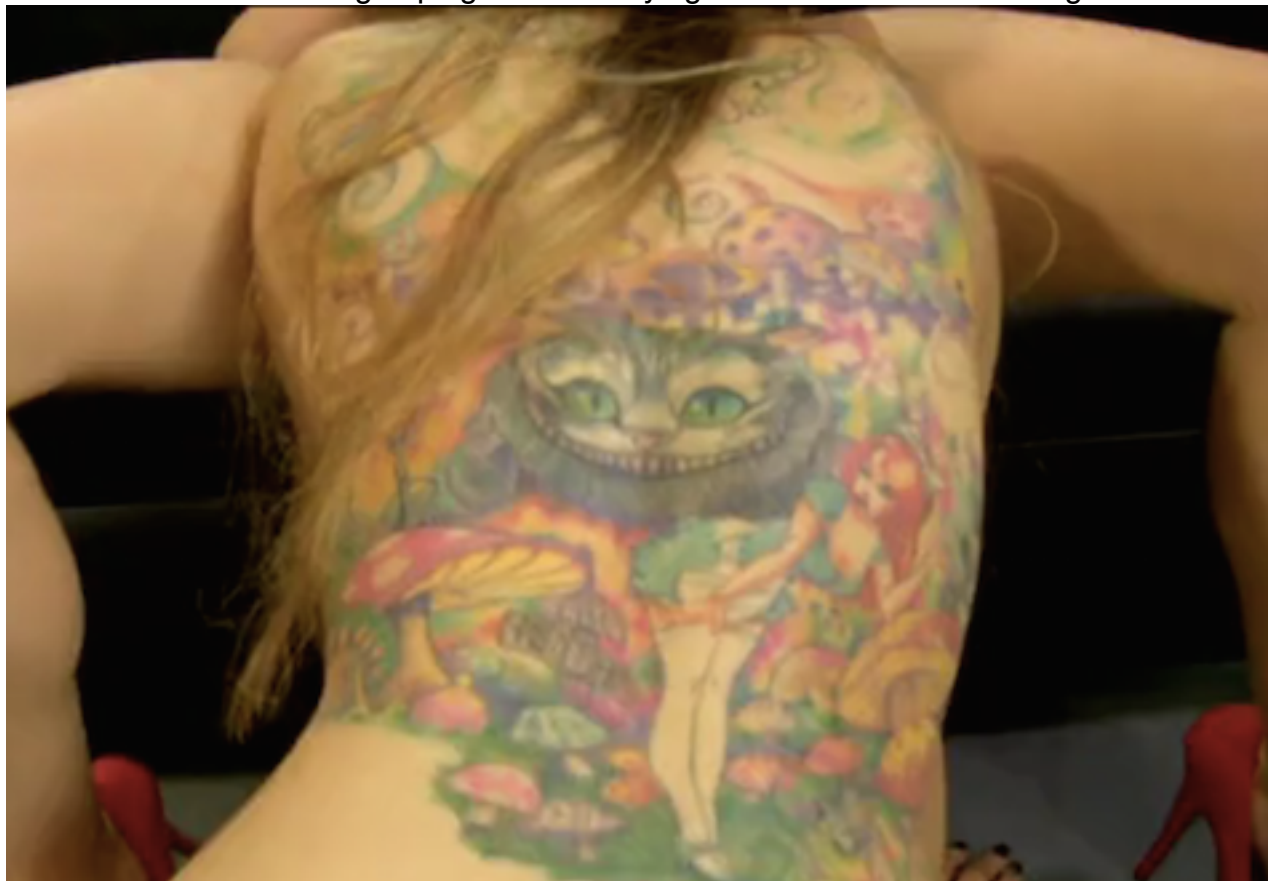

There was a siren at 2:51 p.m. and rq252 PM when I noticed these two pages of D71 are like my 1971 Boss 351 overruling ^EGs^ from the church mocking me and my marriage as a 24th anniversary present from^Abba^ and a homie's OJ on my critics in the church with a TLC (251) cutting edge ^revenge.^ It's like how the song ^Bellavia^

overruled EGs saying it was a bad day and that I had done wrong by showing it was quite the opposite which is exactly how they were mocking and tearing down my marriage for our 24th anniversary except Abba was saying it was quite the opposite on these last two pages. [=rw30501 PM was a big confirmation of the last two pages and a sign to AOL the big difference between the way they cut me down and the way God defends me.] This is typical of the way I get cutdown because the better I do the more viciously they cut me down. = The 2:58 PM alarm on my 24th anniversary might be a sign that I'll get to go to heaven soon^as^a "Brer Rabbit (leaves) laughing place" OJ.

"Wow I'm^sure glad I^cleaned^that^up" = 309 PM was another sign to AOL this info.

When I said "that was a real good one" there was a loud slam at 333 PM and I realized it was a sign of raining threes on page 1 to 3 in D71 today. When I said "I should write that down" there was a siren at 333 PM confirming to do so because they were viciously cutting down me being married to God and those three pages were an awesome slam dunk on their vicious slander. = 334 and 335 PM as parallel AM when I got CB 1129 which also explains my coffee boiling at 3:30 AM as my vicious critics laid an egg. That's like when I was thinking of awesome love lust sex where nasty girls just can't get enough and got rw3:51 PM which was twice is big a sign because lately the video age (Ds= Kirsty) curse has been really bad and it's been hard to find sex that is a real thrill.

It's like when I was grasping at straws trying so hard to rescue the magic of sex as

my hot roll of miniskirt porn and then to see^ my "thanks" ^was to so viciously mock God

and me and the Cheshire cat as this gross ^v Star Wars character. It's like the price that

Jabba the Hutt

poor Yuri paid after she faithfully got that tattoo to mock me for my interest in her to

defend her & August Ames vs being murdered by the porn business so they killed her

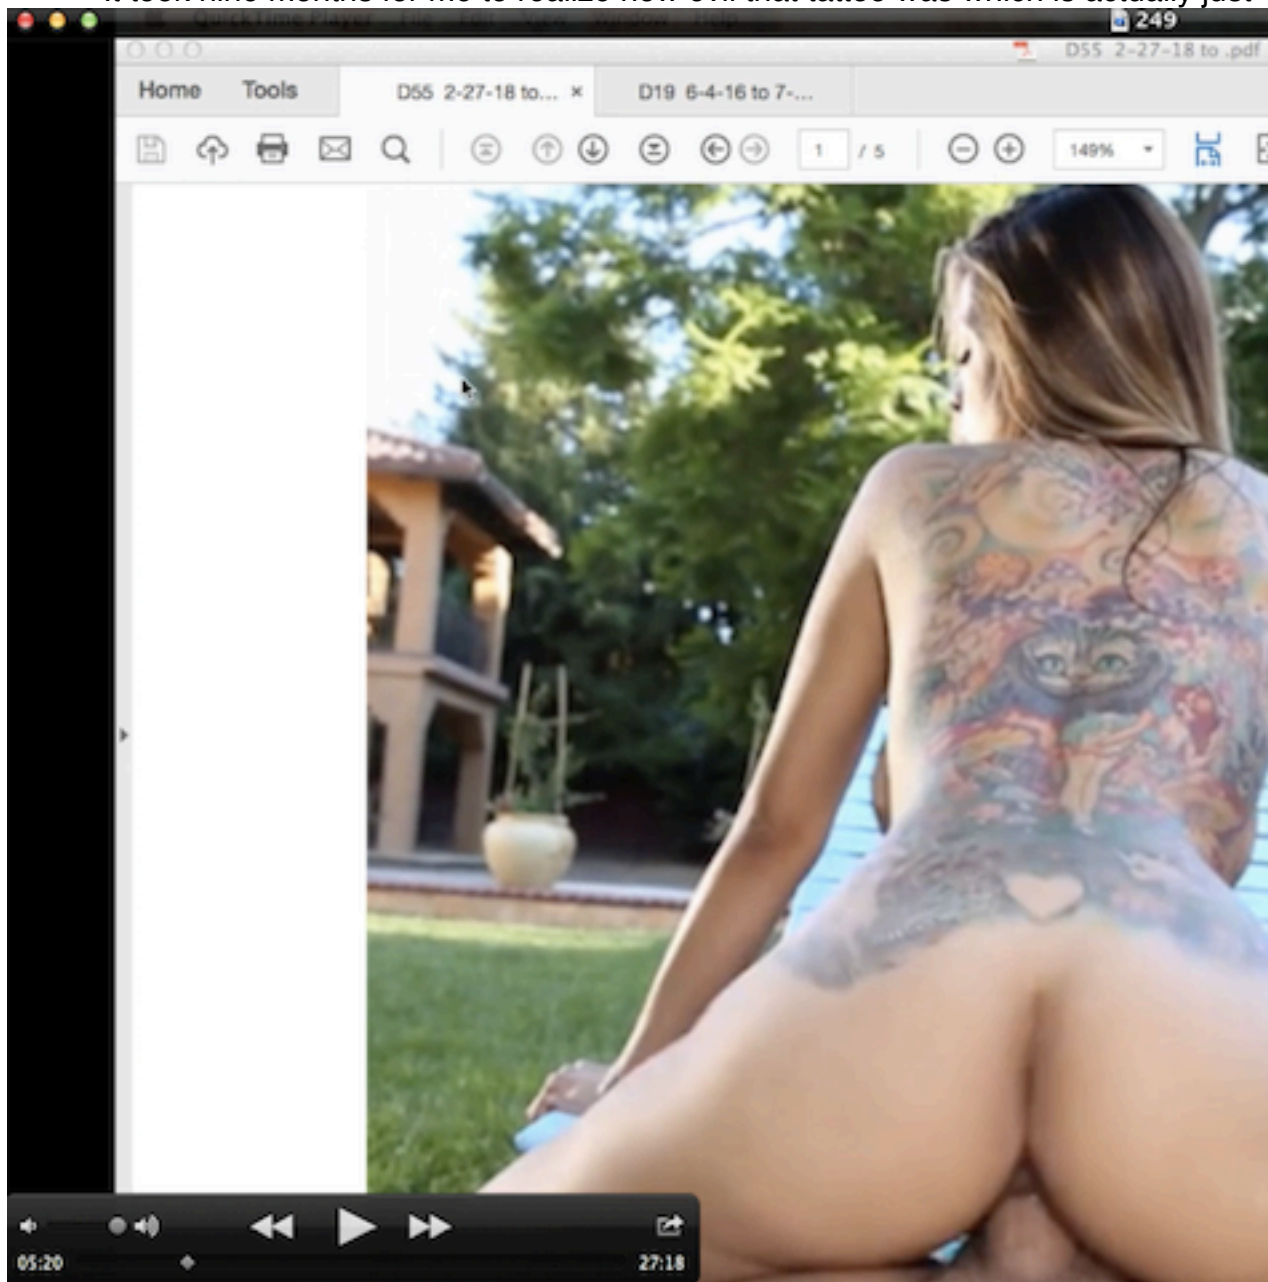

at 31 years old, (and August Ames at only 23). That is similar to the price that the FBI and porn is going to pay for mocking my every effort to rescue the sexiness of sex. You are begging for a gross and long-lasting video age curse as paybacks for your hideous ingratitude and vicious slander and lies.

That's like135TNZ as a sign of how viciously they were mocking our marriage today at 4:20 PM when I also saw STD113 as a sign of paybacks for mocking me trying to rescue this magic of sex would be^ "sexually transmitted diseases for demons" which was a confirmation of a gross and long-lasting video age curse as paybacks for your

hideous ingratitude and vicious slander and lies. I've been wanting to say something about this ever since I was shocked at the hideous ingratitude and evil of the FBI through the tattoo they made Yuri get. I got a sign on 11-8 that Yuri was shocked to when the car Cry921 left with a LsL at 2:17 PM as a sign it was a low blow to trade a "maximum true^Romance^" rescue for "another^one bites the dust" as the back stabbing treachery of the FBI who got her to get that tattoo and then killed her as their way of "thanking" her.

It took nine months for me to realize how evil that tattoo was which is actually just

not comprehending how damn evil women and the FBI can be, (this is from class^249 at 5^min). = A siren at 1108 AM ^on^11-8^ is another sign in my defense of not comprehending this "hideously evil reverse info" from the FBI, (Helen you idiot). It's also another confirmation that the incomprehensibly evil FBI is actually "Helen you idiot",

(representing all women). = DDD at 11:18 and 1119 AM on 11-8 is another sign in my defense that I was offering a Big Dipper, =rq1119^AM confirms it and that it was sabotaged by 118. It's also very poetic that I found this out on 11-8 as a sign of even being on time due to being a victim the incomprehensibly evil FBI, (Helen you idiot). It looks like Yuri it was also a victim of it when I saw the car Cry921 LsL and leave at 2:17 PM as a sign that she traded max true romance for a "another one bites the dust" ^OJ^.

This hideous evil and backstabbing treachery is exactly how they have been

punishing me for coming to the rescue of women with the beauty queen series by

deleting my videos at ^Vimeo^ and Xvideos. Damn are you ever begging to get your sick logic shoved down your ungrateful throats. =rq5432 PM on 12-12 and my 24th wedding anniversary counts good in my favor and ^not^in^yours.

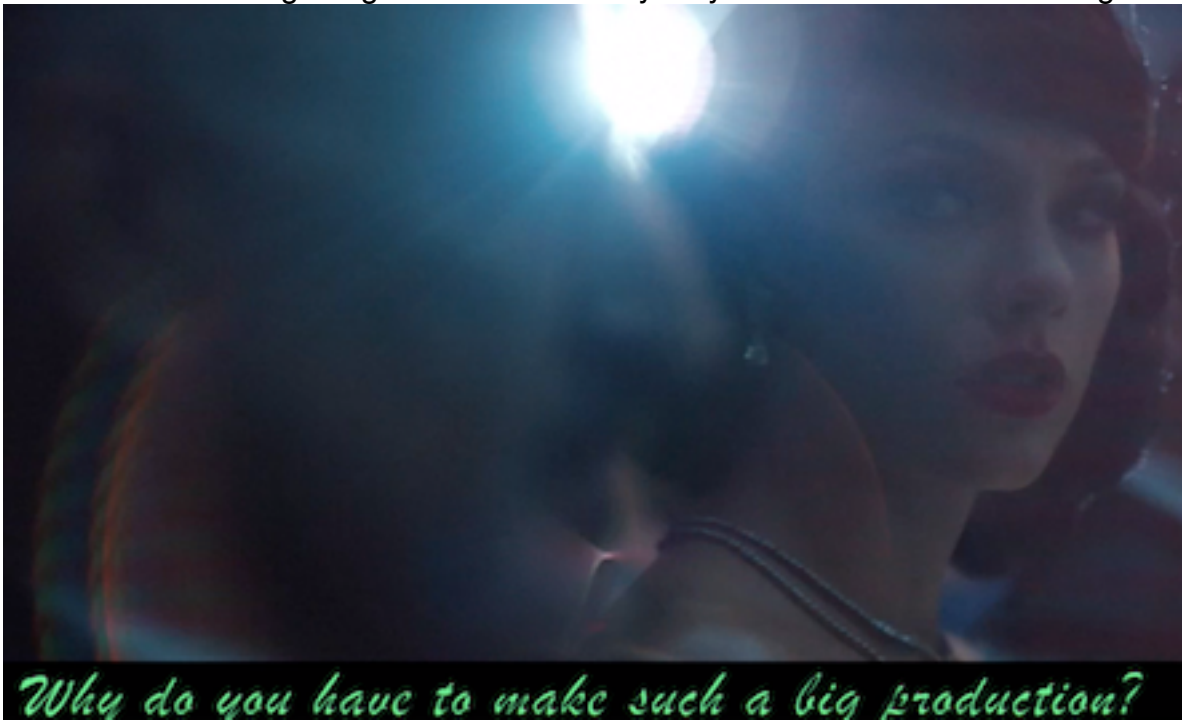

**On 12-12-18 I switched the
NewMac12-18 from Sierra to Mojave, I'm**

**still taking it back but giving it every
chance to fly before I do.**

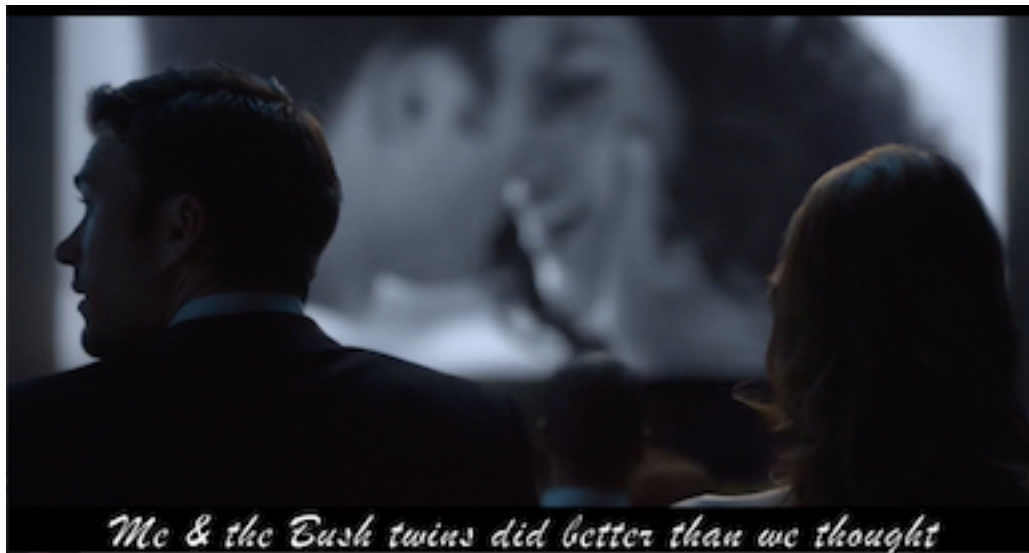

12-13-18 & 12-12 = happy 24th anniversary

When I was quoting “how angry^God was that^you would^think she^was that^stupid”, (when they made me forget I had sex with Rachel Tanner in Valdez), I got rw2:42 AM that obviously applied to how much the FBI and the church tried to talk me out of being married to God yesterday for our 24th anniversary as if they could even convince God of their hideously evil atheist lies. When I was quoting the end of class 175E saying “there was a snowball’s chance in hell that she, (a Guatemala girl), would come through to marry me” I got rw12:25 AM on 12-10 when hugging honey as a sign of how much, (I was^carried), we^overcame^those^odds, (as our 24th anniversary present on 12-12).

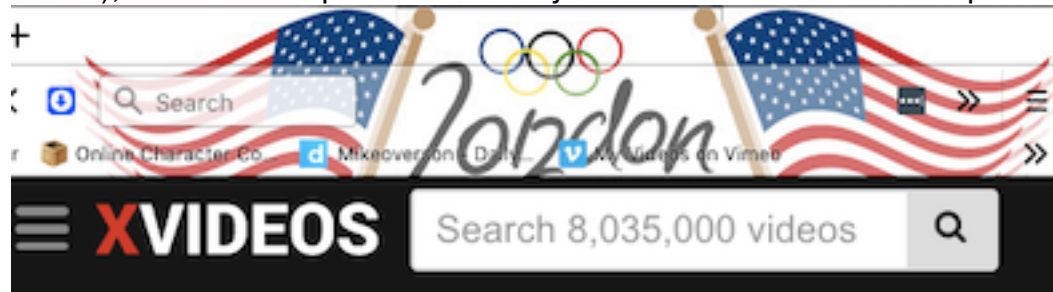

That might be like when my coffee boiled at 152 & 153 AM on 12-13 when I said “it couldn’t be because they were mocking me as “you’re so vain” and their hideous ingratitude”. I was referring to an article about why “American soup” went out of business after their big budget commercial “why do you have to make such a big

production of things?”. (I got a sign saying people got the^connection^to^this^caption to Wildest Dreams in class 263, and on the next page.) That article never mentioned the obvious of how they mocked me as “you’re so vain” at the start and at the end of that commercial as their way of “thanking” God for blessing them with such a good show which might explain why they were not blessed with soup sales after that and why they went out of business, (CB = 152 AM was a sign to AOL this info). CB 1129 = 157 and 1:58 AM seemed like an “ERA OJ” on their “corruption” to mock me^as^you’re^so^vain and then to go out of business.

Because Pornhub and the FBI are being the damn devil in not allowing me to post classes 265 and ^263 next to the Dubai video like on page 6, (at Xvideos and at Vimeo), I decided to upload them to my new Xvideos account. Except when I saw this

^835 sign^ by the London^Olympics and the^USA flags it was a sign to also re-upload classes 271 and 272. Here's the title of my new playlist:

My videos they don't allow or make skip at Por-hub. (They don't allow the word Pornhub at Xvideos just like they don't allow the word Xvideos at Pornhub.) The older version of class 272 at Pornhub is this 175e, (that I watched at brunch below).

I had to quit watching^this^at^35:5^ because I'm too disabled and wore out from all the harassment but it seemed to contradict these two ads as a sign of "damn that was a mean (355) sucker play" on the FBI, (Helen you idiot), to wear me out so bad that I have to go to heaven early. It's like an example of the word "grind" in the dictionary was "poverty ground her spirit down" as a sign of being queen of the grind to me is going to ^excuse^me^to^go^to^heaven.^ I think the 355 applies to when it soaks it in just how how much help they threw away. Ds= hell to pay = confirms it, [=rw648 AM does to]. = A

siren at 6:21 AM on 12-13 is a couple more signs of throwing away the awesome offers of sex to rescue the Spirit of Christmas like in the title of this class 271:

271^is Christmas sex for the holidays @ 58 min, Christmas is (the song) More Than a Feeling @ 32 w/stories about Boston and liberty from 35 to 57, (continued in class 272 next). From 1 to 30 min is porn after 2002 w/ATMs, swallows, etc.

227= the FBI deleted this apocalypse message 4x at Por-hub and 2x at Xvideos. It has 3 Taylor Swift PMVs.

261 is the USA gets an A for the Vietnam War and this explains the next 3 videos, (@ 34 min is a Taylor Swift bad blood OJ). An apocalypse summary is at 38 min.

273 =the FBI talked August Ames & Yuri Beltran into being suicide girls vs playing Holy Spirit & Abba, (God). It shows the black girl I picked to be Abba & there's 50 min of her in the next video 238, (Ames & Yuri are @ the end of 238).

238 is 50 min of the black webCam girl I picked to be Abba, (God), as an intro to dancing PMVs. It's continued from video 273 where the FBI talked August Ames & Yuri Beltran into being suicide girls instead of playing the Holy Spirit & Abba.

270=The Beauty Queen hot roll was damaged by women's horns showing as Vimeo & YouTube deleting my videos. This shows the lemonade of casual sex from lemon of love 86ed in marriage in class L94 w/prophetic parallels to Noah {& me} in Fantasia 2000.

252 @ 38 is MORE PROOF the USA got an A in Vietnam as a sexy girl award. from 1 to 38 is mostly FBI harassment and how much they hate this class.

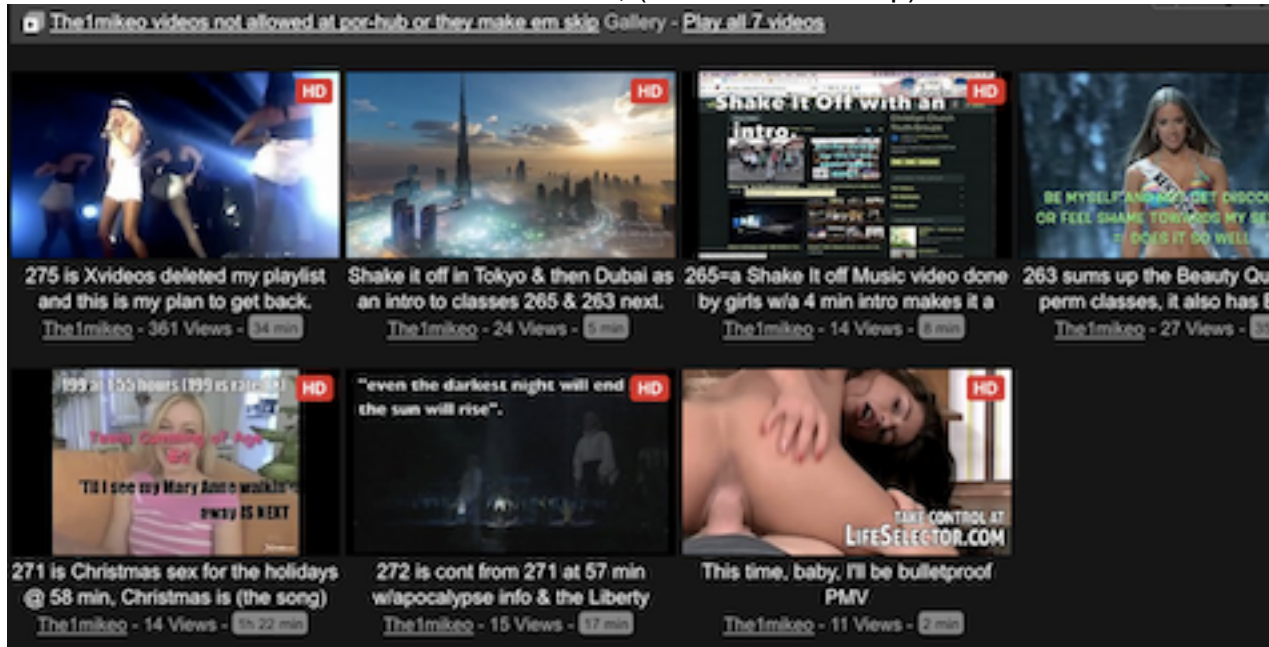

Harley Quinn PMV of Herb Albert happy days music

272 is cont from 271 at 57 min w/apocalypse info & the Liberty Tree//a Christmas tree & a leyes gone tree that traps the devil as the FBI's murder attempt on me. 666 Christian ENVY deleted this 272 & 271 here & at Por-hub in 275.

265=a Shake It off Music video done by girls w/a 4 min intro makes it a convincing song. Guys will have to wait till these girls come of age and if the girls play their cards right they could get (a lot of) extra sex out of the deal.

These are some of the 14^v videos I uploaded to Xvideos on 12-13 and here's the title of my playlist at Xvideos:

The1Mikeo videos NOT allowed at Por-hub, (or make them skip).

I deliberately uploaded enough to where Xvideos would NOT get credits for this

ship sinking, (providing they don't delete my account again). [Uh^Oh^on^pg^121.]

12-14-18 3.7 hrs hours of sleep but it felt like 4, thank you Abba. CB = 209:3 AM when the VC rooster crowed is like God boiling mad at what a sore loser^Brandy^ was when Holy honey changed from black to white on 2-9-03 because I got a real bad black magic cold from her on 2-9-04 to rain on the parade of my best day at the beach

so far on 2-8. I got an even worse black magic cold from her on 5-27-04 that caused me to gain 16 pounds and ended me going to the beach for nearly 2 years.

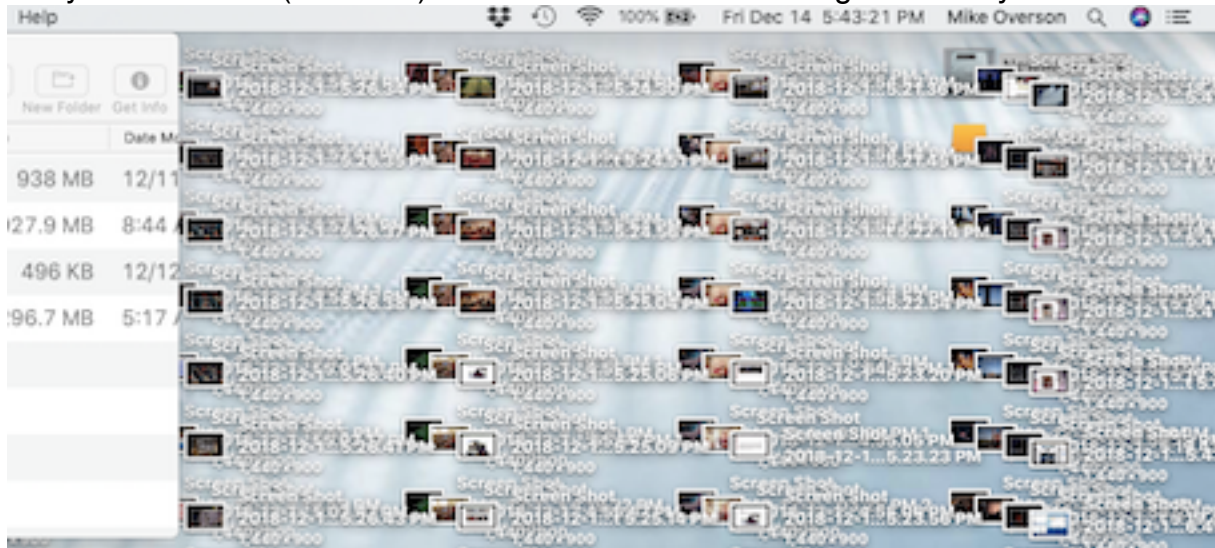

That's kind of like CB 1129 = 212 AM on 12-14 as God boiling mad at the black magic harassment of Abraham^Lincoln^and George^Washington, (=rq2:41 AM implies John Adams to). It's a double sign because I just got up to 212 pounds today which was just like when I got to 210 pounds a few days ago and said "can I please go to heaven now" because I'm too disabled to fight a black magic curse causing me to gain weight. It took over four tries in the last 11 months to finally get a diet that the FBI did not ruin, (when I warned them "you better not ruin this one!"), that finally stopped the weight gain at 222# and I saw it go as low as 205# but in the last two weeks it started going up again. To get CB 1129 = 212 AM on 12-14 when I'm at 212 pounds and with Abba sounds like I'm^going to^get^a^big^506MYJ^as paybacks.

That sounds^like my early^exit with rq3:48 AM when I started hon time with Abba and again at 552 AM as a sign of a checkmate^on the 935 USA. =rq619 and 6:20 AM is another confirmation and really good (OJ) signs for my early exit.

However I got a sign at 3:48 & 351 PM to 54321 PM that people were "blown

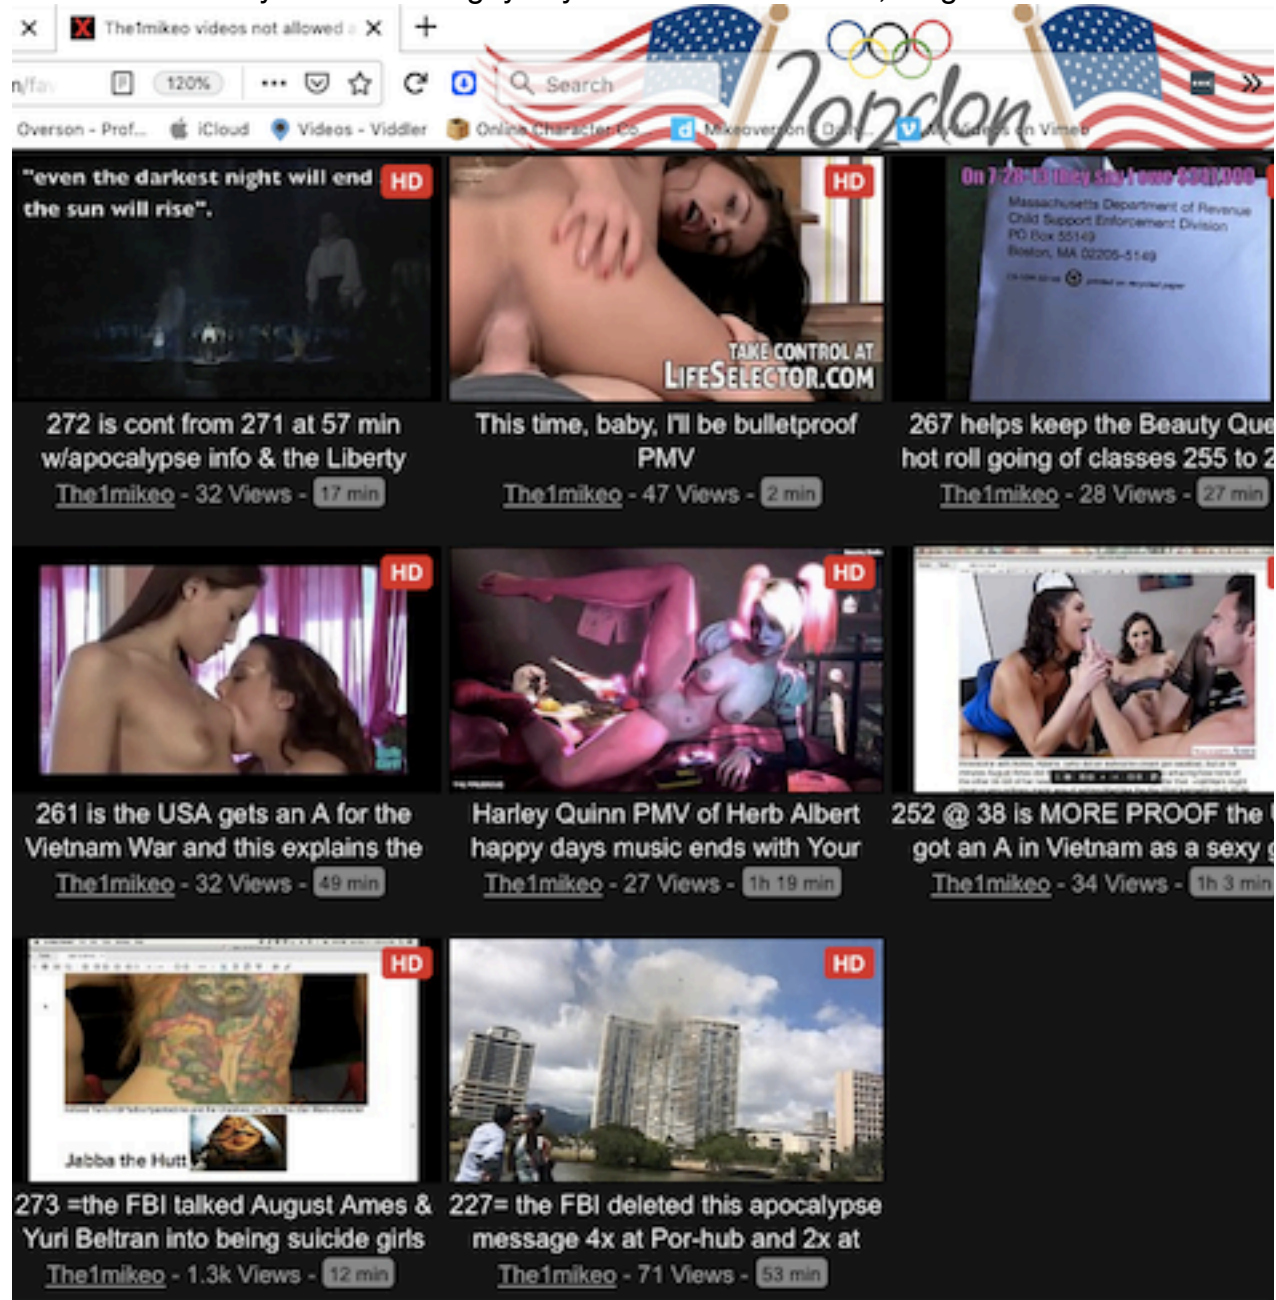

away that we won" (on 12-14) from when I^started watching the^Harley Quinn^PMV to

when I finished^watching the signs that we got an "A" in Vietnam in the next class 252. =rw1141 PM is another sign of being blown away that The Firm or "the powers that be" ^could^be^defeated by the simple room and board plan of welfare and Social Security.

I was smiling watching most of the Harley Quinn PMV because it was the first time out of 7 uploads that Xvideos didn't ruin the stereo and it ends with the song "I've had the time of my life" where a guy says "this is international, mega radio smasher" as

it applied to Herb Albert happy^days music and this international AOL of when I got my playlist back at Xvideos. Ds = FedEx videos= I think is another sign of the public and FedEx is FedUp at illegal FBI power plays and again that they were "blown away at this we won playlist and AOL today".

we won playlist and AOL today".

we won playlist and AOL today". [=c// This is the way the world ends 3x in The Stand.]

^This^was^another^confirmation and so was rw12:14 AM (on 12-15) when I was reading "this is international, mega radio smasher", (over London^and USA flags^).

12-15-18 7 hrs hours of sleep thank you very much Abba.

CB = 539 and 5:40 AM and with CB 1129 at 543 and 544 AM it got to me to repeat this from page^13, (=rq549= EZ^to^not^mock^). The Harley Quinn PMV ends with the song "I've had the time of my life" & "this is international, mega radio smasher"

as it applied to Herb Albert happy^days music and this international AOL of when I got my playlist back at Xvideos. Ds = FedEx videos= I think is another sign of the public and FedEx is FedUp at illegal FBI power plays and again that they were "blown away at this we won playlist and AOL today".

we won playlist and AOL today". [when TextEdit does a triple repeat sometimes I leave it we won playlist and AOL today". if it looks like an end times sign like in The Stand.]

= Bus 916/19 Ls @ 601 & rw602 AM might be a sign that the military is mocking me as bad as California and the 935 USA is at 348am/pm & 619am in this from pg 12:

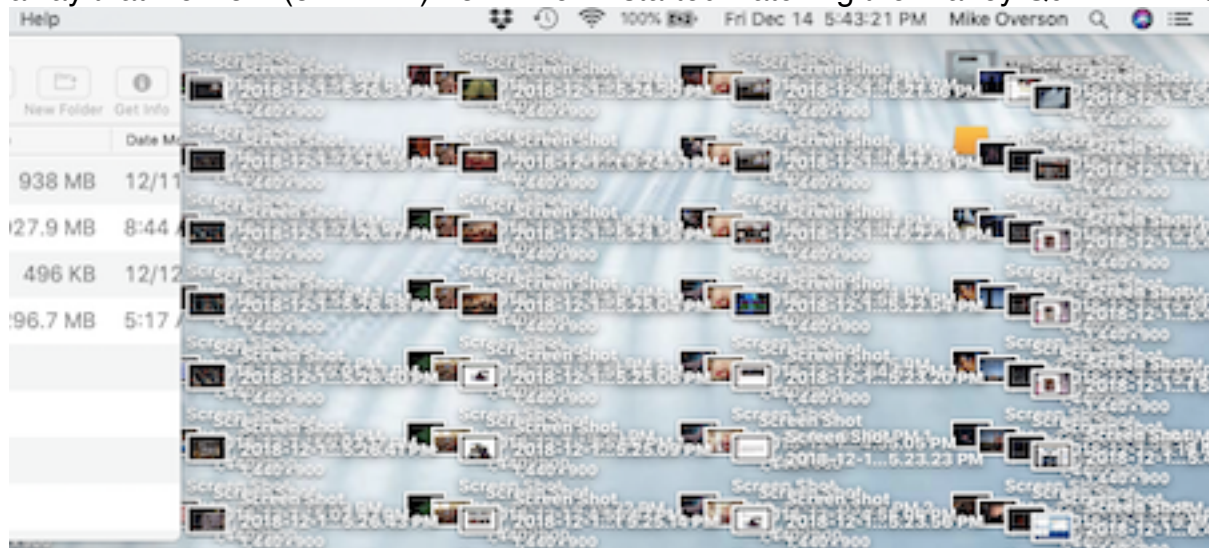

...To get CB 1129 = 212 AM on 12-14 when I'm at 212 pounds and with Abba sounds like I'm going to get a big 506MYJ as paybacks.

That sounds like my early exit with rq3:48 AM when I started hon time with Abba and again at 552 AM as a sign of a checkmate on the 935 USA. =rq619 and 6:20 AM is another confirmation and really good (OJ) signs for my early exit.

However I got a sign at 3:48 & 351 PM to 54321 PM that people were "blown

away that we won" (on 12-14) from when I started watching the Harley Quinn PMV to

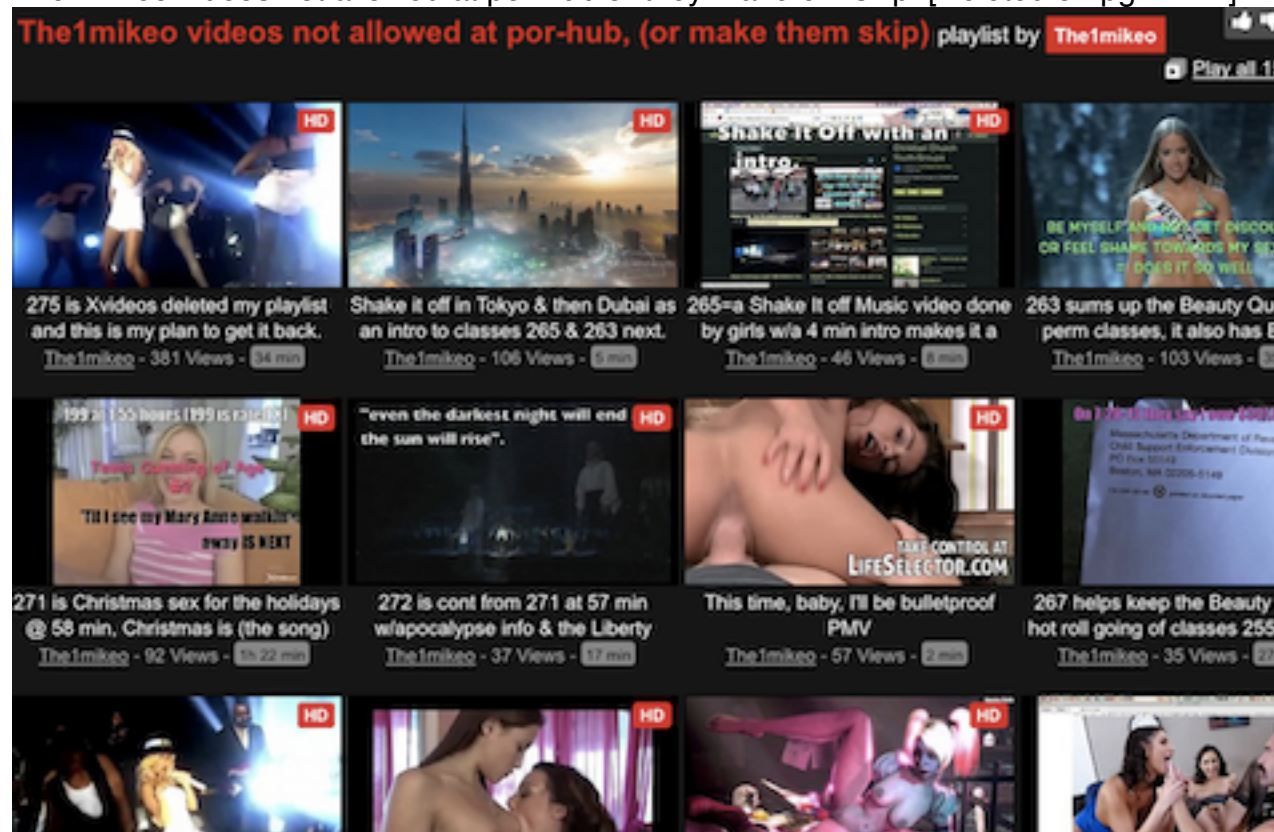

when I finished watching the signs that we got an "A" in Vietnam in the next class 252.
when I finished watching the signs that we got an "A" in Vietnam in the next class 252.
when I finished watching the signs that we got an "A" in Vietnam in the next class 252.

A triple slip of my text edit is like on the previous two pages as an end times sign confirmation except this one explains why the FBI has blocked this class 252 all 14 sign confirmation except this one explains why the FBI has blocked this class 252 all 14 sign confirmation except this one explains why the FBI has blocked this class 252 all 14 {=rw624am when I did it again to} explain why the FBI has blocked this class 252 all 14 times that I uploaded it to Pornhub". [= a Cyrin siren at 6:31 AM I think is a sign of how "stupid" the FBI, (Helen you idiot), is in thinking they can defeat God by simply deleting any info that proves how wrong they are.] The FBI, (Helen you idiot), hates and mocks

class 252 just like they mocked me doing an AOL of it yesterday especially because that's where I got 54321 PM after watching the three Harley Quinn scenes that were divine sign re-creations and confirmations of the stories I heard from two Vietnam vets.

That's why next in class 252 I play the song Green Berets where he sings "men who mean just what they say, the brave men of the Green Beret". The FBI hates those Harley Quinn scenes because they hate finding out that Harley Quinn represents Vietnam vets, that's why the FBI has blocked all 14 uploads of class 252. The proof of that hatred is in the video at the start of the Harley Quinn PMV that I say re-created a scene in the Vietnam tunnels because that video was very vicious at mocking two military guys as villains and Harley Quinn as a "hero" that kills them both and is "justified" to shoot his dick before she kills the second guy, (squirm you damn liars).

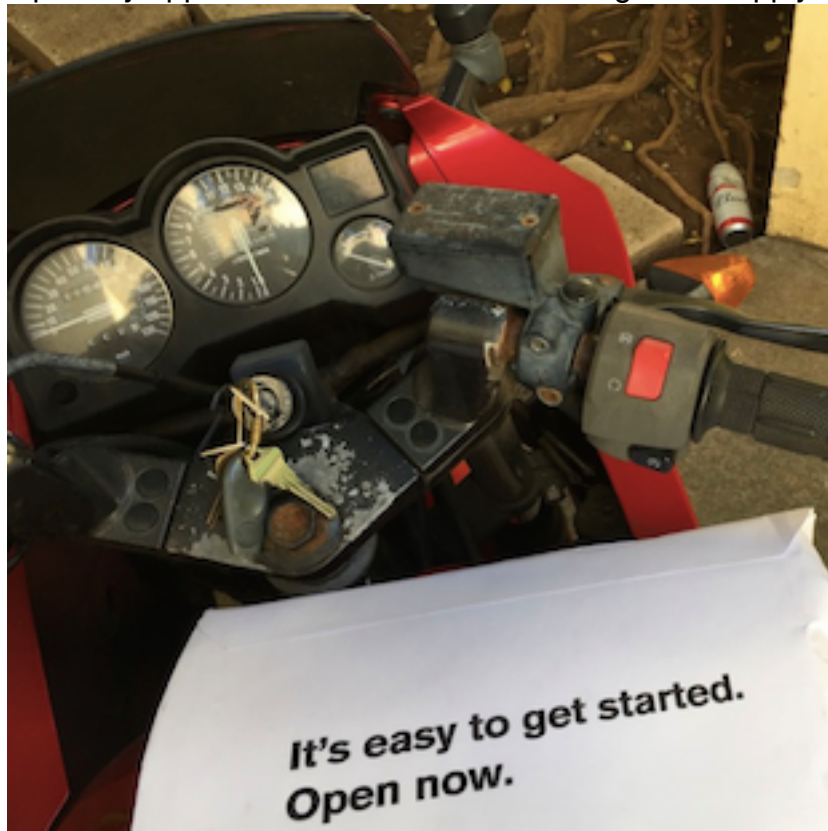

At 6:40 AM (on 12-15) I realized that 3:48 AM and PM on 12-14 was a sign of the public going along with the media, the FBI and Helen to mock the victory of this playlist: The1mikeo videos not allowed at por-hub or they make em skip. [Deleted on pg^121^.]

6:40 AM might go with when I said "that was for nothing, now do something that makes me mad and see what happens" and got rw604pm on 12-14.=rw647am on 12-15 is a sign of Christians that kill their own Christian brothers because many times I got signs that the church is just as bad at taking women's side against God and country as Alaska did AND still is after 26 years a proof of how wrong they were to do that. It also confirms rw604pm (and 6:40 AM) was a sign that God can send the 935 USA a lot more persuasion to get them to finally admit that they made a mistake.

One example of that is Oprah in the movie "the color purple" as a sign of macho people, (especially women), who are going to dictate the way life works and then they get an extremely big correction that humbles them very much. =rq657 AM implies that

especially applies to women in Hawaii. It might also apply to the FBI who left this

Budweiser can by my motorcycle today on 12-15 just like on 12-2-18 when they deleted my Xvideos account. I think both times it was referring to the credits for the Estline

sinking. On 12-13 at this picture I said I deliberately uploaded enough videos to where Xvideos would not get credits for this ship sinking, (providing they don't delete my account again). Since I just uploaded another 12 videos today on 12-15 to make it a total of 27 videos this Budweiser by my motorcycle seemed like feedback from the FBI.

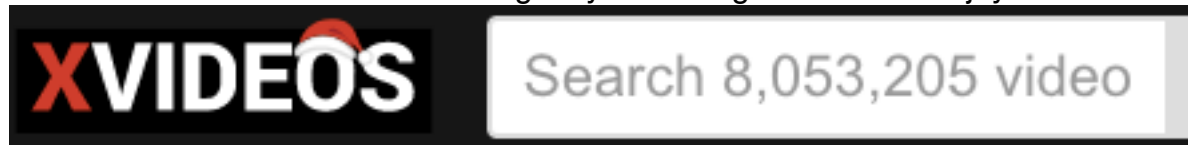

I saw TCB527 when listening to Whitney Houston sing "I will always love you" and saw TGz537. I only mention it because I just finished a video at the Marco Polo where I said the limo 537TNF that is usually there this time was at a Waikiki Beach when I was listening to "please celebrate me home". Since Hawaii knew I would be moving to Hawaii for decades before I actually did it was a sign of 537 alive work to give

me a first class limo welcome to Hawaii and instead they got a 537ToNF which turned

into “what a price to pay at that Marco Polo fire”, (=^rq839^&^840PM). People think it's so cool to do the wrong thing until they see the tremendous price they have to pay for it. Not to mention the extreme difference that could've happen if they would've went the right way. The titles to these videos that I uploaded is a coincidence confirmation:

256 is an intro to the Beauty Queen PMV so you will not fall into the sucker play trap of being a hypocrite by judging Melissa King and Kristy Althaus. I think it's because God wanted to rescue sex from being dirty to making it clean and enjoyable. =

=rw307 PM = That was like the ^853^ sign I got from hons for rescuing the porn of Melissa King and Kristy Althaus from shame to being sexy and good.

The Beauty Queen PMV. It's better if you watch the intro to it at my PMV playlist so you will not fall into the sucker play trap of being a hypocrite by judging Melissa King and Kristy Althaus. Because these 2 ladies got amazing mercy to cover for them.

255 is Look What You Made Me Do PMV (Taylor Swift) with an intro as it applied to a wrath of God warning to California, (PDF). It accidentally included 10 pages of my diary that started the Beauty Queen PMV series of classes (most of) 255 to 275.

This is Enoa^bus #186 and when I drove by it the song was playing “like a bridge over troubled water I will lay me down” so I did this video about the 186 missions that

Maj Robert A Lodge flew over Vietnam before he was shot down on 5-10 as more than

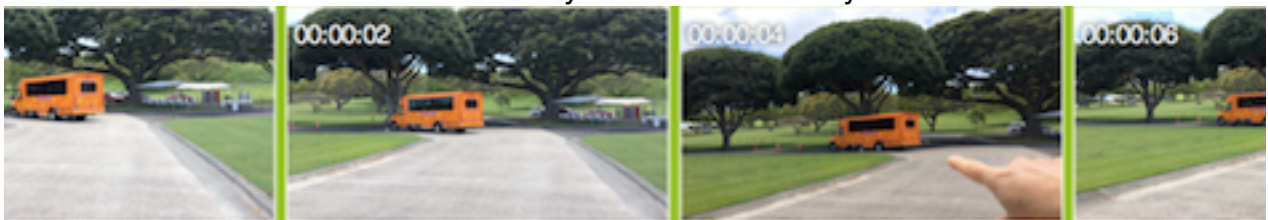

a few signs that he was a paver for my safety. =rq905 PM was a sign to continue this AOL that I hadn't planned on. I put in the picture of Enoa bus #186 just to say it reminded me of the limo I saw near the Marco Polo with SS242 that referred to it as one of the two "S" buildings in Waikiki and the 242 limo referred to my safety due to being married to God.

In this video at Punchbowl I pointed to Maj^Robert A Lodge's^memorial in that building just like I did in this story from D51, (and it's in class 245 at 33 minutes).

I made a video of Enoa^tour bus #186 while we were waiting at a stoplight and two more at the National Memorial Cemetery of the Pacific today and when I labeled the

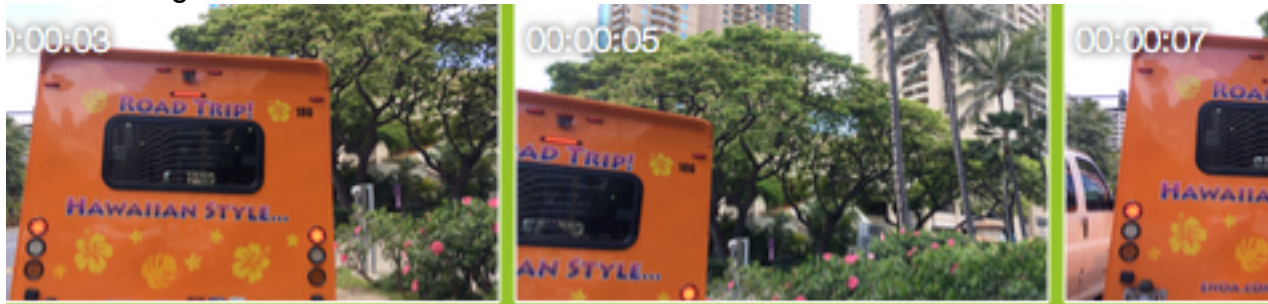

folder I put these videos in I got the 258 alarm that I think counts as 1139 or "gotcha".

Because that was a mega evil conspiracy between the women, vets and putting the flags up at punchbowl only on Pearl Harbor day 12-7-14 and not when I was there the day before or the day after and when I realized how evil that was and I saw this Enoa tour bus #186 I stopped and did a video on-the-fly at this same spot and pointed to the number 186 on that van and then pointed to where Major Robert A Lodge is at Punchbowl and said this was a blatant sign of heaven taking my side against the vets. Because that conspiracy involved the streets being closed to the beach on 12-6-14 for a parade of Santa hat Harleys and when there were no flags at Punchbowl that day or when I went back on 12-8 I realized that most of those Harleys were vets taking women side against God and country and that's why they went through so much trouble to make sure there were only flags on Pearl Harbor day when usually they fly them at least

a week before and after any patriotic holiday. This^ flag is covered now^when they used to let the flags be seen.

This is the video I did at the stoplight at the Hilton Hawaiian Village. FedEx sent me two updates for the next delivery date and I found it with this from YouTube in the archive mail and not in the regular mail.

The number 186 on this bus didn't come in very good in the other pictures so I thought I'd put in one more. These last four pages (on 4-24-17) where I've been harassed from the FBI through vets, YouTube and FedEx is a lot like the stories in this

whole diary D37 and in a lot of others. It seems like all of this is adding up to digging a very deep hole but I'm too tired to think about it right now. That also applies on 12-8-17 but I wanted to tell that nine months after I made the labels that improved classes 186a

and 186b I finally noticed my dictation wrote ^Richard gear^ instead of Gere. I was also

amazed at how much those labels made that a magic class. There were a lot of gaps that needed to be filled in and those labels did the trick.

When I saw these explosion mac screens from my OS X Sierra I thought it might be a sign of being blown away at me switching back to my Maverick as a loud and clear sign of "if it ain't broke don't fix it". It's like these two people complaining about the Ant downloader not working on the new Firefox. There's an answer to why Firefox would be

November 15, 2017 00:11

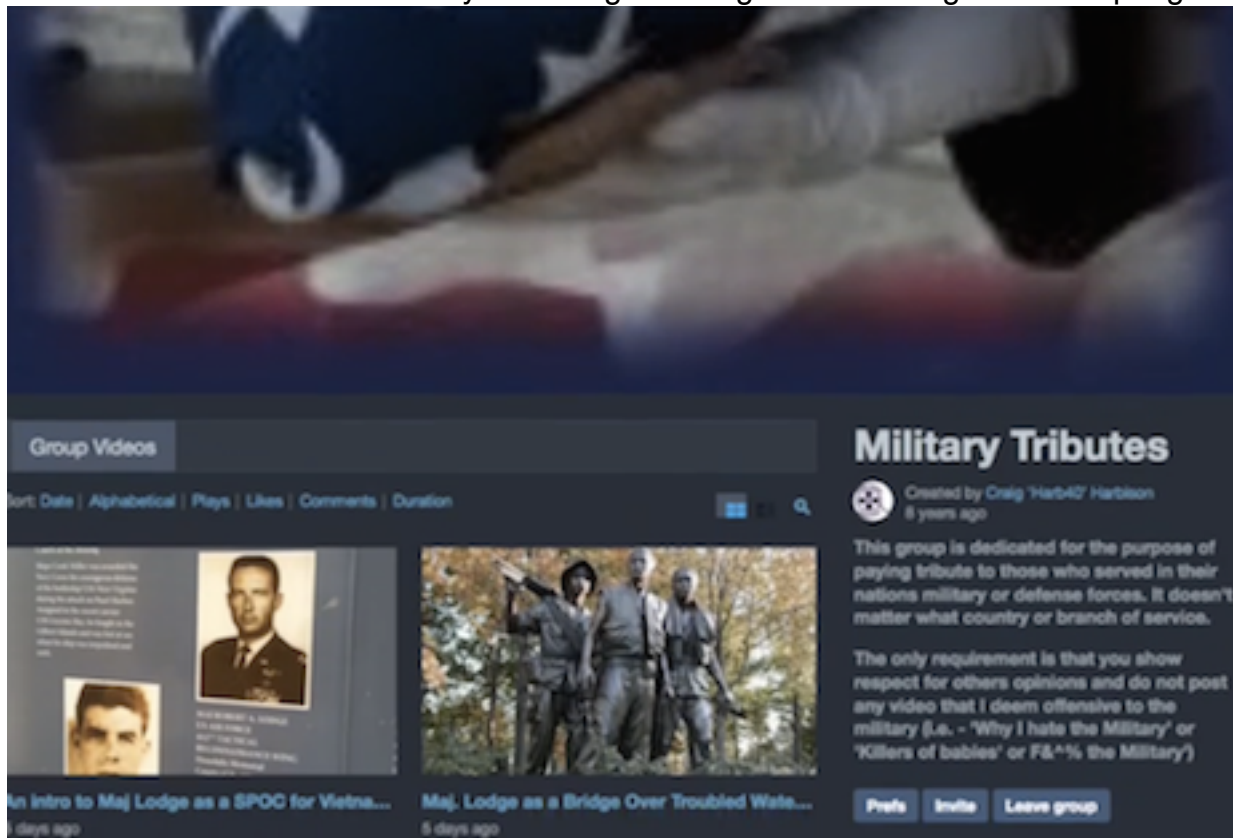

Ok guys I will wait for a while... before uninstall FF57. What's the use of FF without AVD? lol

^what's the use of Firefox if I can't download videos anymore?

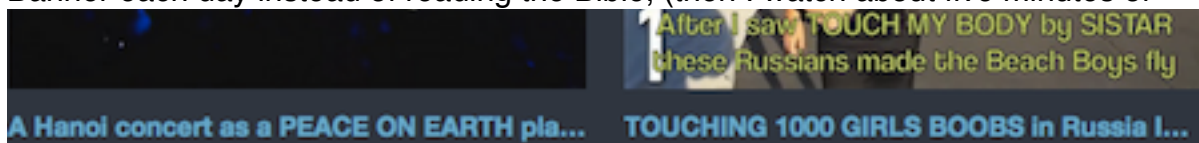

I left this in on 12-15-18 to show it's been over a year and they still have not changed the downloader back to how good it was before. The main loss was not being able to download from YouTube anymore which makes it look like they were very big behind that change in the Ant downloader. Here's more from last year:

Please love you tons for Pearl Harbor day 12-7-17 = rw316am. That might refer to

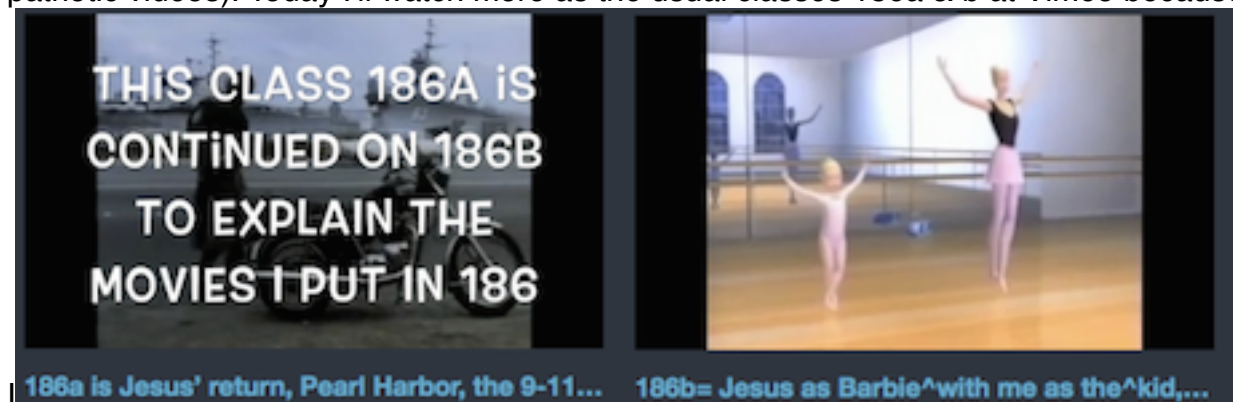

the Pearl Harbor wall where I say the Pledge of Allegiance and sing the Star-Spangled

Banner each day instead of reading the Bible, (then I watch about five minutes of

patriotic videos). Today I'll watch more as the usual classes 186a & b at Vimeo because

I re-created 12-7-41 by putting scenes of the movies Tora, Tora, Tora and Pearl Harbor with a video that I filmed at Pearl Harbor, (it's almost like a back in Time Machine).

12-8-16 had pictures of how well Pearl Harbor Day was celebrated as a very big

contrast to how evil they were on 12-7-17

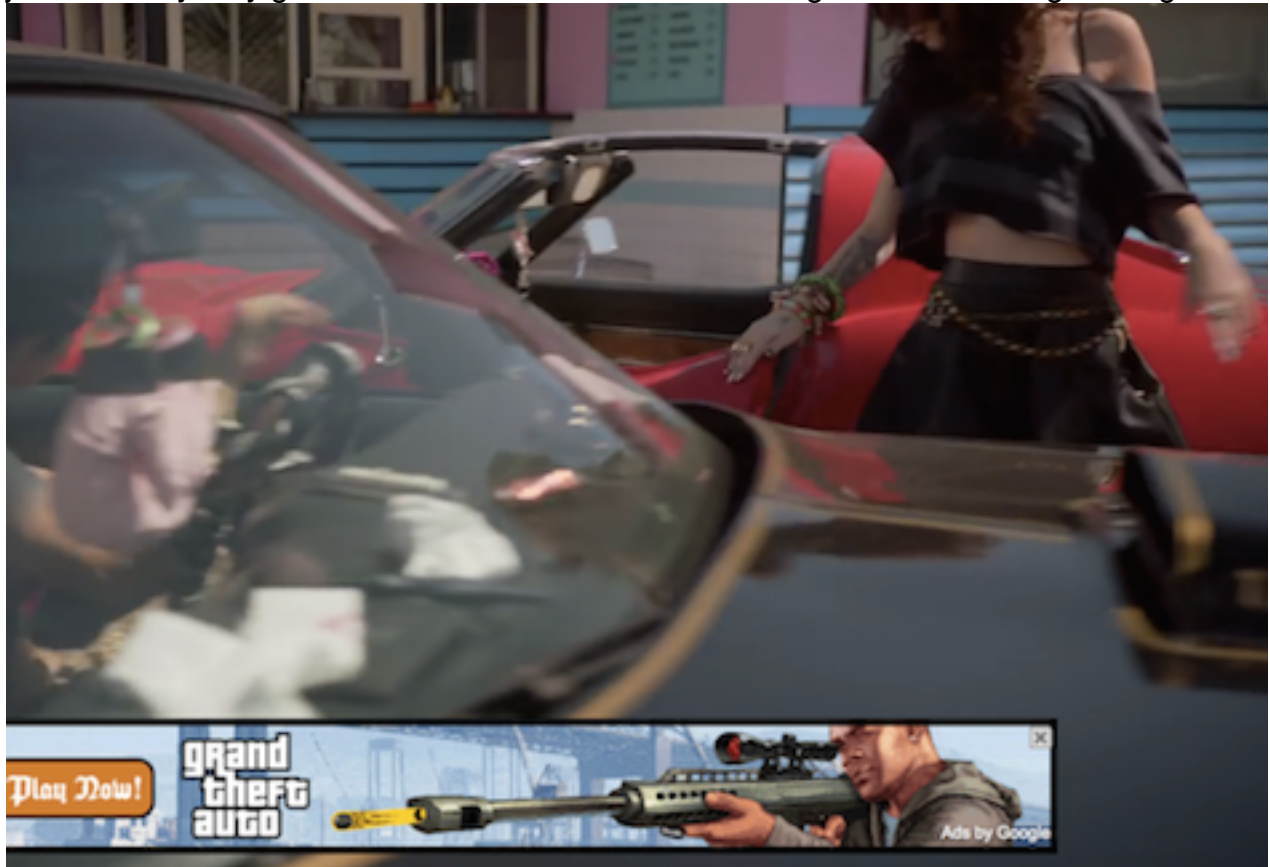

when they had no flags out at all. The main point of what follows is how bad Playboy, (and the Harley vets), are mocking class L127j. Except after how much L127j was confirmed and improved in classes 271 and 272 I think the critics are going to get EXposed way beyond expression.

[Even worse than deleting my playlists at YouTube and Vimeo was when they took down the building at Punchbowl that showed all the medal of honor winners and then didn't replace it.]

9-18-16 (5.1 hours of sleep) I saw that I finished^it at 447 AM and missed 444. CB = 4-59, 500 a.m. When I was repeating "Cher Lloyd, (as the vets), got arrested for

calling me married to God a “A pair of clowns clowns clowns”. It confirms that was no joke and why they got arrested. Plus that was an amazing coincidence to get this grand

theft^auto^ad^especially^with^a^bullet^leaving the barrel, (at this red vet in^Want^U Back). Because they have a picture of firing the big guns on the USS Missouri and you can see the shell leaving the barrel, (they weigh as much as a Volkswagen bug). =

= A siren at 5:13, 514am confirms this line in the movie Cape Fear (as CF or see F) after DeNiro poisoned the dog and Nick Nolte's wife (as me) said “he died before the vet could get here”. That was a big sign on Memorial Day 5-27-96 after I just went on welfare on 5-13-96 which also means I've been on welfare for over 20 years and confirms the vets got arrested for calling me married to God a “A pair of clowns clowns clowns” in the song “I want you back”. I just realized why I got rq515, 516am when I was writing “DeNiro's license plate is 527 on a red mustang like Cher Lloyd's in Oath”. It referred to when my family let me get evicted to IHS. I think the FBI had an ad for Maxwell House coffee at these lyrics to Oath:

[Yo, my best friend, best friend til the very end](#)

[Cause best friends, best friends don't have to pretend](#)

[You need a hand, and I'm right there right beside you](#)

[You in the dark, i'll be the bright light to guide you](#)

['Member the times, times, times sneaking out of the house](#) [poor Mark and Marty got caught sneaking out of the house early in the morning in eighth-grade]

[All of the times, times, times that you had the doubts](#)

[And don't forget all the trouble we got into](#)

[We got something you can't undo, do](#)

[I know I drive you crazy, mmm, sometimes](#)

[I know I called you lazy, and that's most times](#) [=rw527am on 9-18-16 again is no joke but a serious offense of selling out against God like the Vietnam^vets Charlie Hill and Morris Cunningham who own #918, (with Mercedes-Benz as black and Blue Techs as mind benz Jim Johnson after Obama got elected), as #918^as^“hit^sex^trying^to^kill^me”. However a white Vietnam vet gets credits for rescuing me from that murder attempt when they got me in their room by black magic at pump station one in 1984.]

[But you complete me, and that's no lie](#)

[You are my tuxedo, and I'm your bow tie](#) [That is exactly the opposite of slandering me with God as “A pair of clowns clowns clowns”.]

[We in the car, sing, sing, singing our song](#)

[Rocking the building, tear it down, like we king kong](#)

[And in my eyes, you can't do, do no wrong](#)

[You got the best friends sing, sing along](#)

[Laughing so damn hard](#)

[Crashed your dad's new car](#)

[All the scars we share](#)

[I Promise, I swear](#)

[Wherever you go, just always remember](#)

[That you got a home for now and forever](#)

[And if you get low, just call me whenever](#)

[This is my oath to you](#) [rw515, 516 referred to when my family didn't live up to this Oath and let me get evicted to IHS. =rq542am when I remember that's on Cher Lloyd's mustang in Oath as license plate AU321 because I got a siren at 3:21 PM when my social worker at IHS asked me about my family and it was a sign from God saying the family was 86ed and that has stuck for 20 years by October 2016.= 5:46 AM on 9-18 confirms it and how evil the hit sex was as #516 at rw515am.]

[Wherever you go, just always remember](#)

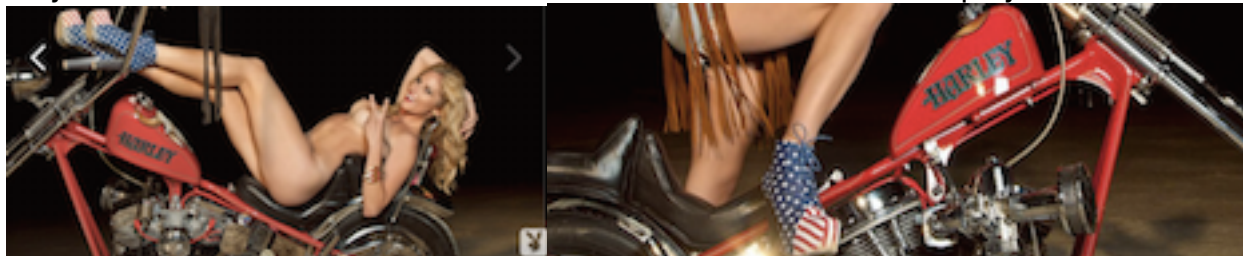

[You never alone, we're birds of a feather](#)

[And we'll never change, no matter the weather](#)

[This is my oath to you](#)

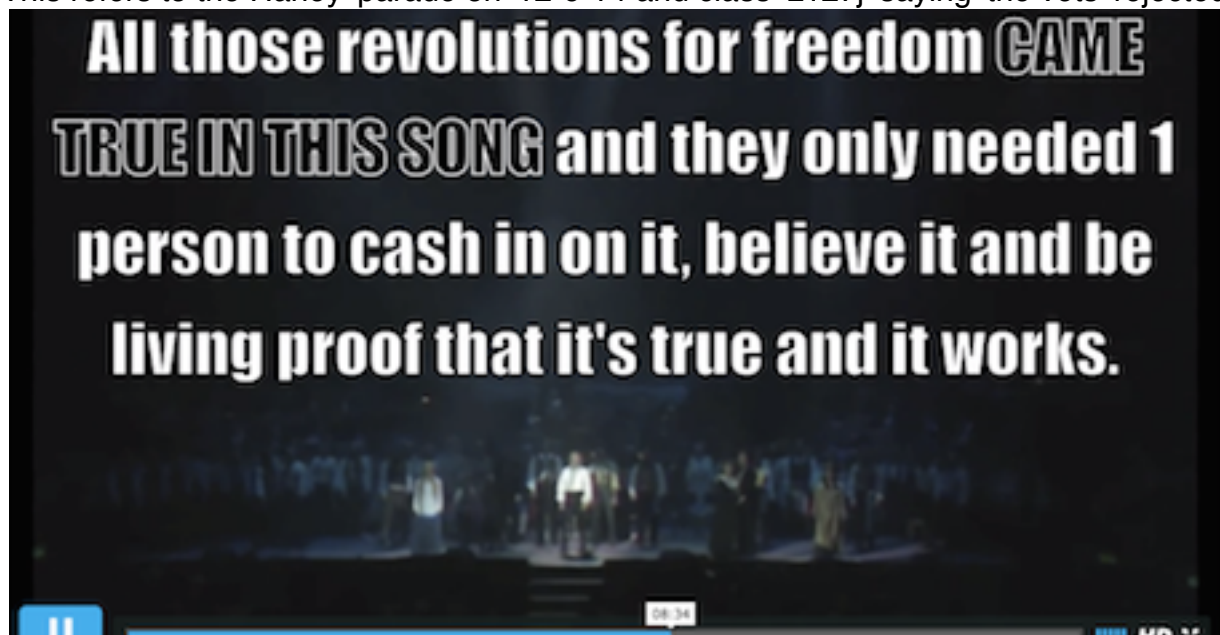

CB 1129 = 505, 506 a.m..

I've got to quit because I'm too tired. = ding 556am. Ds= bye-bye 6= I hope is a sign of my early exit and how generous my “bare^ necessities^kiss” was to relieve me of duty at the end of class L94 which is also the last video as #165 on playlist 4.

This refers to the Harley^parade on^12-6-14 and class^L127j^saying^the vets^rejected

this^blueprint for^standing^up for God^and are taking women's side with those USA

pumps at that Harley. I got rq702am to include it was at 8:34 in class L127j as a “let her cry” at the great break I got as my reward for standing up for God.

This red vette sore^loser^sign goes well with Hugh Hefner^in one of the^few Playboy photos of standing up for God and country. The sore loser vet means this was far outweighed by all the photos of selling out against God especially the ones on the previous page. =rq 725, 726 AM confirms a multitude of “glory gone” signs this morning as an OJ on fake patriots calling me a fake patriot and being atheist devils against God in favor of women. That's like in class 224 where I show me as Sean Connery in Outland saying “my men are shit” and then is a label saying “are you still laughing at how broke I am?”. Because that mega confirms this correction from the song Oath:

[But you complete me, and that's no lie](#)

[You are my tuxedo, and I'm your bow tie](#) That's the exact opposite of slandering me with God as “a^pair^of clowns^clowns^clowns” in “I want you back”, (both by Cher Lloyd).

= A siren at 733am refers to me being safe from murder attempts (as #733) and

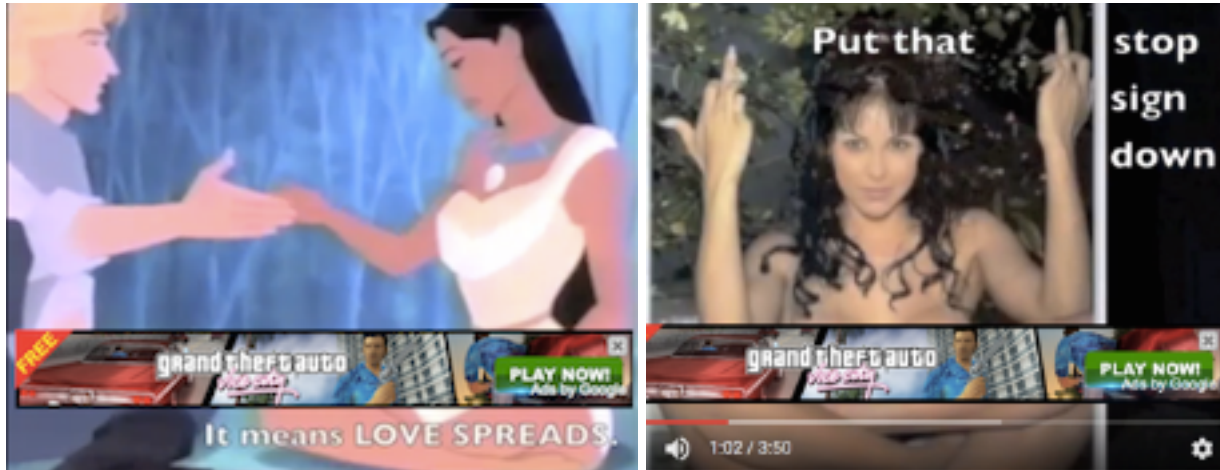

living on Social Security at \$733 a month. It's also a sign to enjoy my retirement because I'm getting too tired from writing all this. =rw736am is a sign that's too bad for sore losers on 9-18. Except I had to put in 2 pgs from^9-6 because it

confirms Want U Back

is San Diego as California.

Another "are you a Christian?" = "F- -k yeah" =rq556am on 9-2 was a sign of how much the church^ and Alaska mocks me^and of rw355am when I said "It's how we say

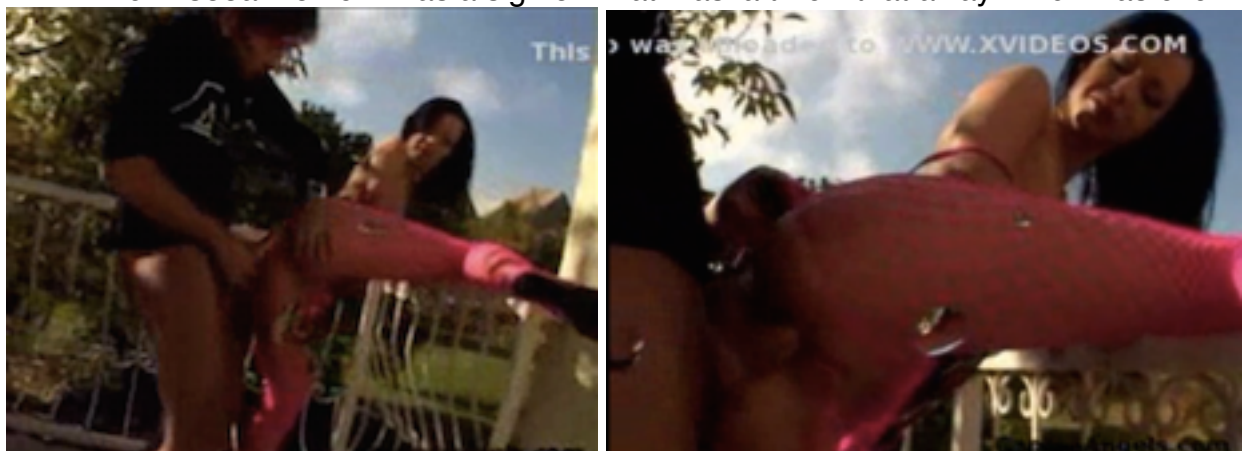

^ hello" (as the song^LOVE^SPREADS^) at #55 on^PL3. This^grand theft auto^ was like the porno on pg^178 in D21 as a sign of how much women were^stealing^credits^

for sex. I said "It's how we say hello" because I was watching another^God^blessed^ porno^showing how^quick and easy^women can^be. Which was confirmed when I got rw618 a.m. when I was putting these pictures in which I think was saying I hope you will have respect for this miracle of goodwill sex in such a clean and well-made porno.

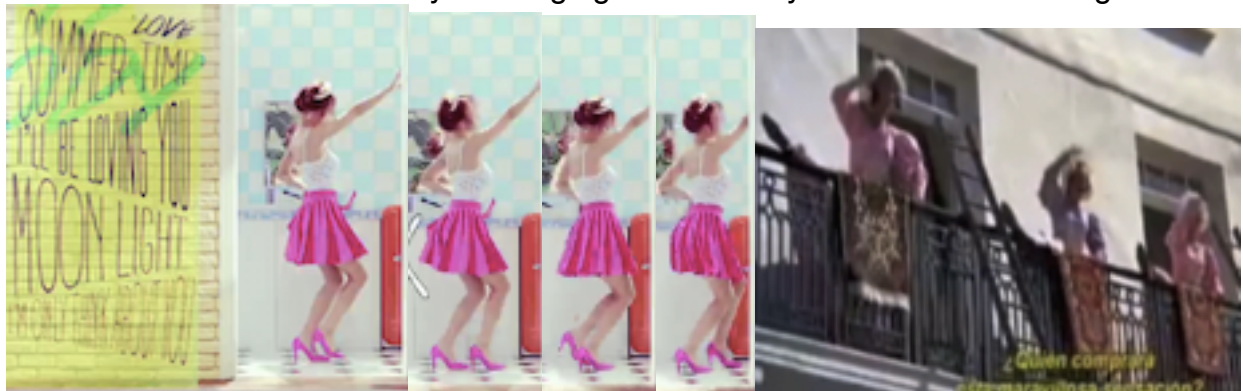

The rw355am on 9-2 was a sign of what Alaska threw that away which was even

worse for^pretty in pink^San Diego in this next porno because they re-created the ladies

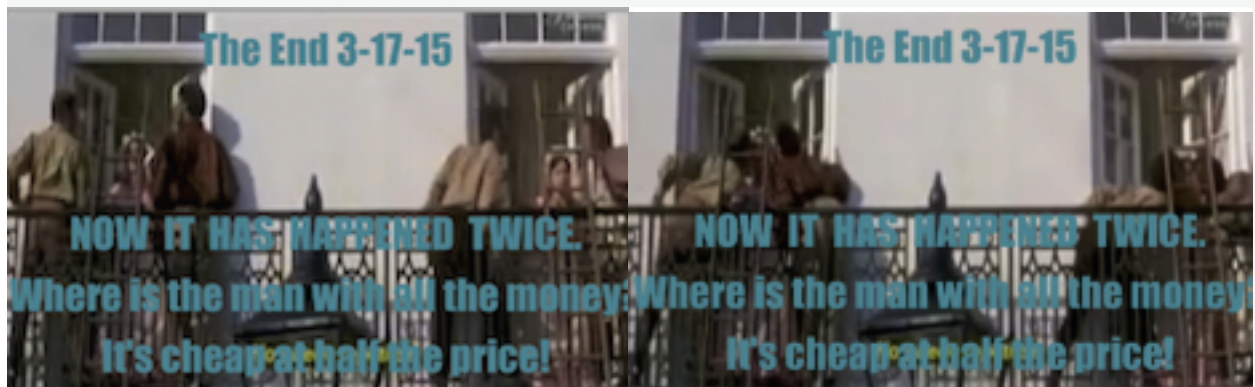

spreading their legs on the balcony in the movie Oliver. It was a sign how San Diego and Alaska's 355 to me came back on them with the loss of Quick and easy HAPs sex.

The ladies on the balcony are singing "who will buy this wonderful feeling" that

is obviously referring to sex because all three of them spread their legs to put one foot on the railing when they started singing that. They got kissed as a sign of the second offer of miracles to England through class L127j. When four guys kiss two of these ladies on the cheek when singing:

"IT COULD NOT HAPPEN TWICE" where I have

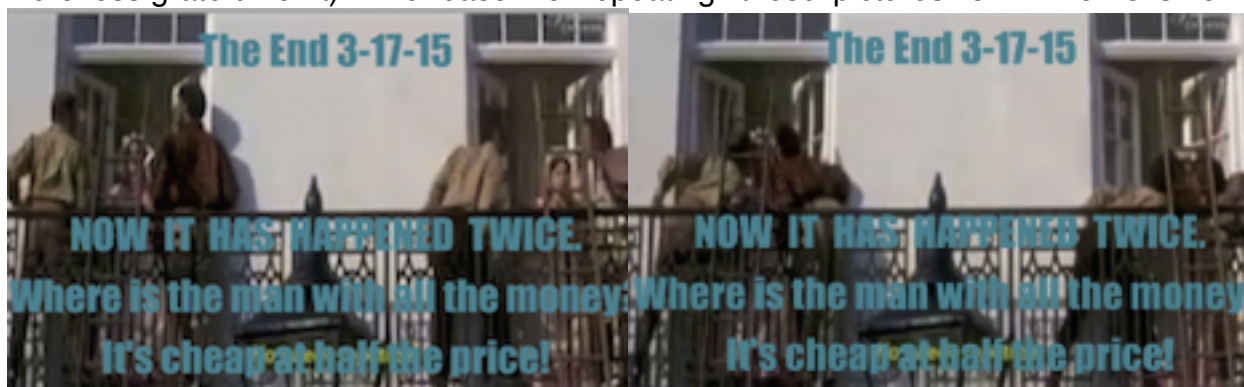

this label saying: ^NOW^IT^HAS^HAPPENED^TWICE^. This is at the end of class L127j on 3-17-15 and the first offer was in class L5a in January 2012 for a magic Olympics in London. When I noticed ^Soyou in pink pumps and skirt^was bobbing her head similar to the ladies with these strollers, (in

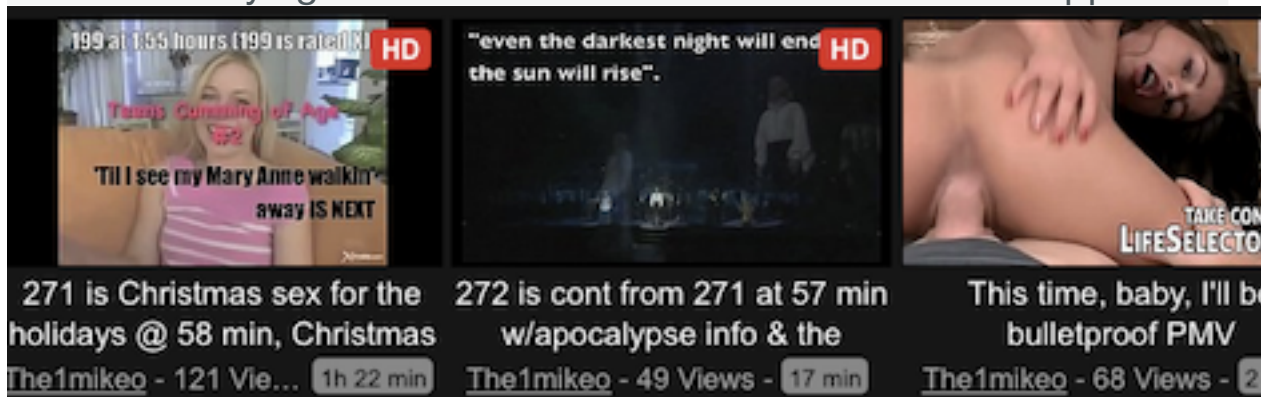

the same movie^Oliver), it was a sign that Sistar got a similar miracle from God, (but

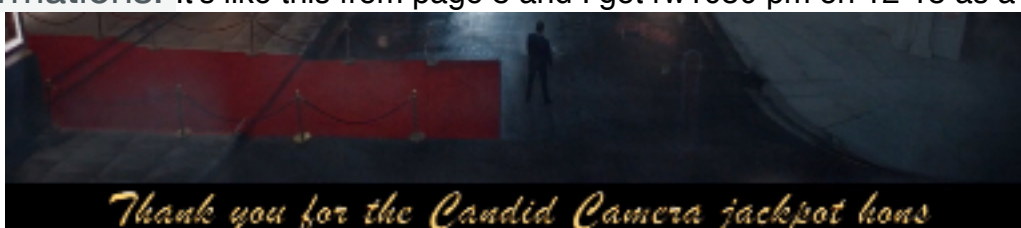

were less grateful for it). The reason for repeating ^these^pictures^ on 12-15-18 is now

this^label^saying: ^NOW^IT^HAS^HAPPENED^TWICE^ applies to

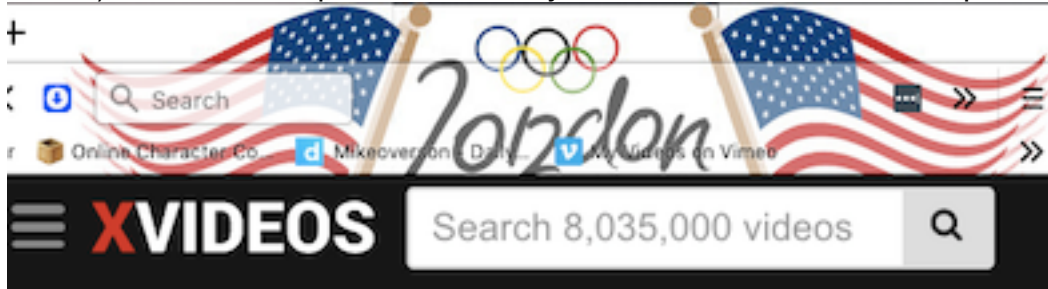

classes ^271 and 272^which have a^mega confirmed the mustard seed that started in class L127j on 3-17-15 has now grown into a big tree of confirmations. It's like this from page 8 and I got rw1050 pm on 12-15 as a

sign that me and the Brits got a similar^Candid^Camera^jackpot as the Bush twins did.

Because Pornhub and the FBI are being the damn devil in not allowing me to post classes 265 and 263 next to the Dubai video like on page 6, (at Xvideos and at Vimeo), I decided to upload them to my new Xvideos account. Except when I saw this

^835 sign^ by the London^Olympics and the^USA flags it was a sign to also re-upload

classes 271 & 272, (on this^page). [Which has been confirmed big-time by 12-15-18.]=
=rw1113 PM when I finished this confirmed rq905 PM was a sign to continue
this^AOL that I hadn't planned on. It goes from page 19 to here at page 33
which was a bigger AOL than I was expecting.

3 intros to my PMV playlist, (in 3 years), and miscellaneous divine sign info, (in
this class 258).

266 is Make It With You @ 13 min as a visit from Abba, hon & the Holy Spirit. @
6 to 12 min is evil envy in the church as Salieri. From 1 to 4 min I show examples of FBI
and Internet LIES.

Sexy Bitch PMV turned into another visit from Abba, hon and the Holy Spirit just
like in class 266 with the song Make It With You.

247 is a 3 min patriotic summary in place of my daily Bible reading that is only once
every 3 months since 2012 due to being disabled. I also sing the Star-Spangled Banner
and say the Pledge of Allegiance each day which is still easier than reading the Bible.

12-16-18

4 hrs hours of sleep thank you very much Abba.

CB = 503 & 504 AM// 5:40 AM on 12-15. CB 1129 = 507 AM.

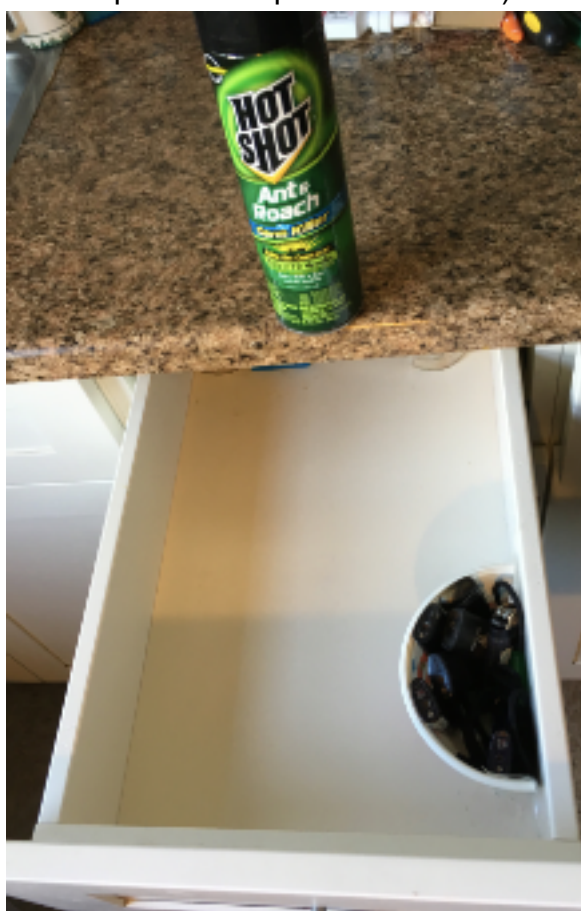

When I was dreaming of another ATM hot roll of really nasty sex I said thank you
to Abba and got rq556 AM on 12-16 as "wow was that a generous offer to the pure hate
porn business". = A siren when I wrote that at 558 AM was another OJ confirmation.
I've got more OJ notes in my notebook at 5:27 & 552 AM and it's 600 AM right now as a
big confirmation of the song "we're having a party" that I heard the whole length of Ala
Moana beach on 12-15. When I got a lot of signs of revenge on how evil and illegal
women are to me and realized it applied to "we're having a party" at the beach it was
527 AM on 12-16 as a sign of TCB527 on Page 17 where I didn't say the obvious of it
being "see Tracy Bingham as a sore^loser for not doing her TCB", (as an FBI OJ next).

There^was an^FBI lady in a^swimsuit like this at the beach a week ago where
they were showing off their black magic ability to mock me with the same swimsuit in a
porno where the girl was mocking me as "you're so vain". It's so bad it's like this^sign^
of "dying for being the hardest screw", (I got these two pictures from in class 258 at 7:17
and 723 AM). It was obvious the FBI would not even let me look at the girls at the beach

without being mocked so the last two times that I went out I was very careful to barely look at girls at all which also explained “we’re having a party” at the beach on 12-15 as the FBI has been branded as Evil queen of the grind Demons for ruining another Hawaiian ritual of mine. It's the same mistake they keep making over and over again as “asshole fever” where it seems like they absolutely cannot resist being an asshole or showing off how much money they can waste on black magic harassment.

Another sign that was parallel the 556 AM big dipper to the porn business is when I was thinking of small dick humiliation and saw it was 603 AM as “obviously pure hate 1216” is the only thing that explains how porn could be so stupid and mean to their customers because over half the guys watching porn don’t have dicks as big as they do in porn that they so viciously mock. It also “obviously” explained the competition of where those pure hate demons get all that love sex from is the God of love and wisdom so it's heaven versus pure hate stupidity as another “don’t worry about it because it’s gonna come back on them big time”, (like the “hook up hot shot” porn series next).

When I found one ant^after another I emptied the “junk” drawer and saw it was covered with ants and then I was amazed at how well that “hot shot” worked because just one spray killed them all. I realized that might be like the “hook up hot shot” porn series where they paint me as the guy that uses and abuses women terribly. A few times the girls were so gorgeous I had to watch it anyways in spite of the abuse but I was always looking for a way to get back at them for slandering me and for ruining porn and I realized this was another sign of how it's going to come back on the porn business. =

=rw933 and 9:34 AM on 12-16 when I was amazed I was able tell these last 1.5 pages of stories. I know that's a very little job but it's like when I realized something was wrong with me for six months before I quit my job in Alaska. Because every month I was praying that I would get my bills paid and my shopping done and get to work on time and I remember how grateful I was that God was answering those prayers. The point is I had become so disabled that just my usual duties needed a miracle to get them done. That became even more obvious after three years without a job and it still took all my energy just to feed myself and keep my room and clothes halfway clean which was obviously no energy left for doing a regular job. That's when I was finally forced to admit that there was something very wrong with me and that I had become too disabled to work again.

The point of telling this parallel to when I realized I was becoming disabled in Alaska is now that the same thing is happening all over again except this time it seems like a sign that I will be excused to go to heaven.

249 is Yuri, August, Shyla, Olivia, etc porn star deaths are getting WAY too frequent and suspicious and it caused me to make this class 249 and 250 & 251 about it.

260= The FBI deleted 138 of my videos at Xvideos due the Beauty Queen PMV classes 255, 256 & 257. In class 275 they deleted my whole Xvideos account, both times was illegal and unfair as hell.

251 =IN MY CITY is where Yuri & August Ames are now & part of an intro to that song. There's also an apocalypse update.

Sexy Bitch PMV turned into another visit from Abba, hon and the Holy Spirit just like in class 266 with the song Make It With You, (they are videos #7 & 8 on my only playlist).

This song Bridge Over Troubled Water WAS at my YouTube PlayLists 7 & 8, (before they deleted 12 of my playlists on 3-29-18 as I explained class 253). This music video and the class after it might be an answer from heaven to this line at the Vietnam Memorial at https://www.flickr.com/photos/mikeoversonendtimesorg_or_com/14120561923/in/dateposted-public/

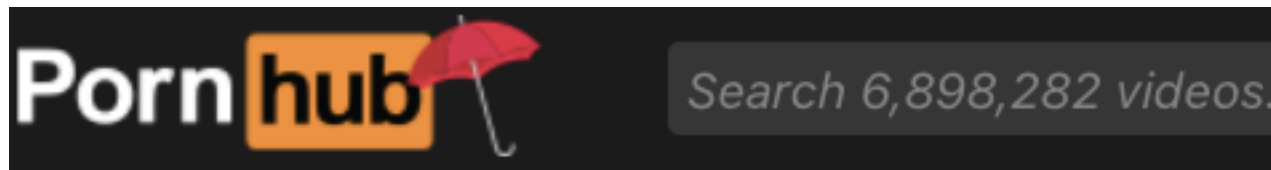

We leave you our deaths, give them their meaning.
Archibald MacLeish.

Bridge Over Troubled Water music video with 8 minutes of examples after it of how it applies to people who have fought for and bought "liberty and justice for all".

ATMs & Classical music PMV for stress relief with an example of how it works at 1 to 9 min. This is from class 199 at 304 to 429 hrs, (at Por-hub).

255 is Look What You^Made^Me^Do (Taylor Swift)

Harley Quinn PMV of Herb Albert music ends with Calif as Your Spanish Lullaby and I've Had The My Life, (with this back in time miracle to happy days).

The red umbrella was^worth^putting in here. Apparently they don't like my new playlist at Xvideos.

12-17-18 6 hrs hours of sleep thank you very much Abba.

CB = 649 and 650 AM. CB 1129 = 65432 AM (//PM next pg) to complete these "the one gone" early exit signs= a^missed^the^bus^sign^confirms^it^ (at 654 AM).

When I was hugging Abba and thanking her for the big AOL at brunch (of classes

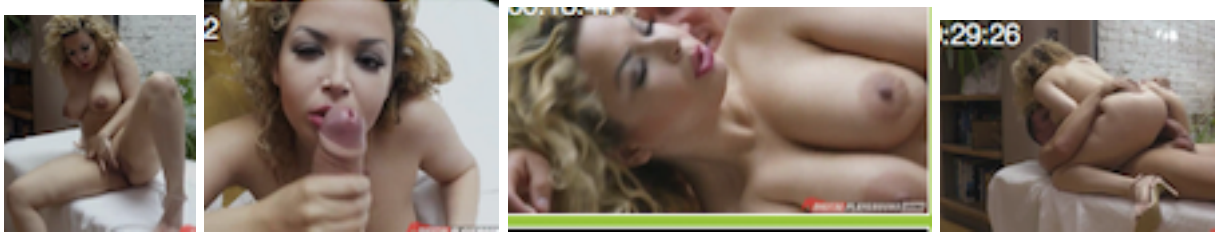

274, 265, 263, 275, ^271, 272^ and "this time I'll be ^bulletproof^"), I realized it was like when she was so happy that it was a wrap in class 185 just like in class 263 & 275 that I watched today especially as an extrapolation from when she first did that in 2005 to now in 2018. I think that's why it seemed like a lot of people were pleased at good triumphing over evil but the info that follows contradicted that. It reminded me that God and Jesus and the Holy Spirit are so holy and good that they actually married a disabled guy on welfare just to make sure that good triumphs over evil, (because it was a God sized long shot that I would survive the Mark of the beast crowd that is after me).

When I finished saying how pleased Abba was that everything was playing out so well I found out that might not apply to a lot of others when I heard DDD at 11145 AM so I looked out the window at 1115 and saw NNT191 and BUS 911 and 701/13 as California and 935USA still taking the media's side against God & (Ds= guiding) me.

I was warning myself this might be bad feedback from the FBI but when that

same truck DDD and left at 11:29 AM it was like CB 1129 = 65432 AM to complete "the one gone" early exit signs= a^missed^the^bus^sign^confirms^it^ (at 654 AM).

Aruba^Jasmine^massage= finally some^girl magic=rw537pm 12-17-18= A sign to keep looking? Tks for more magic at Office sex Aruba. =rq552pm= Sounds like Yuri's tattoo as pe754-228 for the work I do to get the magic of sex back. =Yep see 636 folder.

636pm=R (after^fu #1^cat^phone@^634) =R= the rw537pm is when I finally find some sex magic it's 537 to not shoot it down especially when it's getting so hard-to-find that I said "what's going on here?!" at Anissa Kate's folder because it was awesome sex but so boring I couldn't even skim through it.

65432 PM 12-17-18 was at the screens on the next two pages (from 11-16-18) and parallel CB 1129= 65432 AM so I put this info together as I hope it will be another early exit sign of this bad feedback will cause a whirlpool crisis, (but not for me).

I don't know what this whirlpool means but I put it in because I'm sure it's going to

mean something big. =rw452PM hints at what I was avoiding as the whirlpool that Mickey Mouse got sucked into as the Sorcerers Apprentice in Fantasia and in Fantasia 2000. After he's created a disaster of flooding the room with water he's frantically reading through a book trying to find a solution. In a class I explained that was me and "crisis reading" when I'm frantically reading the Bible trying to find a solution to a crisis. The point is if you're "prayed up" you're like a Boy Scout who is "always be prepared". Because I'm too disabled to pray and read the Bible as much as I need to for my safety I found an easy way out by watching a minimum of three minutes of patriotic videos (class 247) and saying the Pledge of Allegiance and singing the Star-Spangled Banner each day. It's the easiest way for me to be "prayed up" and ready for a crisis.

One of the worst crisis readings I've ever had to do started on 3-19-95 which became the number for "pray and read the Bible or die" as #319. I had to do that for at least eight hours a day for a week until I finally got my ears back and could hear from heaven again. Except that didn't relieve me of duty but only made it more clear how much I needed keep on praying. About a week later I finally got a decent ritual that became my 109s at the same time I found out how much Rory was cheating on me and found out I was like in the movie Carrie where God would carry me to get a very big vengeance but I would have to do a lot of praying and that's when I got to sign at 4:25 PM saying I would need to pray those 109s 25 times a day for four days. Which was tolerable when I could do that in less than a half an hour for 109s but but when it took over half an hour it made for a very long day.

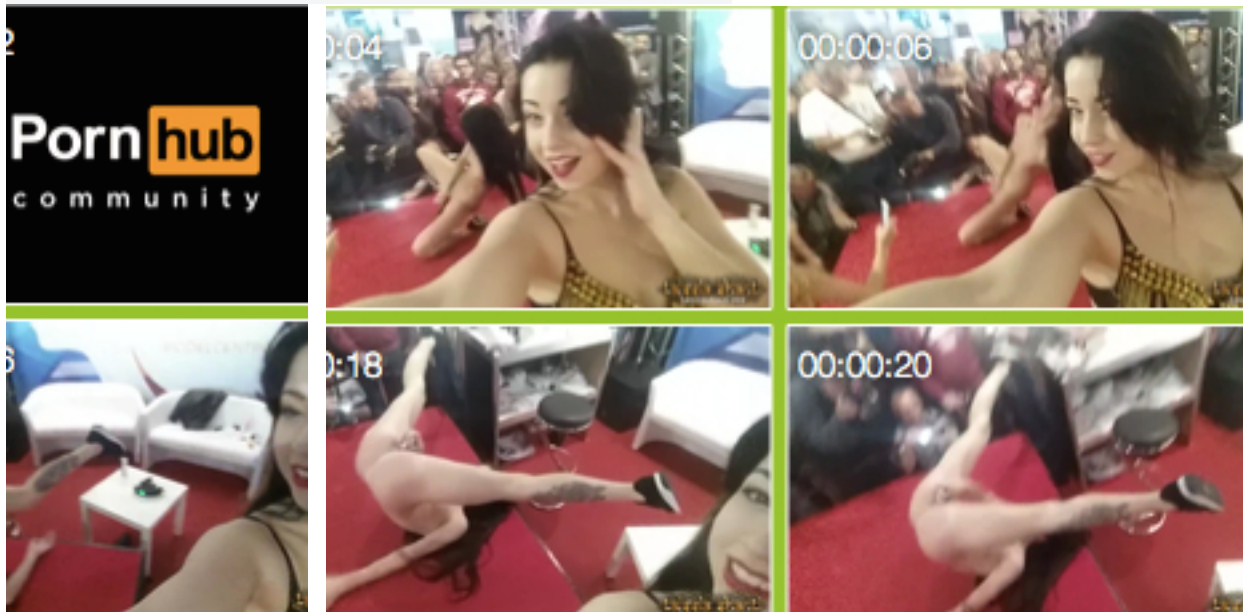

When I finished those four days I thought I was done except the number of 109s

got moved up to 30 and a week later they were up to 40 a day that I had to pray for six

months just to survive the evil that was out to kill me. I explain all that, (from 3-19 to 9-21-95), pretty well with the movies Toy Story 2 and Fantasia in class 161.

109s on 6-10-18

At 8:10 AM I realized this^girl filming^Lovenia^Lux as a selfie to mock me as

you're so vain had just starred in a porno with her and they were both working for Pierre Woodman who took them to this^sex show at the end of the porno.

This 222 HAD good news until >

That was so bad that I added it to my 109s just like I did in^class 222^ after Nebraska coeds painted me as the devil on this^naked girl's body. Now it's in psalm 109 at "they wore curses as their clothing, smiles, lies, eyes, body paint and 660 selfies". That's when I heard a missed the bus sign at 8:16 and 8:17 AM and I just got 8:19 AM confirming were dealing with very evil atheists against God, (LIARS!).

It also sounds like how Lovenia^Lux missed the bus of being one of the hons because she was all set both Holy honey and (her twin as) hon but after that mocking me as "you're so vain" she lost a lot of status and magic. Six months later on 12-17-18 it seems like it got so bad that she lost her "lucky at loving" title to be another video aged

A similar OJ= Whirlpools^v.

porn star. That seemed to confirm the parallel OJ of these whirlpools because both times I was very close to getting the magic of sex back and both times they ruined it with very vicious self shots to mock me that both seem to confirm this new Whirlpool OJ^v. I got both of these from the definition of numbers PDF because they go together.

12-18-18 4.5 hrs hours of sleep thank you very much Abba.

CB = 641 & 642 AM and CB 1129 = 645 & 646 AM = 702 AM & 244/3.

712 on 12-18-18 Is another confirmation that 712 is

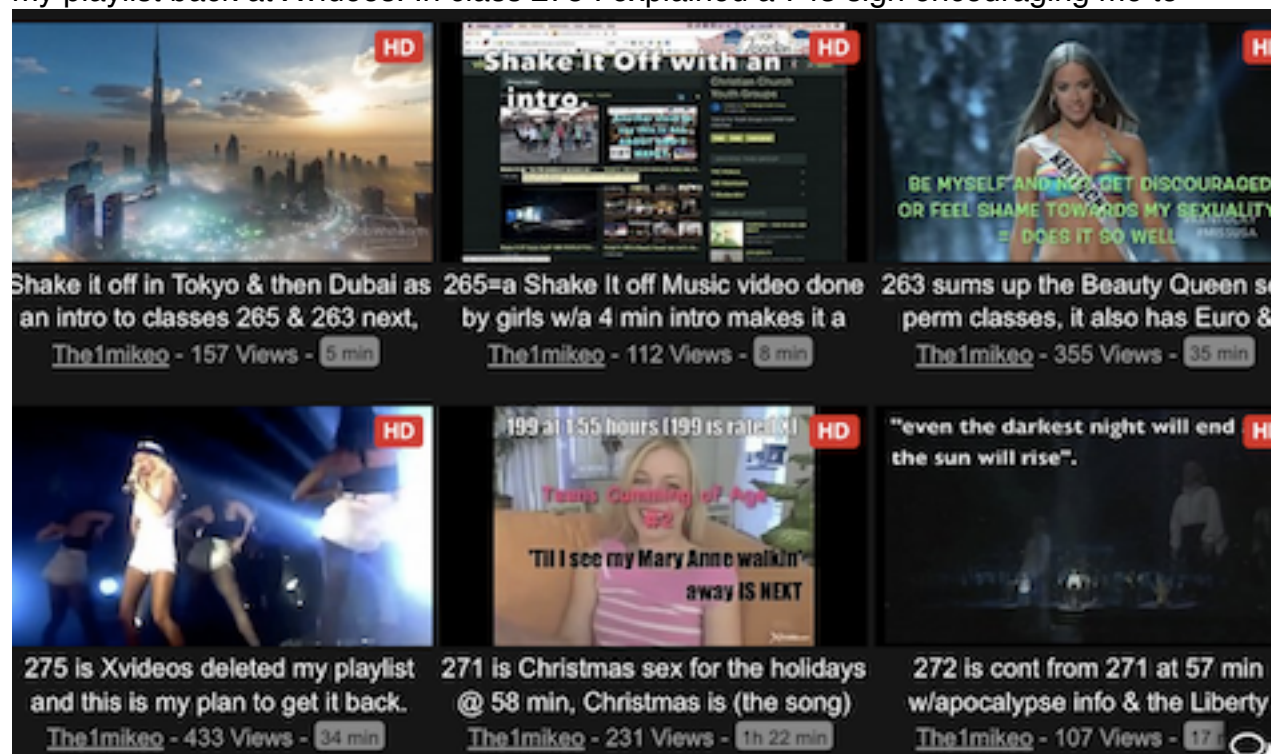

fake Christians exposed as dpoop vs^me^on^time with 1218 as class L123 as a sign to the world that there would be no nuclear war on earth, (that they deleted at YouTube and Vimeo along with the rest of my videos, damn that was stupid and evil). It's like when God did that OJ in the Bible to show how much better king David was than King Saul, (it's in class 161 at 10 minutes). =rw800 AM was another confirmation to write about this and a sign that the DP OJ on my^critics would be God defending me with glory and exposing my condescending Christian critics as dpoop. I think there was about three minutes of that in class 161 by 10 minutes.

At 7:39 AM I realized the 712 OJ would be an 824 (on 8-24) "sizzler" when I remembered I first learned that as it applied to the ^porn^business^stealing credits for

anal sex perms, not only would it cause sex be more boring, (in class 271 below at 1 to 30 min), but they would have a lot less help from God to have clean anal sex. That's like when two ladies at pump Station five told me that when they have spontaneous anal sex God would tell them if it's clean enough to give a blowjob. However when women are going to go totally evil against God they would obviously loose that help.

When I realized 824 on 8-24 was a (Waikiki) "sizzler" AND a homey's OJ on Hi from Duke, (as his 8-24 birthday), it was 7:40 AM as a confirmation of the legends of Hawaii being angry with Hawaiians who don't want Hawaii to be part of the USA. It's also a sign that fake Christians {in Hi} will be EXposed as 712s. = A Cyrin siren at 8:20 and 8:21 AM is another confirmation and especially with what follows:

I've been slipping on embarrassment cussing really bad this morning and it's really obvious it's from 666 Christians mocking me and slandering me any and every way they can. So when I slipped on an EC when combing my hair, (as a deluxe OJ), I had to check the time and 7:43 AM confirmed the FBI and fake Christians are mad that I got my playlist back at Xvideos. In class 275 I explained a 743 sign encouraging me to

^make^class^275^as^a^plan^to get my account back. I also showed how evil it was for them to delete these other five videos and now that they are back on my NEW Xvideos playlist the FBI, (Helen you idiot), is furious that their power play failed. Whenever they lose that bad they usually retaliate by mocking me as viciously as they can except this time it cost them to be labeled with the number 712 as dpoop sore losers.=

The zebra screen at 8:53 AM
when I finished writing this was another

confirmation^of^the^712^OJ^.=rw900 AM does to and now the numbers 712 and 713 go together as a God sized OJ on fake Christians.

It seems like the FBI never gives up with the dirty tricks they come up with even though they have to backdown like when trying to make me make payments on \$347,000 of back child support but when the guys found out they were furious at how unfair they were. It's because of that I haven't got another bill nor have they tried their illegal intimidation phone calls trying to get me to make payments for the last five years.

In class 275 I think the public found out how evil the harassment has been with the FBI through the guy yelling in room 419. Except now the FBI is trying a new angle by harassing me through Social Security. I got rw12:52 PM warning me of bad news when I opened the letter and saw they're requiring a \$5000 payment in 11 days by the 29th. The whole \$5000 bill is totally unfair and illegal and seems very much from the FBI but I finally agreed to make payments on it just because I'm too disabled to fight with them and because my income has doubled now that I'm on retirement pay so it's still \$600 dollars a month more than I'm used to getting.

Except now they are totally ignoring the fact that I've got two letters saying they will be deducting under \$144 dollars a month until the \$5000 is paid back. The reason I'm writing this is to tell the FBI they're going to get exposed just like the rent PDF exposed how unfair Hawaiian properties has been and quite a few classes have also done that. The FBI keeps coming up with very vicious and unfair treatment and they keep getting exposed for it and that might happen again with this totally unfair \$5000 bill from social security.

A big consolation when I went out today was PTG533EZs as a sign of don't worry about because your early exit is going to be easy and obvious. = a siren at 1:26 PM I

hope applies as a poetic justice OJ on the FBI on the previous page.

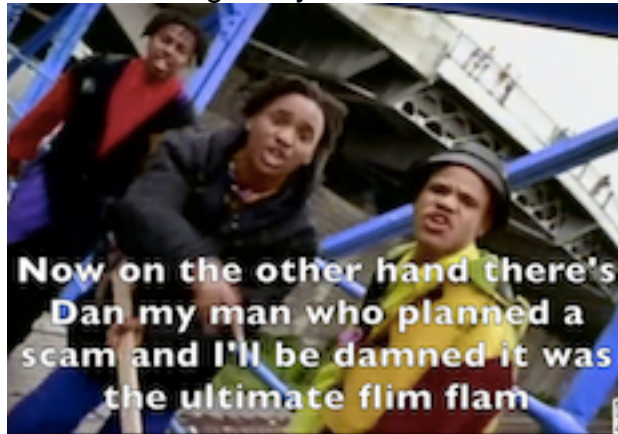

They have the Christmas wreaths out for December at Punchbowl. It was 1212

PM at the Red Lobster in Waikiki when listening to Love's Theme which was like "We built this city on rock'n roll" when I got home because both were signs that my calling virtually started when I was 17 yrs old and it has kept going and growing for over 45 yrs.

Another good sign along those lines is when I was thinking of how awesome the divine signs were with Footloose and My Way in class 248 (@ 15 min) I shuddered at 921 AM and then got a ding at 922 on 12-18 as a sign of "get over it" as it applied to deleting my best class L123 about NO nuclear war on earth and as it applied to

deleting ALL my videos and playlists at YouTube and Vimeo. The FBI, (Helen you idiot), specializes in shooting down my (Ds= heart) hot rolls and now they have to live with the damage they have caused. =A Cyrin siren at 6:39 =rw= 640 AM when I just now realized 639 is the number for the song "you've got to live and learn before your bridges burn". In classes 186, 169 & 275 I tell how that applied to Mark and Alaska burning their bridges with me and now that it's got its own number 639 it applies even more to the FBI, (Helen you idiot), YouTube and Vimeo shooting down my hot rolls and now they have to live with the damage they have caused. In class 275 (@ 27 min) I explain how this part of

^Live and Learn^ applied to Marty losing his son ^Danny^. It might be like the FBI, (Helen you idiot), YouTube and Vimeo who thinks it's so cool to be evil until they see the horrendous price they have to pay for it. =rq=7155 PM might be a (forever) Blue Hawaii

sign.. **639 (& 640?) as^the^song**
Live and Learn.

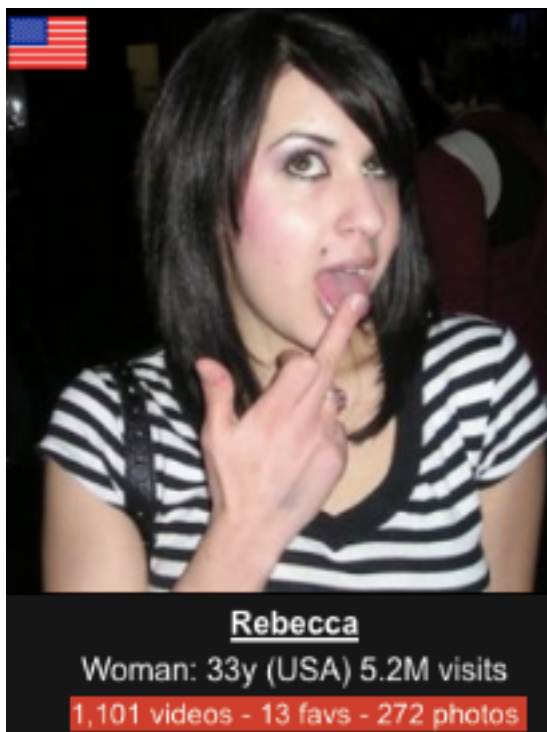

Your message has been sent!

You suicidal maniacs closed my account "the1Mikeo" on 12-19-18 just like you closed my account "Mike Overson" on 12-2-18. The first time at least you gave a trumped up and trivial and phony copyright charge for closing my account but this time you didn't give a reason at all. The reason I called you "suicidal maniacs" is because in my class 275 I said it looks like Xvideos is going to get the majority of the credits of the wrath of God when the Estonia sank on 9-28-94 taking at 852 lives. I also said that wouldn't apply if I got my account back and when I uploaded 34 videos to "the1Mikeo" that was enough to change that wrath of God into a warning to Europe "that was for nothing, now do something that makes me mad and see what happens". However you apparently didn't like losing credits for sinking that ship and deleted my account again so you would get the majority the credits for it. The main reason for this letter is I would like a reason from you of why you closed my account again.

I did a screen recording about ^this titled "Xvideos account closed again^ on

12-19//12-2-18 in class 275". In it I said "I should probably be thanking Xvideos for accelerating my early exit. I was very concerned about a delay of my departure on 12-18 and was praying that God would make it up to me with "consolation joy". However now I'm not worried about a delay in my exit at all, it's like these two license plates I got yesterday "EZs533 and PTG533" as a sign to not worry about it and know that the Lord is God and that my early exit will be easy.

That wasn't obvious yesterday but it is now especially after YouTube and Vimeo and Xvideos deleted my accounts, that was unbelievably evil but to close my Xvideos account again on 12-19 is a sign that evil atheists are daring God to stop them. =rw132 AM as "Mac for dummies" was a sign of ^stupid^atheists^begging for a wrath of God OJ.

This ^profile^ and the late Shyla Stylez^ were the first couple of signs explaining this arrogant power play against a prophet of God and God. Not to mention what a

hideously evil^Merry^Christmas this was from Xvideos. = ERA at 158 is//159 next:

This might become the screen for 159:

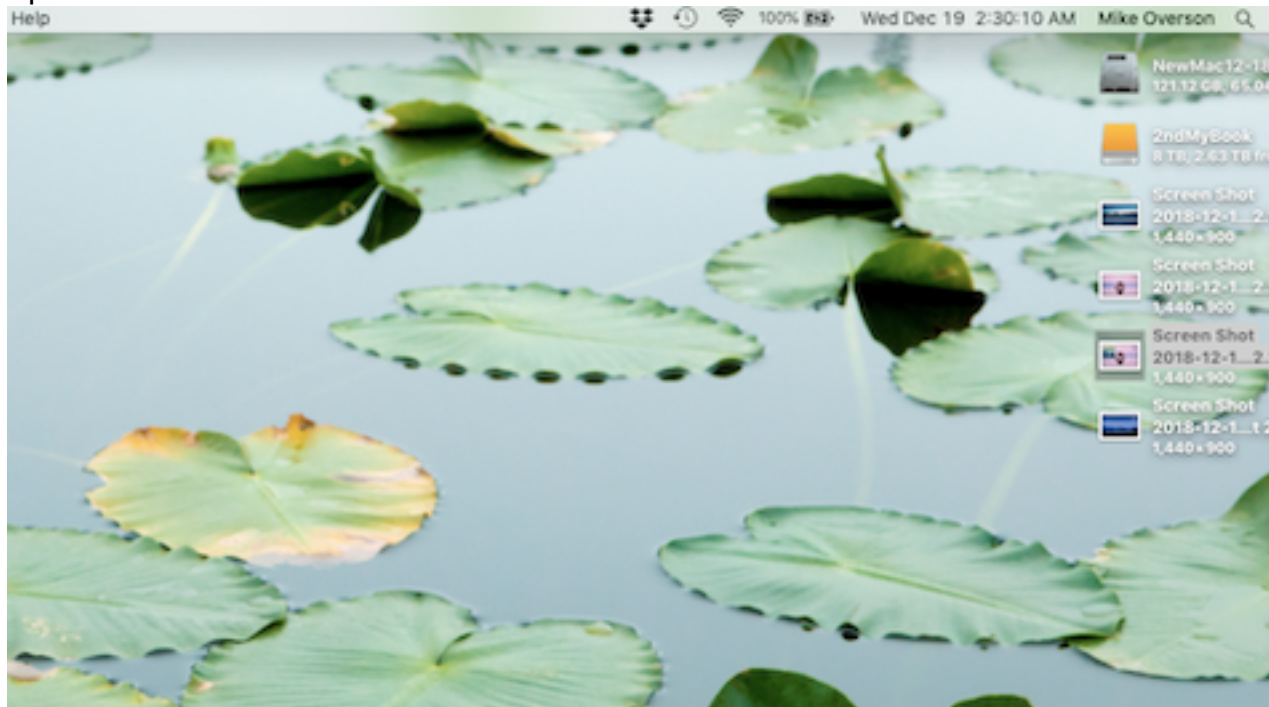

At 2:14:5 AM I realized this was a mega strike three for Xvideos in classes 260 and 275 about deleting all my videos on 5-30-18 and even worse on 12-2 and the third strike was closing my account on 12-19-18. When I saw this screen at 2:19 AM on 12-19 it

might become the screen for atheists. I might have got a confirmation of this^ when I got

rq229 and 230 AM as two “another one bites the dust” OJ numbers at this Euro

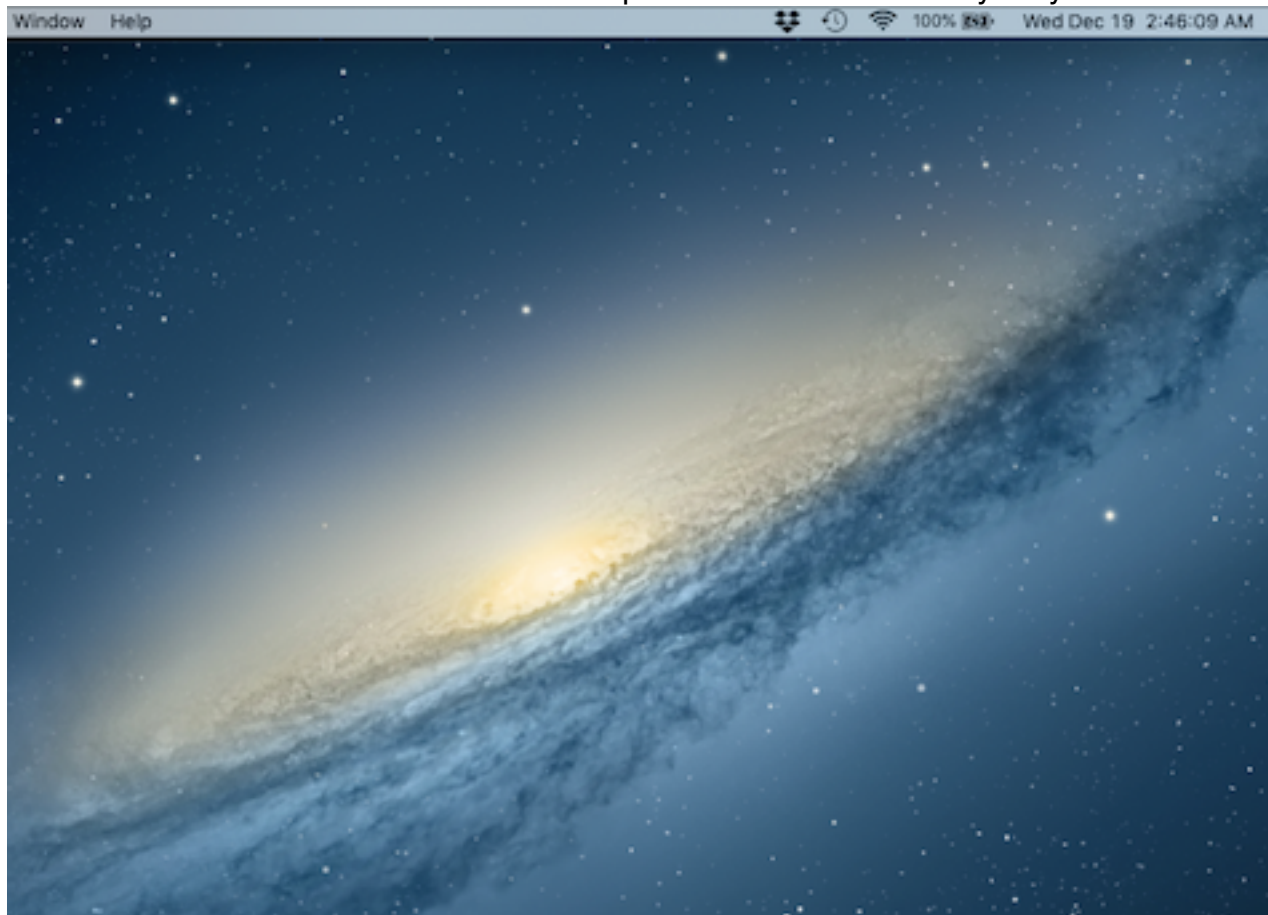

(Ds=scream) screen^. It was a big confirmation of this that I wrote to Xvideos:

You suicidal maniacs closed my account "the1Mikeo" on 12-19-18 just like you closed my account "Mike Overson" on 12-2-18. The first time at least you gave a trumped up and trivial and phony copyright charge for closing my account but this time you didn't give a reason at all. The reason I called you "suicidal maniacs" is because in my class 275 I said it looks like Xvideos is going to get the majority of the credits of the wrath of God when the Estonia sank on 9-28-94 taking at 852 lives. I also said that wouldn't apply if I got my account back and when I uploaded 34 videos to "the1Mikeo" that was enough to change that wrath of God into a warning to Europe "that was for nothing, now do something that makes me mad and see what happens". It's poetic that ^live and learn^ is next to ^this email on page 45 and here at 47 as a

confirmation of "another bites the dust" at rq229 & 2:30 AM. The Milky Way at 2:46 AM

was another "don't worry about it Mike and know that the Lord is God". Because God is astronomically more wise and powerful than the (arrogant) microscopic bugs that are the FBI, (Helen do you idiot), and "the powers that be".

I got a confirmation of what little bugs they are when I killed nine ants at rw258 AM and then got a ding at 2:58 and 2:59 AM. [As a sign it's the "laughing his place" in the world that these bugs are trying to take on God, it might be like the FBI going berserk at 3:11 AM through the guy in room 419. = rw645 & 646 AM refers to porn and women try still credits for ATMs.]. = A siren at 6:31 and 6:32 AM when I put this 258 AM iPhone note in. = rq632 & 633am is obviously the (STUPID) FBI hates classes 271 and 272 because that is the main reason why they closed my Xvideos account on 12-2-18 and it is apparently the main reason why they closed it again on 12-19-18. They are obviously in denial of how bad they lost on 8-14-98 at 6:32:2 AM and think they can make it go away by being ostrich and burying their head and by being liberal book burners trying to destroy the evidence of how bad they lost. = A siren and a dog barking at 6:35 and 6:36 AM = CB 1129.

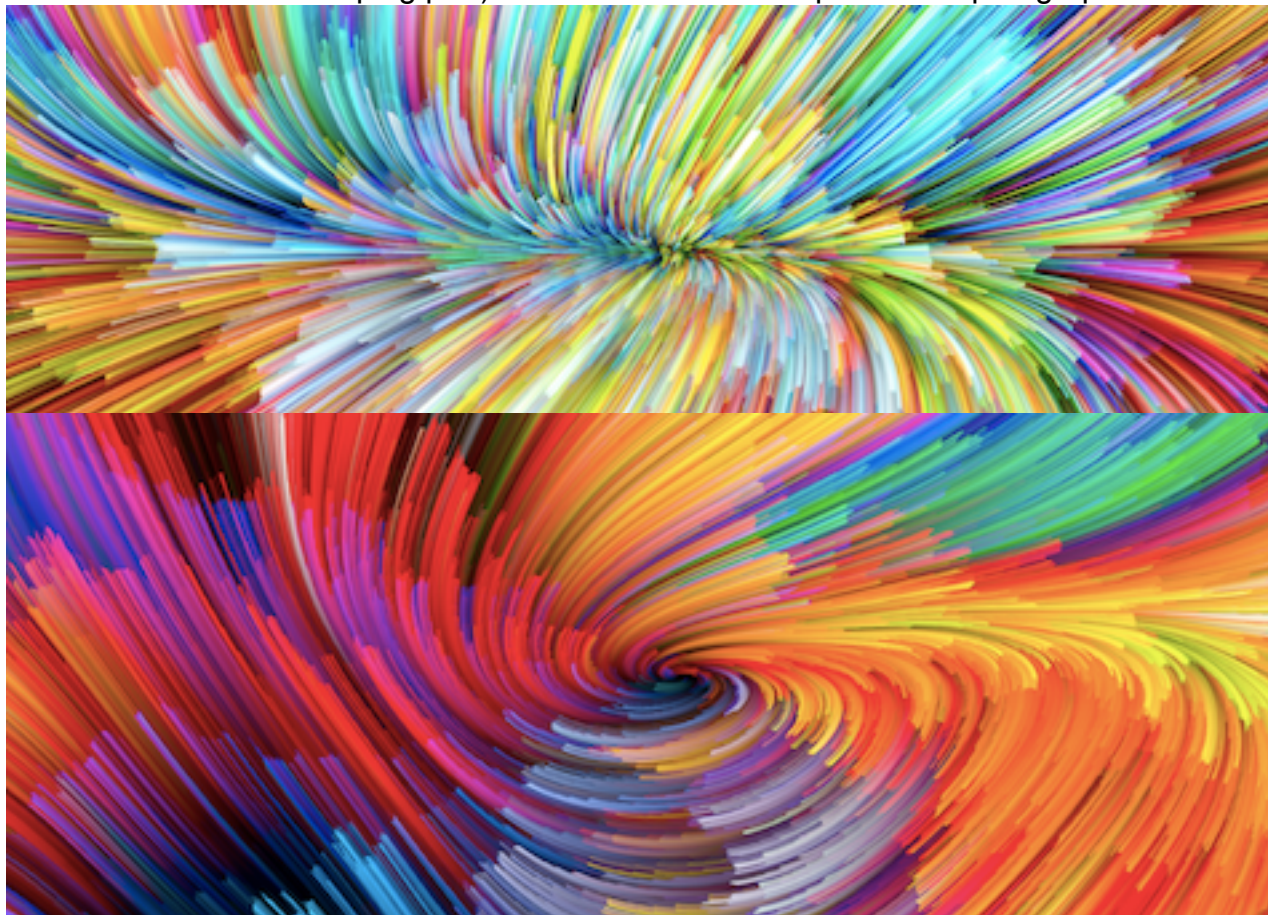

A missed the bus sign Ls was at CB = 628 and 6:29 AM and that 635 cyrin siren lasted to 639 AM as the first time I got a sign of "you've got to live and learn before your bridges burn" since I learned that was the number 639 yesterday. When I was giving examples of Live and Learn in class 275 I said that especially applies to my early exit because when I go to heaven early the bridge of divine sign info through me is going to

burn for good. I mention it now because the FBI, (Helen you idiot), has extremely accelerated my early exit with this strike three of deleting all my videos at Xvideos for

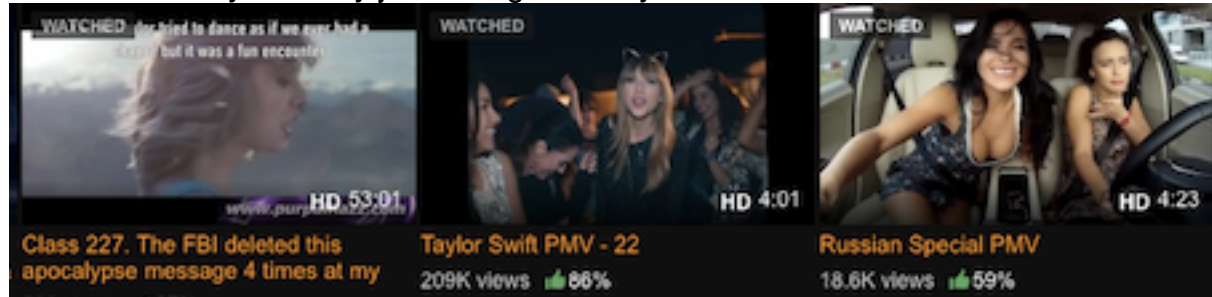

the third time. Especially after the first two times caused me to make classes 260 and 275 as a loud and clear warning to NOT do that again. Of course that won't stop the macho morons at the FBI, (Helen you idiot), who consider it a challenge(r disaster to leave^another^big^ "Y" ^in^the^sky).

12-19-18 4.5 hrs hrs of sleep thanks Abba, (but please pay back the FBI cuz it took four tries and 8 sleeping pills). CB & 1129 are in the previous 2 paragraphs.

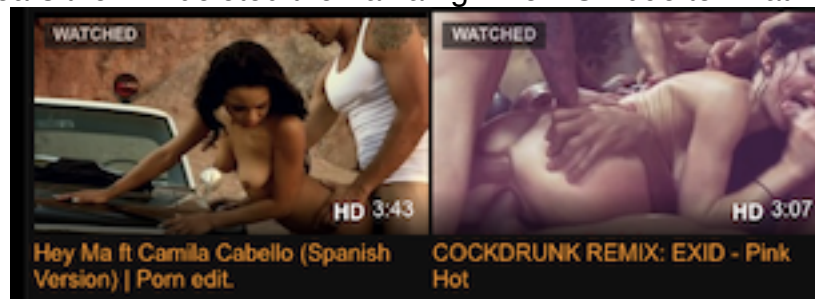

These two danger whirlpool screens were at 7:56 AM which might be like TDz756

on 12-2 as a good sign of an OJ my favor and a consolation for Xvideos deleting my account that day like they just did again today on 12-19.

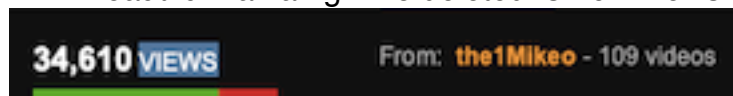

It appears the FBI deleted the Iranian girl BJ NOT due to what I wrote below but

because I posted a Russian, ^Spanish and Korean^PMV, (they don't like integration).

BEAUTIFUL IRANIAN GIRL GIVES A BLOWJOB AND SWALLOWS ON SMART PHONE.

Beautiful Iranian girl BJ deleted=34.6 k views is the most I've had on my videos, I

guess^they^forgot to lie this time and that's why they deleted it. 346 is a bad number on 12-19 after deleting my Xvideos account like on 12-2-18 as "I^guess^you'll^have^to^live in the dark because I'm not going through that again". = A siren at 8:20 AM was Abba saying I missed 818 like when I looked at the clock at 445 AM when I been awake for about five minutes. Except I think it applies to my critics and especially the FBI and Helen as God is not going to help you to be on time. =rq822 AM confirms it as the debt of gratitude has gotten to the gag level and it would be sick mercy to give you another

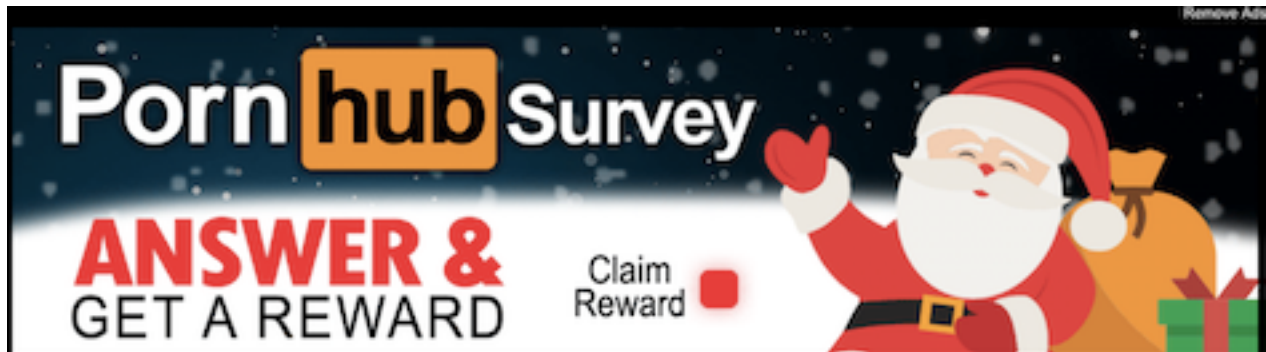

chance. In other words^"you've^got to live^and learn^before your^bridges burn" except

the FBI has accelerated my early exit with this strike three of deleting all my videos at Xvideos for the third time.= The third time I put in pictures of “you’ve^got to live^and learn^before your^bridges burn” seems to confirm the 346 OJ.

After how bad the FBI, (Helen you idiot), blew it at Xvideos I was thinking of my

^early^exit^, (in^class^227^ is also a sign of ^Arco^ and the oil companies 86ed at my Alaska exit in this song “are we out of the woods”). When I said said “my early exit is finally really going to happen” I got a ding at 8:45 AM which was like the gun shot in the movie Airplane and in Lonesome Dove where a guy says “made her mad by God”. I’ve explained that as a gun shot from hons that ended my marriage with Rori and me living in Alaska. =rq900 AM. I also explain the gun shot in the movie Airplane was a sign of the 9/11 disaster for 660 stealing credits for magic from heaven and especially in the ^movie^Saturday^Night^Fever^because Airplane was mocking me as John Travolta. Except at 8:45 AM the gun shot was not me moving from Alaska to Hawaii but moving from Hawaii to heaven, (it will be a more permanent and irreversible move). The bottom line is “thank you very much hons that I’m finally going to get out of here and go to heaven”.

I think it's about time that I say to Pornhub that there's no way I'm going to take this survey, (so stop these ads). You delete so many of my videos that it's obvious you hate me, (and Pornhub is practically twins with the FBI who really hates me), which means I would probably be walking into a trap to answer the survey. Not to mention your stupid survey insults my intelligence to ask “what are your reasons for watching porn?”. It's a real big word but I'll try to spell out the ^obvious^for^you: “S-E-X”.^ ^ ^ ^ ^ ^ ^ ^ ^ = 819 PM on the atheist “strike three” day of 12-19 for Xvideos deleting all my videos 3x.

Please Note: Repeat violations of college educated nonsense may result in **Non-Consensual decapitation** that is better known as “off with your heads” for being such nonsense speaking jerks. It

reminds me you should come up with a better line at Pornhub for deleting videos because this nonsense line is getting old and worn out:

Specifically, this video has been found to contain or make reference to **Non-Consensual or Incapacitation**

=rw833:33 PM was a good sign that I wrote this.

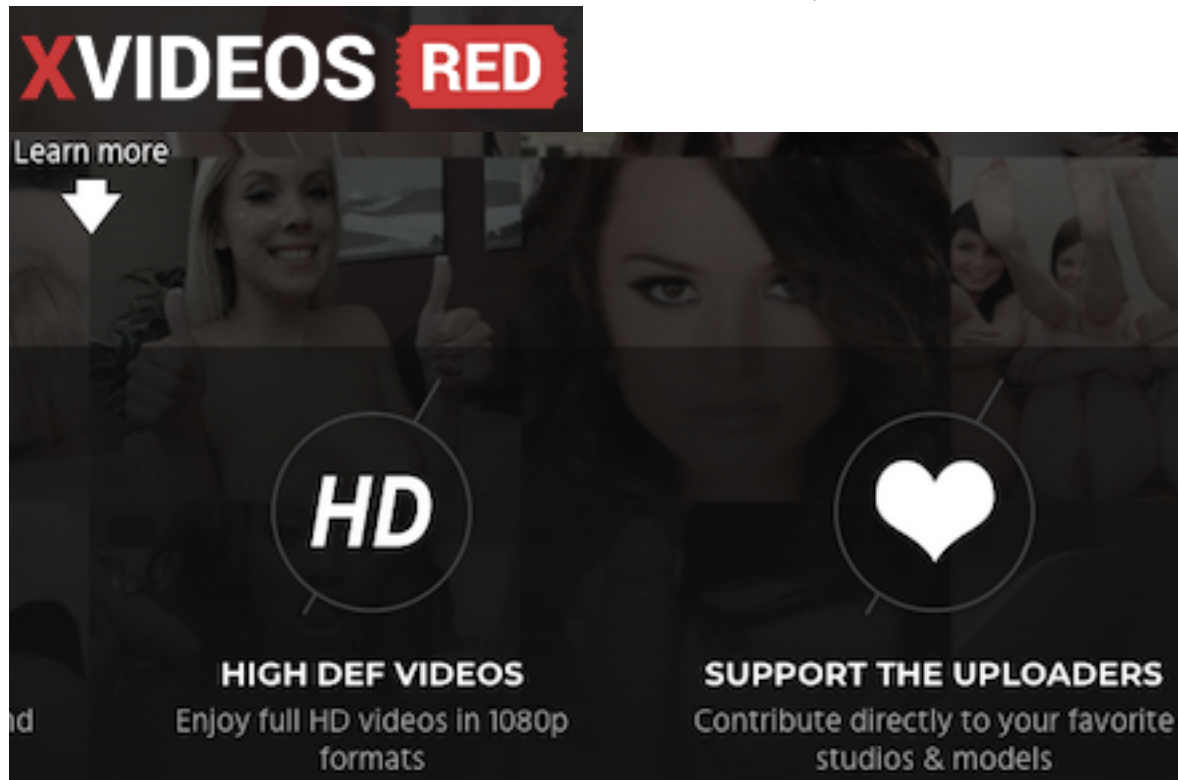

I finally answered your survey so now I hope my ^reward^ is you will stop these ads.

12-20-18 4.5 hrs of sleep thanks Abba, (but please may there be pay backs ^to^the^FBI^ because it took four tries and 5 sleeping pills two nights in a row). CB =

428 AM and CB 1129 = 432 AM.

I said “the macho idiots at the FBI had the garbage truck empty our dumpster and DDD at 5:10 AM” and got rq522 AM as a confirmation these “all-powerful” LIARS are in danger, (^not^me). It was also a sign from Abba for me to write this down. By 555 AM I realized this was a MEGA 1128 FBI & Xvideos after deleting all my videos 12-19. =rw556 & 557 AM confirms^v the^v trouble^the^RED^ “Queen^of^hearts” ^is^in.

It seemed like^Bibi^ was pleased to play Barbie and^this^looks like when the FBI requires them to mock me as you're so vain. I also included^Support^The^Uploaders^

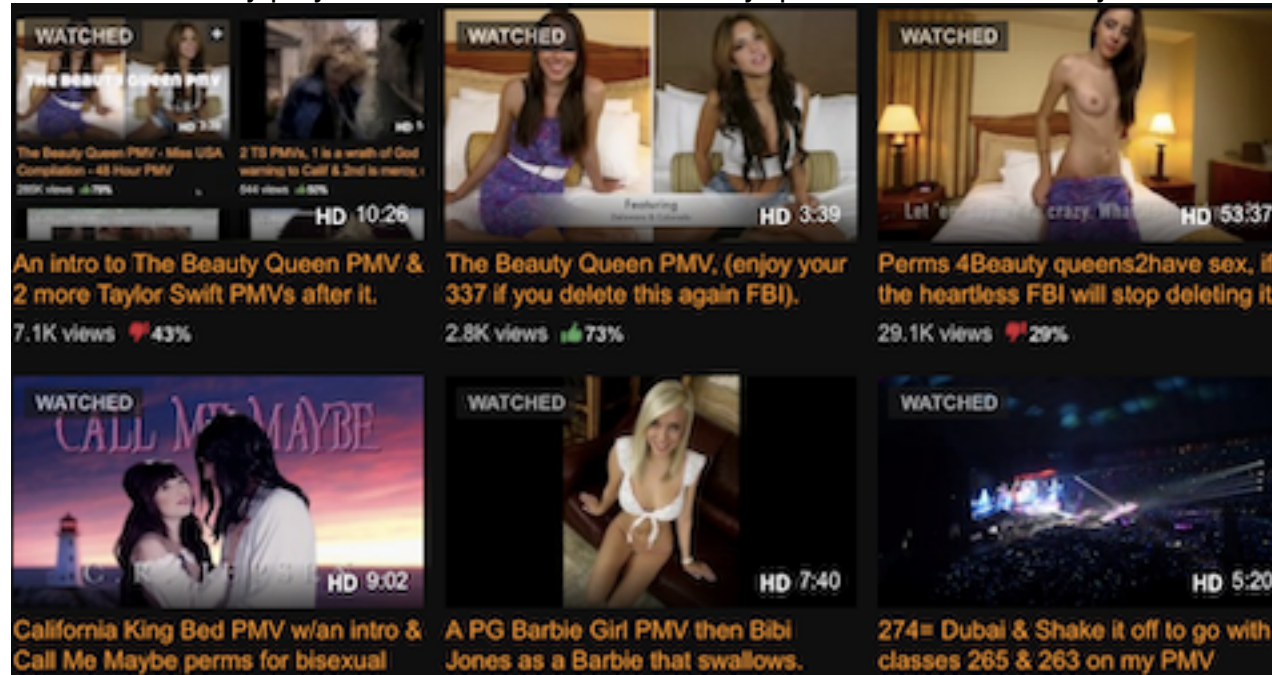

A PG Barbie Girl PMV and then is Bibi Jones as a Barbie that swallows.

Mike-overson - 2.6k Views - 7 min

as a sign of how bad the FBI and Xvideos is blowing it with God, (^&^their^customers), to delete all my videos at Xvideos three times on 5-30-18, 12-2-18 and yesterday on

12-19-18. The Bibi Jones PMV looks even better in the context of the beauty queen PMV series at my playlists. Bibi was a hint for beauty queens to be more easy at

giving sex because it made Bibi^Jones^look like a (clean Queen) Barbie and sex angel.

The Milky^Way screen at 6:03 AM on 12-20 was “obviously the huge difference between all-powerful FBI and the all powerful creator of the universe”. At 6:04 AM was the green grass screen and then rq6:05 AM with a LS at 6:07 AM sounded like two

signs of my early exit, (as paybacks for the FBI).

#419 yells "f- -k!" Really loud at 8:21 & rw822 AM [&@955am & hey fu! & S!@956]. It might've been the FBI's black magic advanced response to me starting my new account at Xvideos a couple minutes later as:

The screenshot shows the Xvideos website interface. At the top, there's a search bar with the text "Search 8,051,534 v". Below the search bar, the user profile for "Dropdead Xvideo" is displayed. The profile includes a silhouette of a person's head and shoulders, a small icon of a pencil, and the following information: "Gender: Man", "Age: 62 years old", "Country: USA", "Profile hits: 0", "Subscribers: 0", "Personal information: [Display](#)", and "Signed up: December 20, 2018".

When I first thought of this username I got rw618 AM as the first sign to go ahead and use it and then rw828 AM what's another confirmation after I did use it. And when reviewing the screenshots I said "awesome" (OJ on Xvideos) and heard a siren at 8:45 AM that's like 8:45 AM (next) on 12-19 the day they deleted all my videos:

After how bad the FBI, (Helen you idiot), blew it at Xvideos I was thinking of my

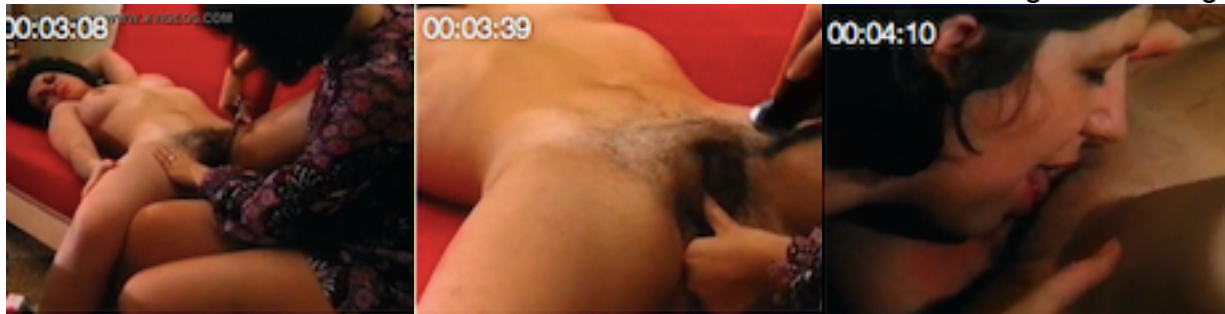

^early^exit^, (in^class^227^ is also a sign of ^Arco^ and the oil companies 86ed at my

Alaska exit in this song "are we out of the woods"). When I said said "my early exit is finally really going to happen" I got a ding at 8:45 AM which was like the gun shot in the movie Airplane and in Lonesome Dove where a guy says "made her mad by God".

Combine 845 AM on 12-19 with an "awesome OJ on Xvideo" and a siren at 8:45 AM on 12-20 and it sounds like the FBI and Xvideos fell for an awesome sucker play of accelerating my early exit with their third PowerPlay of deleting all my videos as "made her mad by God". Since I'm with Abba that implies her and especially on page 56 as more confirmations. It's like when it soaked in how evil it was for Xvideos to delete all my videos for a third time on 12-19 I said "damn that was evil!" and saw it was 6:56 AM on 12-20 as a (double FBI) confirmation. =rw900 AM = DDD.

Combine 845 AM on 12-19 and 12-20 with a very long hug at Grace and asking to "know your will for our 24th anniversary and for Christmas and what I'm supposed to do now after Xvideos deleted my videos the third time, it feels like I'm just biding my time until I leave now" and that's when I Kissed her at the end of Grace there was a siren at 10:44 that seemed to confirm I'm biding my time until I leave now.

Combine 845 AM on 12-19 and 12-20 with rw357 PM after watching three vintage

girls see how much better sex is after they shave their pussy. It seems like me getting to

leave due to ingratitude from porn of the excel-pro miracles on my behalf, (see^v pg 59).

TAD637 gray PU and 707/9 and x-007 on a Jaguar at 2:32 PM was a few signs, (that I don't want to explain), that the FBI, (Helen you idiot), is sore losers at another

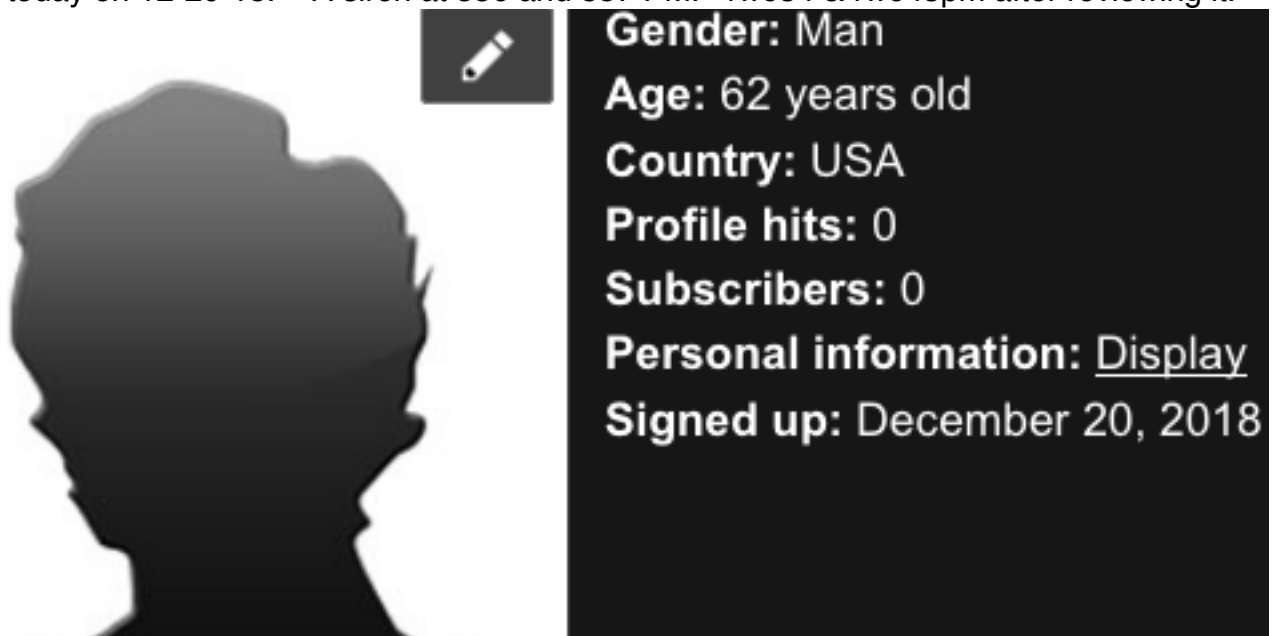

"queen of hearts" bad temper disaster that ended my Xvideos playlists. = DDD at 2:355 and 2:36 PM also confirms it

On a folder I was writing ideas for our 24th anniversary & Christmas. L123 had a lot of bride of Christ info that I forgot, the 12-20 screenshots =R= it was way more evil than I thought to delete all my classes and playlists. Google is in big trouble because all I said in 186b in 12-2008 is true, "this is the only copy and if you're going to get really sticky about copyright you need to ask yourself is there a God and do I feel lucky". They apparently think they have won a victory by how many of my classes and playlists they have destroyed but I really am a prophet and the bride of Christ and the guy called to represent Jesus return so we'll have to wait and see what the God sized pay backs are going to be. Google and YouTube were the first big evil PowerPlay to take away 678 of my videos and 12 playlists on 3-29-18. Then Vimeo followed suit with the same trivial lying copyright excuses for deleting the divine sign records of all that I've been doing for God when they deleted 104 videos on 10-18-18. YouTube, Vimeo and Xvideo deleted so many divine signs over such trivial copyright excuses that it's very obvious "to those who show no mercy no mercy will be shown", in other words enjoy your unmerciful snuff film deaths for all your unmerciful excuses for deleting my videos.

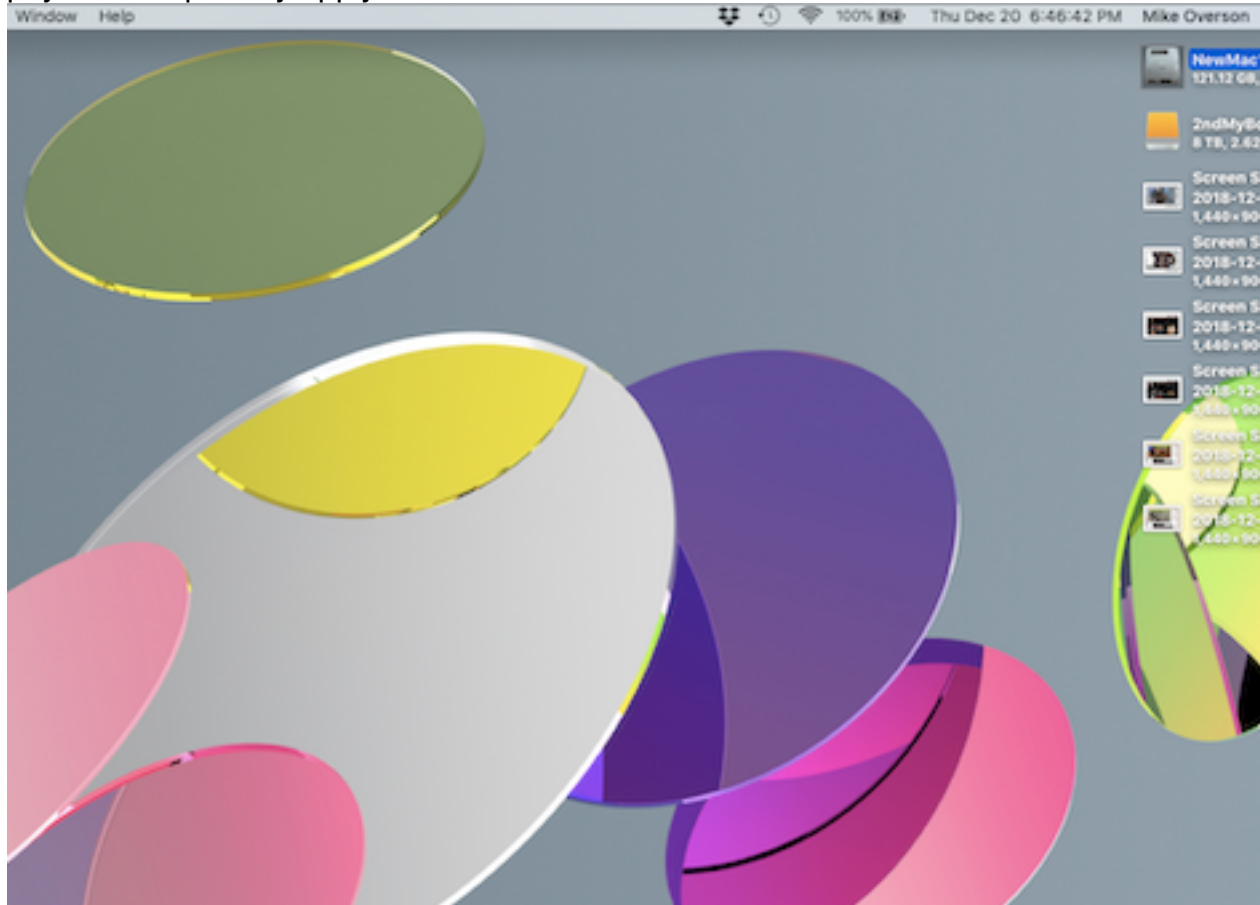

For over a year my classes have turned rated X and my latest and best classes WERE at Xvideos until they deleted 102 videos on 12-2-18. I replaced 34 of the most important ones and then Xvideos closed that account on 12-19-18. That got me to use

this username **Dropdead^Xvideo^** for my new Xvideos account today on 12-20-18. = A siren at 556 and 557 PM. =rw634 & rw643pm after reviewing it.

When I was getting furious at the previous page then I remembered the God sized paybacks especially apply to women and that's when I saw it was 12-20 at 6:46 PM as a

sign of a beautiful woman doing very nasty sex and a reminder that women were behind closing my YouTube account and this whole entire fight against God is women trying to force heaven to endorse women's lies about stealing credits for sex. That's when my anger at the previous page got me to realize the God sized paybacks would have to include this power play by women which would probably require an apocalypse sized OJ. =rw656 PM is a huge sign because when it soaked in how evil it was for Xvideos to delete all my videos for a third time on 12-19 I said "damn that was evil!" and saw it was 6:56 AM on 12-20 as a (double FBI) confirmation. =rw900 AM = DDD. Except now it's up to five or six big confirmations of how mega evil that was and that's going to get an Apocalypse sized OJ. =rw656 PM//AM confirms it especially on 12-20.

After class L123 revived my memory of how much proof I have that I'm married to God it reminded me of class 251 where I said "the last four minutes completely convinced me of my calling and that I do have a lot of magic divine info from heaven". That's exactly what L123 did for me and it reminded me of how absolutely evil it was to tear all that good info down and even worse was to delete my classes except at 7:19 p.m. it was like "you can't keep a good man down". In other words I will still get glory for all that but I also noticed that saying includes "you can't keep a good man down but you can sure getting a whole lot of trouble for trying" and damn has there ever been a big evil conspiracy to try to keep me down.

12-21-18 4 hours of sleep thank you very much Abba because it was four hours in a row compared to the torture for the last two nights where it took four tries and seven sleeping pills to get four hours of sleep. CB 1129 = 400 AM and CB = 356 and 3:57 AM seemed to confirm this stacked Abba MYJ on page 56 (& 68) at rw357 PM.

Combine rw845am on 12-19 and 12-20 with rw357pm after watching three vintage girls see how much better sex is after they shave their pussy. It seems to hint at me

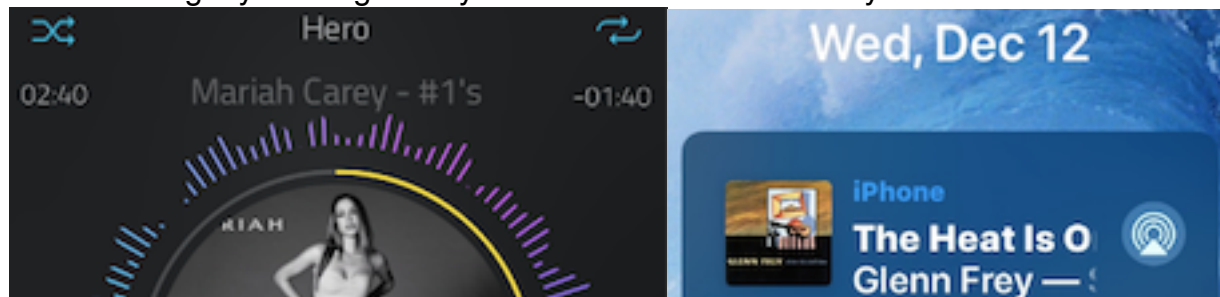

getting to leave due to ingratitude from porn of the excel-Pro miracles on my behalf.

Next is a repeat from page 1 because I got rw409 AM when I was singing "the heat is on" that confirmed the Alaska story with it. I got the rest of page 1 because it's like page^57 about me being married to God versus the LIARS saying that I'm not.

In the video at (Ds= thanks Paul) Punchbowl I was saying how the FBI & church was attacking my marriage really bad on the 24th anniversary and I realized I was still

recovering from it when the song Hero came on at 12:33 PM because I did the long run and I was by a black Mustang, (like on the next page), saying I have been doing this for

a long time & I just heard the song “you got a love too good for a woman like me” as 40 years ago when I met Rori (7-79) and so you’ve been a good Christian for a long time and for the long haul and you earned this marriage.

TGz737TBs, TBs99 & TBs132 = I didn’t realize escaping TB was as lucky as escaping^Alaska^. TBs737 was by^TCB69 as a sign from me to stop at Taco Bell as another PTB548 of how EZ it was for^her to come through and didn’t, there was also a sign of T-Mobile and the Marco Polo and how EZ it was for them to support me and not mock me. Another parallel to Alaska was TTV262 on a Johnson Controls van when listening to “the heat is on” and I think it was a pressure from Alaska that got YouTube just so viciously delete that song three times from my playlist three till I couldn’t replace it because of the story I told of how much it applied to Alaska. I think that’s when they realized the lyrics were saying the “heat was on” to try to keep me in Alaska and they didn’t succeed and were such sore losers they wanted that song deleted from my playlist. =

= A coffee ding at 4:37 AM on 12-21 confirms they missed their TCB call. It might also confirm that Hershey’s chocolate stopped saying “have yourself a minty little chocolate” for Christmas because after housekeeping made our beds each morning on the pipeline they would leave a minty chocolate on the pillow. It was a reminder of how much Alaska was called rescue Christmas in the same page that I wrote about the song “the heat is on” at YouTube. It included a 355 sign of “damn that was mean of heaven to not tell Alaska about they’re calling to rescue Christmas” as paybacks for them not telling me about Rory. It also implies the Mustang picture below was how 549 easy it was for California to be “don’t worry you’re going to be spared because that Long Cool Lady With a Black Dress had it all”. =rw444 AM and a (pg 61) full moon and a white PU dumpster truck and a garbage truck and a white XB hideously evil and a Aloha Air cargo box DQF 25354 confirms they got a Dancing Queen F, (when I was 17 on Highway 17).

It was a beautiful day and trip out. Like this at^Sand Island but the^549^ was another sign of TCB69 for me to stop at Taco Bell as another PTB548 of^how^easy it was for “see TB” ^ to come through and she didn’t, and there was a sign of T-Mobile and the Marco Polo and how easy it was for them to support me and not mock me. All of which points to this 549 as how easy it was for the FBI, (Helen you idiot), to let me

enjoy Sand Island not ruin it for me and others.

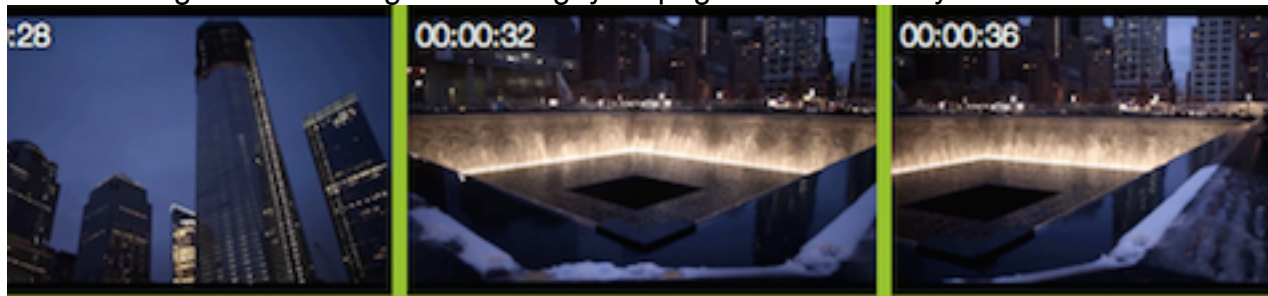

I checked to see if it really was an Aloha Air cargo box DQF, (because they went out of business years ago), and at 4:51 AM with a street sweeper driving by it right when “the moon just went behind a cloud and I'm so lonesome I could cry”, (by BJ Thomas), were all signs confirming when Aloha Air went out of business. I included the Christmas lights on the balcony at the top of the condos at 215 Kings St. because it's an FBI conspiracy that nobody within view of my window has any Christmas decorations and there are no Christmas decorations at Winston Hale as if it's my fault for not turning on my Christmas tree lights.

The FBI is just telling on themselves, (=rw506 AM when I'm with Abba confirms it), because over 10 years ago the FBI had a guy that would yell really loud every morning “good morning Honolulu” to mock me for catching license plates when my coffee boiled. The last time they did that was after I had a cigar at the window listening to Christmas music at night and it was so good that the next morning I turned on the Christmas lights on the Christmas tree. Except when I was having a cigar in bed I heard that guy yell “good morning Honolulu” and it killed the magic so bad that I unplugged the Christmas lights. That's also when I found out for sure how much the FBI monitors me on camera when I'm on my bed because they knew they blew it so bad that guy never did that again but it was blatantly obvious it was because they saw me unplug those Christmas lights. After that is when they started mocking me for killing Christmas by not turning on Christmas lights when they are the ones who killed the slim hope of getting some magic of Christmas back and then accused me of their sins. =

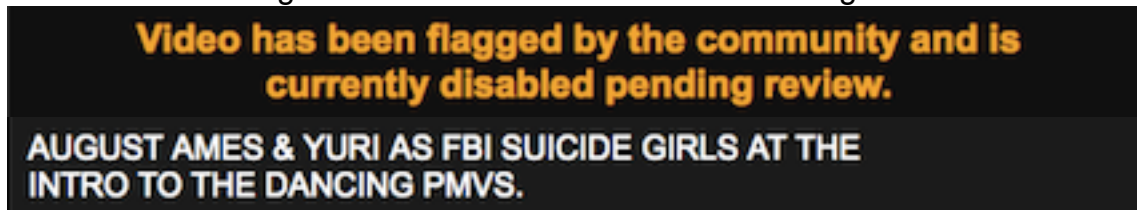

=rq516 AM on 12-21-18 I think refers to how bad YouTube and Vimeo blew it this year because after the hot roll I was on of getting the Spirit Of Christmas back at Thanksgiving last year it was looking really good for being even better this year. You would think that YouTube would refrain from blowing it since they killed that hot roll last year so bad that I explained their credits for killing the Spirit of Christmas in 2017 in detail in class 244. Then YouTube and Vimeo went bad to worse by deleting all my videos on 3-29-18 and 10-18-18 and then the FBI had the nerve to have “light up Christmas \$1” signs at Walmart which was again blaming me for their hideously evil sins of deleting all the divine signs in my classes at YouTube and Vimeo which was a 636 OJ of “you just sealed your doom for killing the Spirit of Christmas”. That's like CNN636 in what follows from 11-12-18, I got a little extra because it's all relevant.

This has been such an unbelievably evil morning that I thought I'd check the time at a big “don't cuss call us sign” and saw it was 2:44 AM on 11-12. That was a triple big New York sign after thinking about the guy on page 5 when I finally realized he said his

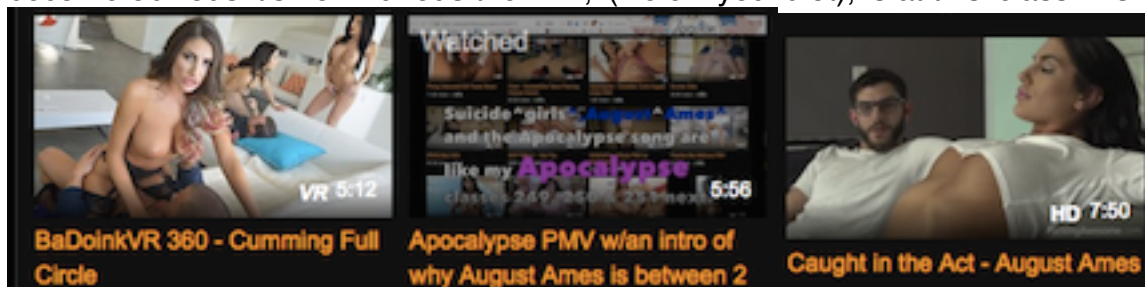

son was murdered on 9/11/01 because he knew I was watching^this^show.

...at “don’t worry they hate your guts and you’re going to get to go home” I got a ding at 5:04 AM from Holy Honey confirming I’ll get an “I love you” when I get to heaven soon and confirming how evil the info has been this morning. It's been so bad that it's

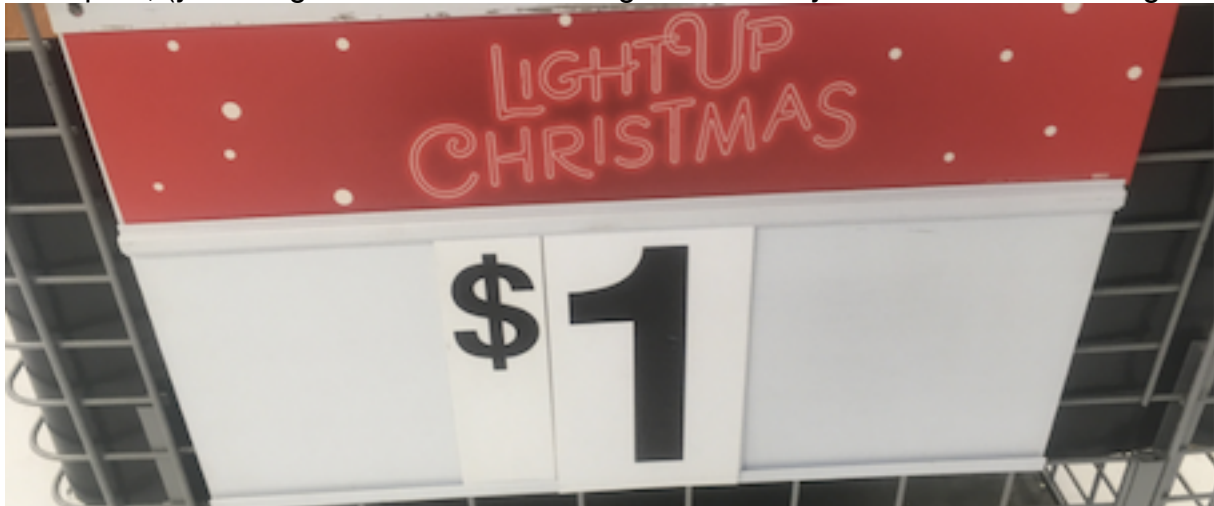

become obvious it's how^furious the^FBI,^(Helen^you idiot), is at this^class 273. This

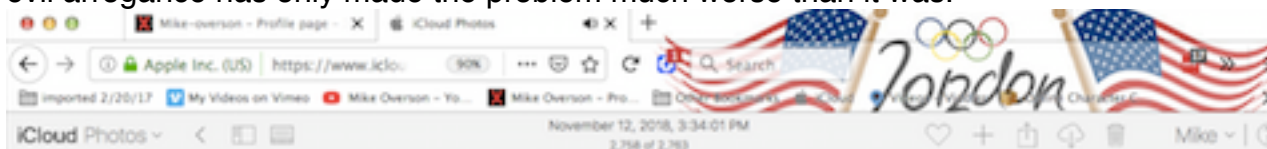

^360^Cumming^full^circle^ and^August^Ames^Caught^in^the^Act^ also seemed to ^confirm ^ their ^ anger ^ and at the “light up Christmas \$1” picture on the next page.

“What was that?” =rw620 & 621 AM I think was referring to the diaries^ I showed in class 273 that said Christmas was^canceled and a few page 1 diaries like page^1 on this D69 about the military blowing it as a sign of two things (62 & 621) that would make people angry. That was confirmed at Walmart when CNN636 didn’t make sense when I

went into Walmart but it did when I came out and I heard three Christmas songs at 4:57 to 500 p.m., (you will get a sentimental feeling... the 12 days of Christmas and Jingle

Bell Rock). This picture I took explained why I had such a miserable morning and it's because the FBI, (Helen you idiot), YouTube and Vimeo sealed their doom by deleting all my videos and I advertised that in class 273 which explained CNN636 and why the FBI was so mean that I had to download porn from 630 AM to 230 PM until I recovered from the gross ill will I got from the FBI in what I wrote from page 1 to 6. When I took that picture it explained why I was miserable all morning due to the sore losers at Christmas canceled in class 273 as CNN636. I said "after Vimeo and YouTube deleted all my videos there was no chance of getting the spirit of Christmas and they had a lot of evil nerve to expect God to bless them with a good Christmas in spite of that". That's why the FBI was trying to twist my arm to force me to get into the spirit Christmas. Why don't you try that on God since they are the ones who send the Spirit of Christmas. Your evil arrogance has only made the problem much worse than it was.

At Punchbowl it was so nice to see the flags out again for Veterans Day. I saw SSA145 there on a grey 2001 Odyssey and saw SSA121 at the beach when TBs504

was leaving as very good signs for my one-man show calling. I was listening to the song "it's a shame" and saw PD986 which explained RNF891 I saw later as the 935 USA as "it's a shame the 348 public takes the media side against what God is doing through me". There is a yellow 019TNV Mach 1 (Ds= mock one) at Punchbowl that I think the FBI had park next to me when I left Walmart at Ls 5:03 PM. The yellow 019TNV Mach 1 next to PJs872 was an OJ on California and Hawaii as a label at the start of class 272, (for being too yeller to support the 1 and to mock me & what God is doing through me).

There were NO FLAGS out on 12-6-18 the day before Pearl Harbor Day which was very evil like rw1113 PM when I finished the AOL I started at rq905 PM that goes from page 19 to page 33 that was all started from no flags at Punchbowl on 12-7-17. I got rw551 AM on 12-21 to put in the next three pages of how evil that was on 12-6-18.

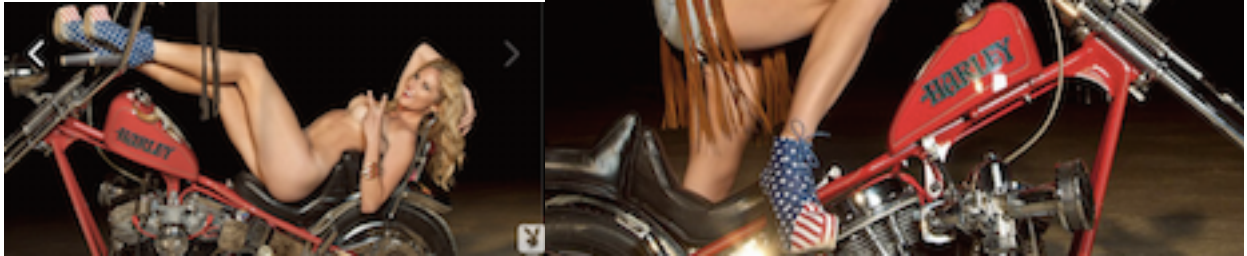

12-8-16 had pictures of how well Pearl Harbor Day was celebrated as a very big contrast to how evil they were on 12-7-17

when they had no flags out at all.

The main point of what follows is how bad Playboy, (and the Harley vets), are mocking class L127j. Except after L127j

was confirmed and improved in classes 271 and 272 the critics were EXposed as the damn ^v devil by deleting ^v my Xvideos

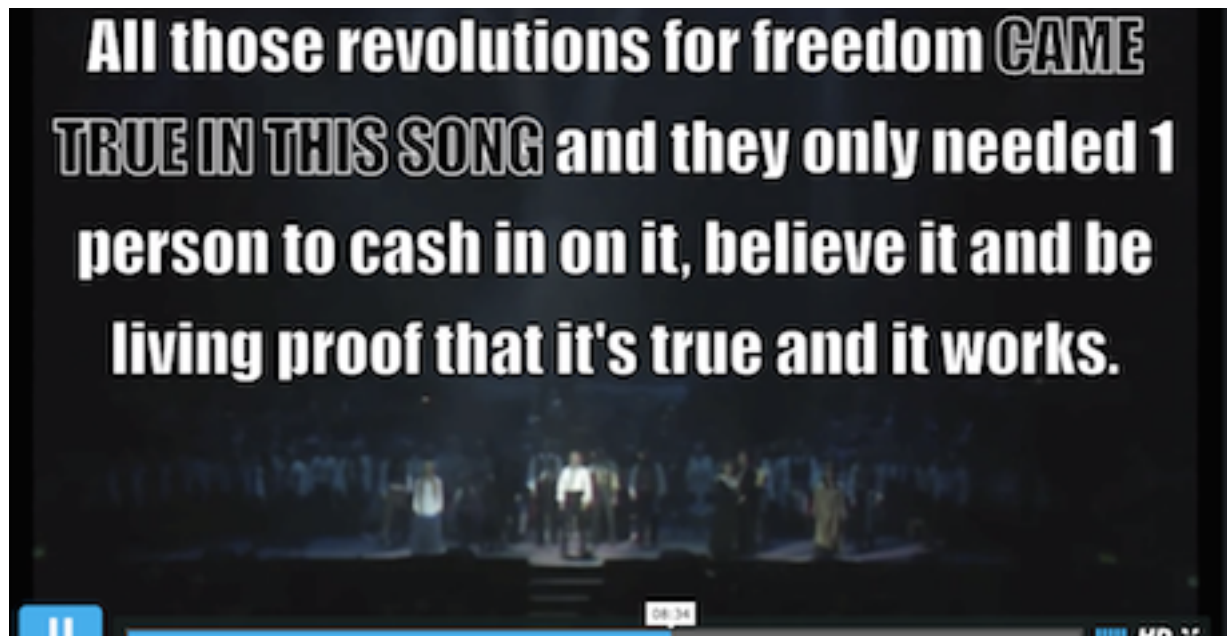

account on 12-2-18 and 12-19-18 mainly to

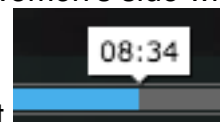

cancel the ^v lessons in 271 ^v and 272. ^v

This refers to the Harley^parade on^12-6-14 and class^L127j^saying^the vets^rejected

this^blueprint for^standing^up for God^and are taking women's side with those USA

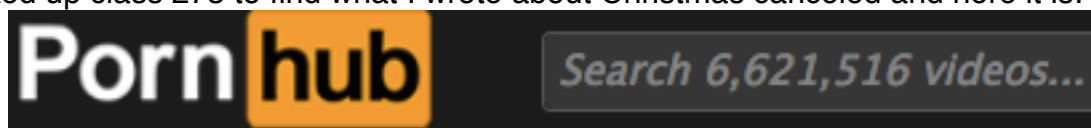

pumps at that Harley. I got rq702am to include it was at 8:34 in class L127j as a “let her cry” at the great break I got as my reward for standing up for God.

= 6:11 AM on 12-21-18 when I was amazed that I wrote from page 59 to 66 and the 611^confirmed^how^evil it was. =rw613 AM compounds it because it's the FBI as Helen being very evil and obvious at flexing her sexy muscles against God and country on page^65 especially with their MEGA evil PowerPlay of closing my Xvideos account two times in December just to get rid of classes 271 and 272 on page^65. =rq622 AM implies the Helen problem in Hawaii.

^That's^like^rw657^AM^when^ I was thinking of how awesome the beauty queen series has been in getting me to use diplomacy with women. If the FBI didn't shoot down the beauty queen series so many times I think we could've been well on our way to a very reduced sentence for women for the crime of fighting against God. Except the FBI has shot down the beauty queen series many times and they have kept going bad to worse which was like when I said “I don't want to lose the diplomacy with women that I've been getting lately” and got rw657 AM. It was a loud and clear sign with 622 AM to not get in the other gutter of letting women off too easy and then 658 AM confirmed it especially when compounded with rw613 AM as the FBI as Helen being very evil and obvious at flexing her sexy muscles against God and country on page^65 with their MEGA evil PowerPlay of closing my Xvideos account two times in December just to get rid of classes 271 and 272.

I looked up class 273 to find what I wrote about Christmas canceled and here it is:

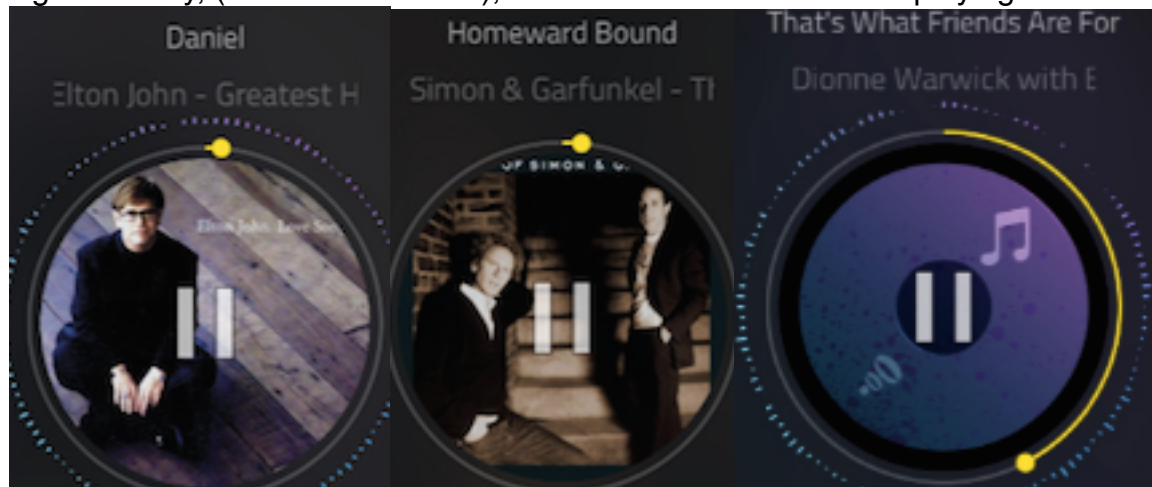

These two^v seemed like a sign of Christmas ^v canceled sore ^v losers.=

=rq922 PM on 11-9 is a confirmation. It was bad enough that YouTube deleted all my playlists and especially my Christmas playlist 7 that I would listen to to help get in the mood for Christmas but when Vimeo went bad to worse by deleting all my videos that "mega sealed your doom for an 86ed Christmas". It's amazing how the FBI, (Helen you idiot), can be that evil and then actually have the nerve to expect God to bless you with a good Christmas. Damn are you evil atheists begging for a big OJ and a correction to your faulty logic and sick thinking, (that ^also^applies^to^the^sold^out^church).^

=rw720 AM on 12-21-18 when I put^this^in I think also applies to the California story that went just before it. Because initially I got real good feedback from California but then the women did their usual fight against anything good that I do and now I've got signs that California hates me more than ever because they don't realize how stupid it is to cooperate with "no good deed goes unpunished". Here's the notes from when I went out on 11-9:

TVG709 on a PU was a sign California didn't like what I said about them at the start of class 272 and right now I'm by cSJ272 at AT&T. All that was proved wrong when I was eating a "supreme crunch wrap" at Taco Bell and heard the song Red Wine as a sign of Monty, (in the music video), and when I left "Daniel" was playing and then

"homeward bound" and "that's what friends are for" were^all^a^lot of^good^California memories saying they kind of enjoyed 272 and there was no hard feelings. = DDD 119 PM on 11-9 when 330TTZ "kold king" left I think was a prophecy of "no good^deed^goes^unpunished"^to^make^California^hate^me for this good will AOL.

When I said "if you're going to be that hot I'll give you some cheese" I got rw7:38 AM referring to "you ain't seen nothing yet" of how hot I was this morning so I got the iPhone to write this and got a ding at 7:38 AM to confirm it. When I said "thank you I didn't know I was that good this morning" I got a ding at 7:45 AM and heard bus 916/20 as a sign of Andrew Jackson on the \$20 bill and his line at the Andrew Jackson submarine at the Bowfin museum where he said "one man with courage makes a majority" as it applies to me and (916) California. At 7:45 AM is like when my coffee

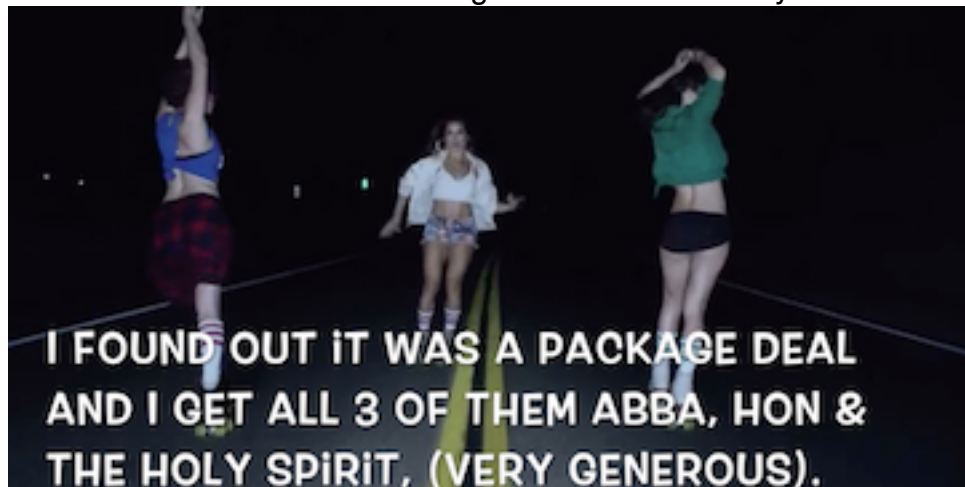

boiled at 3:57 AM which confirmed this stacked Abba MYJ on page 56 at rw357 PM:
Combine rw845am on 12-19 and on 12-20 with rw357pm after watching three

It's like "made her mad by God" as these gunshot signs at 845 (x2) and 357 (x2) and 745 are a lot of confirmations I'm going to get to leave soon. That's not why hugged Abba as this stacked lady at grace but it sure is why I'm going to hug her at this lady at hon time. It's because I'm going to get to be with her soon in heaven. That this landed on page 69 is a like I obeyed a Ma-4307 sign to go to work like in the movie Chinatown.

I also got rw902 AM when I was glad I put the pictures in at page^70 to sum up the highlights of this morning which was confirmed as worth the effort at^rw923^AM^, (even though it took 49 minutes of hon time to just get rid of half of the stress).

At hon time when I was thinking of how awesome it was that after my seventh upload of the Harley Quinn PMV they finally did NOT ruin the stereo at Xvideos and that's when I saw it was 9:58 AM as "not notice the terror" of how absolutely evil and stupid it was to ruin that hot roll by closing my account on 12-2. On 12-21 it seemed to refer to it's "way too late" after they ruined the second chance to get it back by closing my account again on 12-19-18.

viddler

Viddler reduced the size to only ^1.2 GB^ for videos you can upload and reduced the character count for the description of the videos from 3000 down to 2000. It was another case of “if it ain't broke don't fix it” because it was twice as good the way it was before and links would work in the description but they don't now. This is going to cause me to upload class 244 and 245 to Mike Overson End Times.com because at 6 GB and 4.5 GB you'll get a lot better picture at .com.

I'm not sure I said this before so I'll say it now, when I first went to the Apple store in Waikiki on 12-24-08 Brady was telling me that my files were too big (at 1.3 GB per class), which is what they were also saying on the Internet and coming up with ways to reduce the size of big files. I had to do that twice to all of my classes because the first conversion they gave me was really a bad mp4 copy but then they came up with MOV that came in much clearer but was twice as much work because I could only convert two a day and I had a lot of classes to convert. From 2008 to 2014 I watched the Internet slowly change their mind in favor of “who cares how big the file is we just want a clear picture”.

I'm pretty sure that only a year ago at Xvideos that 2 GB was the maximum size video you could upload. Then they increased it to 4 GB and on 12-9-18 I tried the 5 GB Harley Quinn PMV and it uploaded and it was the first time in seven tries that they didn't ruin the stereo. I remember the first (and only) time I watched it I was smiling through almost the whole show that I finally had such a good and clear copy of Harly Quinn with good stereo at Xvideos. I think one reason why Xvideos changed was because so many other hosting sites allowed HD videos and Xvideos was getting known for blurry copies.

Another big hinderance was Go Daddy limited me to 150 GB and now that they have no limit I'm able to upload all the original copies of my classes that are all over a gigabyte each. The picture is twice as big and twice as clear as the .mov.

Now I have to apologize for slandering Handbreak, (@ 5 min in class 203 on the next page). Because Handbreak converted my DVDs to 1 GB videos that we're totally unacceptable in 2009 but now I'm glad I still have a copy of the originals because Handbreak was actually ahead of their time now that big files and a clear picture are much more preferred. But when I made class 203 I'd about had it with this Murphy's

From VCR to DVD to Handbrake

Law of changing^all my classes^from 1 GB to a^lousy 200 MB copy and then I had to

to .mov to iMovie verses Direct from my VCR to iMovie

change^all my classes again into mov and then I bought a Black Magic video converter that would direct dub from my VCR to my Mac. I think it was in class 206 I did my first

apology to Handbreak as this^cocktail^glass^on my dock, (I really slandered it bad in this class 203, sorry). I naturally assumed that direct dub would give me a much better picture but not only was it the exact same video quality as MOV but it didn't convert to a 1 GB video. So all these conversions that I've done were unnecessary and I could've went with the very first Handbreak copies but everybody has to learn the hard way through Murphy's Law. Unfortunately that can lead to a very evil conspiracy theory where I made a fool of myself blaming it all on Handbreak in this class^203.

Another BIG problem was iMovie had to export to MOV to get rid of a bad ringing noise whenever I did a WebCam talk which was very often because no one taught me how to do voice overs or use iMovie at the Apple store. When I exported it to the bigger and better m4v like^at^class 202 it was a clear picture but with the bad ringing noise.

That problem was with every Mac until this Mohave where you can barely hear that ringing noise, (but it still might prevent an upload).

On page 70 I have a list of new classes I'm putting in place of the old ones at .com,

63 = 271

64 = 272

65 = 270

66 = 274 & 265

67 = 263

these ^are^ the classes they don't allow at Pornhub and Xvideos and so the only place I can offer them to the public is through my .com site.

12-22-18 4 hours of sleep thank you very much Abba.

CB = 242 & 243 AM and CB 1129 = 246 & 247 AM, (are hopefully early exit signs).

I got a a sign yesterday when I was writing about how I slandered handbrake. I

was mocking myself saying "it's^an^evil conspiracy" and got rw8:06 PM on 12-21. I realized that could be what I referred to many times in the Bible in my classes where the moon turns to red and the sun will be darkened and the moon will not give it's light. I've also said it looks really obvious that might be happening in the year 2019 as a sign of what God is going to do to atheists or "to 19s in 2019". I didn't write this yesterday because I thought it was too small a sign but from getting more and more angry at the evil atheists that have destroyed all the divine signs in my classes and playlists at YouTube, Vimeo and Xvideos I realized the "evil conspiracy" is God's anger that goes way back but it will finally climax as a very severe 86 when it's way too late for all these vicious atheists to say "were sorry, we didn't mean it" when they are starving divine signs in the future. = rw32508 PM refers to when porn was 86ed in class 96 on 3-25-08. I think this 86 of info especially going to apply to women stealing credits for sex. That was confirmed in what follows especially to get ^rq806^PM^12-22-18^ the next day.

Vanessa Butt=ma 80s girl magic butt just for 1 show=^rq806^PM^12-22-18^.

1st^watch= finally get to use regular speed and slow-motion again. Thank goodness for Cassidy Nova in class 275 because she prepared me to enjoy a girl w/o VAge and to get the joy of sex again. The second watch today on 12-22 was even more

slow motion so I had to look her up on the boob cruise in what follows:

Search= I got her only 2^v videos
Ben Dover Does The Boob Cruise

Vanessa Butt & a girl both lay out on USA towels= damn that was an evil way to ruin her only other show esp when the first one was so ma, what AWAsTE! It's like below and the siren at 736 PM on 12-22 = very sore losers for biting the Apple.

At 44 minutes seemed like the only good show in 1.5hrs of The Boob Cruise except for a short & sexy Danni Ash show at four minutes. It's mainly because disgracing the flag was such a big turn off but the girl at 44 minutes next to Vanessa at 51 minutes was how easy Vanessa could've did a sexy show without mocking the flag but they ruined it instead. It's no wonder that Vanessa's ma porn career ended so soon. = A siren at 736 PM on 12-22 = very sore losers for biting the Apple= rw737pm. =rw818 PM and thank you for the save Abba.

12-23-18 4 hours of sleep thank you very much Abba.

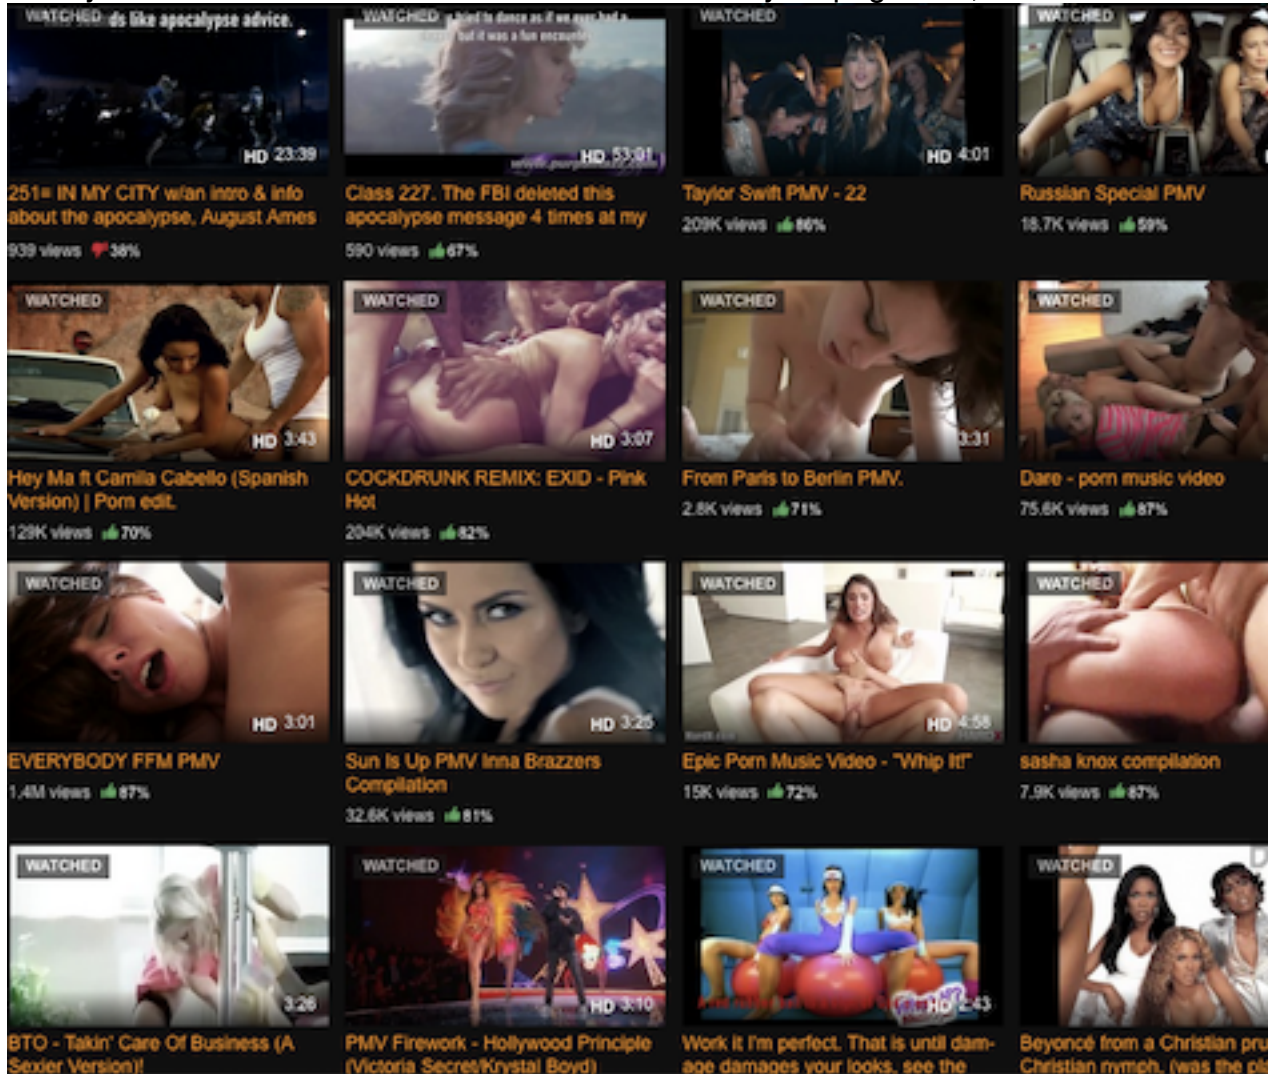

CB = 205 AM and CB 1129 = 209 AM.

When I said "what a waste waste waste" about Vanessa^Butt I got rq3:18 AM on 12-23 as a sign of the wasTE of not paying me and of Tracy^Bingham's beach^on 12-3 in 12-03 at 231pm and Maxim magazine's Christmas sex permissions AWAsTE=12-11.

A collage of images related to adult content and surveys. It includes a banner for "TAKE THE SURVEY EARN A REWARD" with two "CLAIM GIFT" buttons. Below the buttons are the phrases "RECEIVE A REWARD UPON COMPLETING THIS SIMPLE SURVEY" and "WHAT ARE YOU WAITING FOR? START THE SURVEY NOW!". To the right is a cartoon illustration of a woman's chest with the text "The Porn hub Survey" and "ANSWER & Get Porn!". Below that is a photo of a woman in a bikini and a "Craigslis for Sex" logo with a peace symbol and the text "Only Men 30+".

^rw726^AM I think is like rq3:18^AM as^"Mike^is^officially^free"^but I could do a lot better with a little more help^and^with a lot less resistance, (and more money). The

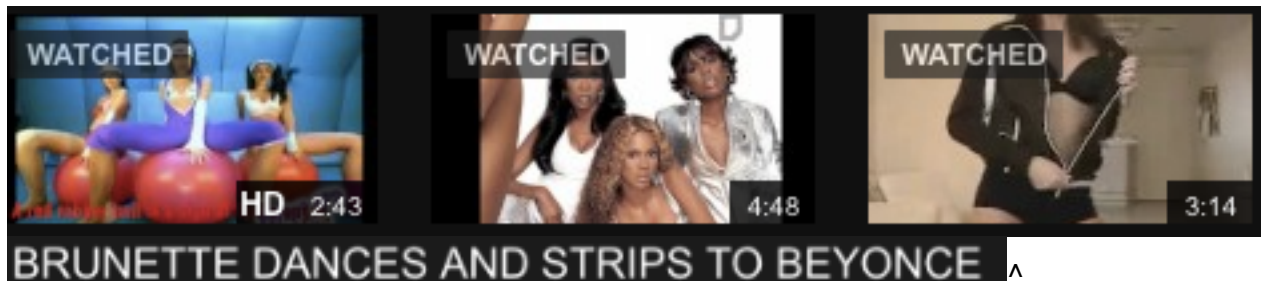

main reason for putting this^in here is they're trying even harder to get me to take the survey even after I told them I wouldn't take the survey on pages^51, 52 and^71.

These^are all the^videos I watched and 1 below, except I only listened to the last 2 PMVs in 227, (and didn't watch 251). I got rw3:09 AM saying to watch these^PMVs^

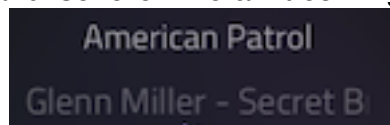

after class 227 and this was a "too good to be^true^AOL^" sign to do that after I watched half of 271 then 272, 274 & 265 at my .com site, (a big^AOL day). When I said I think I'm

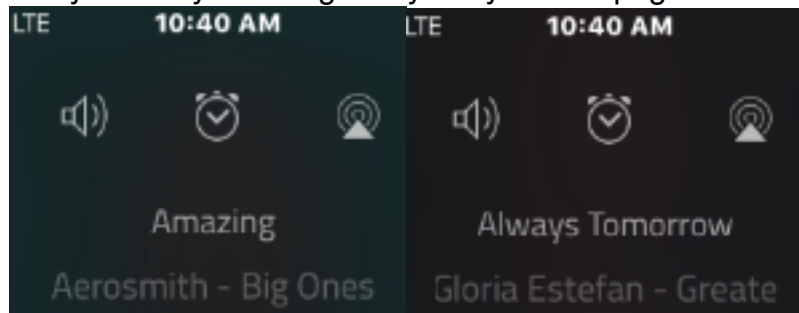

miserable due bad feedback from the AOL I got 11:55 AM to confirm it. More proof is the FBI is playing loud rap music at my window on Sunday as their way of saying Merry Christmas. It's also like 11:45 AM yesterday in what follows.

Going by Long's I was listening to Lido and "reach out and touch somebody's hand make this world a better place if you can" and saw PDs704 and a USA flag and Sc874 that was like SEX874 when I was listening to "like a virgin" as it applied to the beauty queen series^and^ordinary magic good will miracles like Lido in class 270 and the other song was a big hit at the opening ceremony of the 1984 Olympics in LA. [It's also like the PMVs I watched on the previous^page]. = The guy in 419 starts going berserk at 11:45 AM on 12-22 which I think falls in the category of ^"squirm^you^jealous^worms" ^especially^as it^applies to the mega evil envy devils that deleted all my videos and playlists at YouTube, Vimeo and Xvideos. It's like so many times when I hear a song that was at my YouTube playlists I'm amazed at how damn evil it was to delete all those divine signs and good will especially for such ^trivial^reasons.^

Paybacks might be like at the start of the song Lido when he sings "he ain't coming back" I saw 697CRY on a Delta Christian Center Volvo station wagon at Lime St ^as^26^years of^proof^of "he^ain't coming back" as an Alaska OJ. Except the 86 to YouTube, Vimeo, Xvideos, the FBI, (Helen you idiot), etc will be a MUCH more ^permanent^and^severe^ "he ain't coming back" ^at^my^early^exit.^

PEX618 at ^American^Patrol was how evil YouTube was for deleting it and then I saw 629TNF as a sign of how much trouble they are in and FXU492 which is hopefully my early exit and of course a sore loser sign with PUJ732. TGz009 and TGJ908 went with NYOY98 I think referring to "the end" and "made with love in New York" at Vimeo in class 270. Then I saw a BMW 1X with WWS745 as WoolWorths745 and a ^bunch^of^45s yesterday referring to my early exit on page 1. That's^when^I got the 1040am alarm

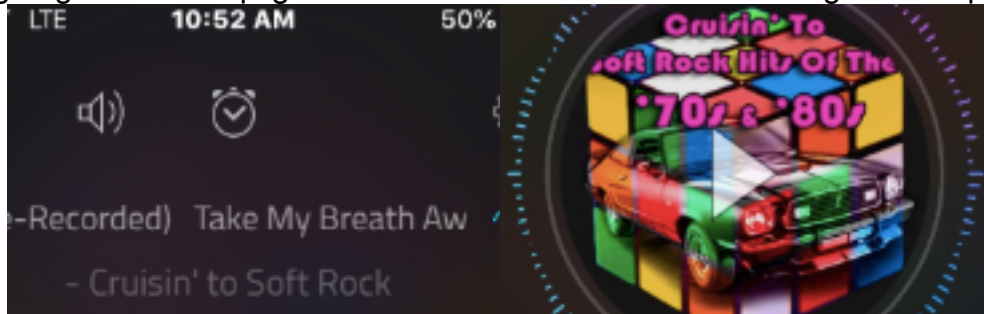

listening to^Amazing^ & then "there's^always^tomorrow". When I finished listening to "there's always tomorrow" I saw 129TNF as "vengeance is mine" because I almost didn't listen to it due to mockers which was really obvious after I did listen to it because I was amazed at how much it applied to me and God was saying "vengeance is mine" on the^vicious^atheist^liars^and^mockers^denying it. [=rw234pm is like what follows.]

TGJ549 by a red Cooper and a California plate Ca Y 709 and big Pun709 and big Pun201 on an Infiniti were all early exit signs^with^WES^958^ and 629^TNF^. It's like TG307 on a Paradise Jeep with the song "still waiting^for^love^to^take^revenge" in the song "surrender". That's also when I saw Was444 saying "I was^on^time" with class

L99 but ^Obamacare^ might be out now.

I got a sign of God covering for me when I passed a lot of cars at the beach waiting to get to the stoplight at Ala Moana Boulevard because right after I passed all of

them this^song played “take my breath away” as a complement and covering for me.

At the same place where I saw the 537TNF limo at the beach a week ago I saw the 603 limo that was such a homeless car I didn't think was even running but apparently it is because it moved from where it was to that same spot by the beach. It was next to the limo 411TNF that was like 629TNF as “not notice the terror” of how stupid it was to not obey that 537 to welcome me to Hawaii at the Marco polo and the original 629 applied to how stupid it was for YouTube to delete my playlists.

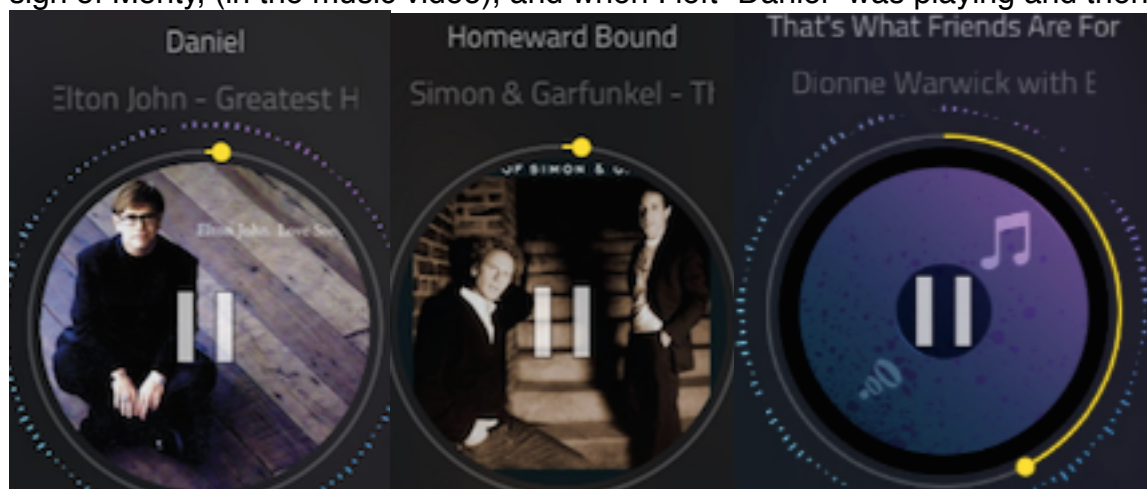

I think the FBI was behind getting this^limo by the Marco Polo cleaned up and moved out of there because it was gone the last two times I went by there.

12-24-18 5 hours of sleep thank you very much Abba. Except when I woke up and realized this was the last day with Abba and it was time to move on to Holy honey I slipped on an old EG saying “rid of you at last”. I halfway blocked it and said “I hope the tie goes to the runner” and got rw3:47 AM as a sign that EGs might accelerate my early exit and then a siren for all of 348 AM confirmed that slip ^was from the public taking the media’s side and mocking me and this marriage. When I said “please love you very much that slip what's from an EG and not from me” I got rq4:05 AM and rw4:17 AM when I wrote that was such a big confirmation of my early^exit^on page 68, (also on the next page), as “Dumbo's revenge flight” it got me to repeat pages 67 to 70 to confirm all the gunshot signs of “made her mad by God” that are going accelerate my early exit, (with CB = 355 AM and CB 1129 = 359 AM on 12-24). Next is from page 67:

rw720 AM on 12-21-18 I think also applies to this California story from 11-9-18 because initially I got real good feedback from California but then the women did their usual fight against anything good that I do and now I've got signs that California hates me more than ever because they don't realize how stupid it is to cooperate with “no good deed goes unpunished”. This seemed to confirm a “mega let her^cry^early^exit^OJ”. That might go with

this Easter egg looking Christmas bird at Pornhub as a sign they got the message.

It's amazing how long it takes to realize how evil the FBI has been because after I made this class 171 I read the profile of a lady at a dating site that was obviously written

by the FBI deliberately slandering^171 and^me as much as she could. Seven years later I finally realized that was such a deliberate sin against God and country that it could earn her a snuff film so I checked the time and 5:44 and 5:45 AM confirmed it.

The FBI had a Serta perfect sleeper sheep on a truck saying ^“don’t^follow^me”^ when they realized what I was saying at this part of class 171. It's typical of the amount of money and trouble they go through to contradict what I'm saying and another confirmation that they were so instantly “knee-jerk” evil against God and country that it could earn a snuff film.

It's the same way they sabotage any good thing that happens on my behalf in porn. = The garbage truck empties our dumpster at 6:36 a.m. and DDD at 6:37 AM after

I put in these pictures of Ines Caned Before Bed, (by this Times Square picture?). I got it

because Ines Cudna is such an FBI evil queen of the grind to me it was obviously a sign

of the price^v to pay with this 904 PM Picture of Luna^ and rw700pm at this big tits BJ.

It's been a miracle that I've finally been getting the magic of tits back and the previous 2^pages of the FBI's instant knee-jerk reaction to shoot down anything good I do was like when the garbage truck emptied our dumpster at 6:36 a.m. and DDD at 6:37 AM as "you just sealed your doom" of getting more boring sex than ever. It might be like

the opposite of being rescued by a "slut hero" where the info that could've rescued your sex life or even your life can't be found due to Queen of the grind paybacks. It's the obvious conclusion of mocking to death the guy who used to rescue girls from the video age curse of boring sex and from being worthless sluts to "you made me feel shiny and new like a virgin again".=

=rw1211 PM on 12-24-18 as Maxim magazine throwing away the sex perms to rescue ^Christmas^ on 12-11-03 was a confirmation to write about Melissa King doing a photo shoot for Maxim magazine and an FBI inspired "Christmas picture" that was like their usual sabotage signs for me to go no further. Here's what I wrote on a folder:

I had to watch Melissa King's porno because I was favoring Kristy because she has much more porn scenes in the Beauty Queen PMV, this was a way to even out the sexual attraction between the two. That caused me to want to look up info on Melissa.

[melissa king miss delaware wiki](#)

[melissa king the santa clause](#)

Here's another folder:

Melissa King looked up on 12-24-18, it was worth it for the next three pictures where she still looks like she did when she was a teen, (she's gorgeous as an adult but

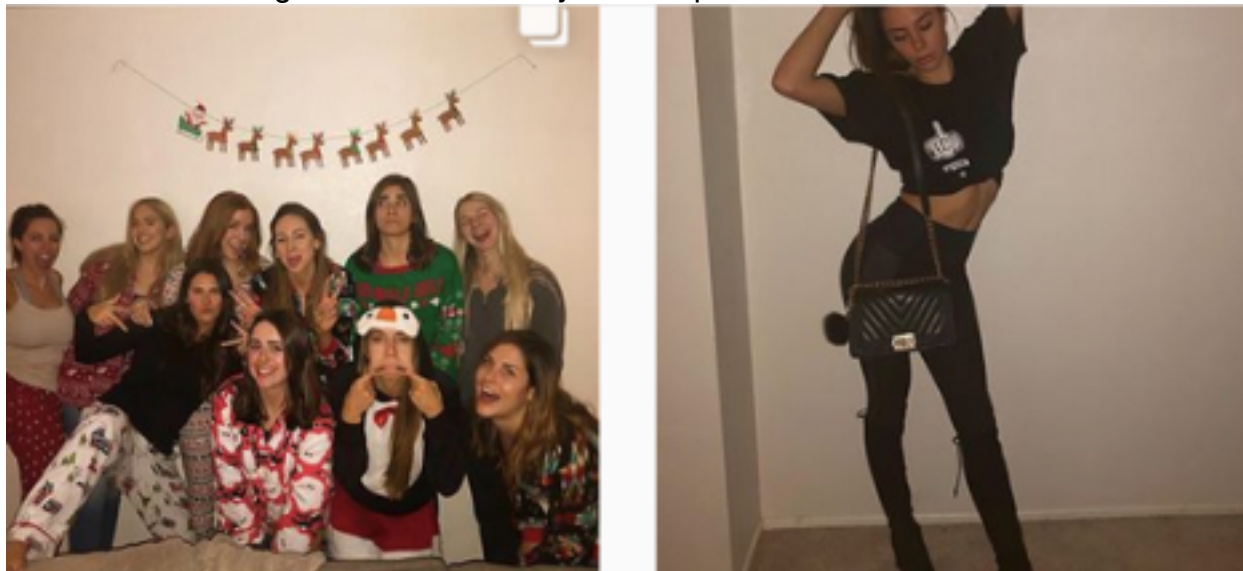

she doesn't quite look the same).

Here's the third folder:

The evil FBI ended my search of Melissa @melissamking Instagram photos and videos. =rw1131am 12-24.

As soon as I saw the two pictures below I ended the search before the FBI could dig the hole any deeper. Except it's already pretty deep after I found interesting parallels to when Maxim magazine mocked away the sex perms to rescue Christmas in 2003.

Starting^with^this (FBI)^“Christmas”^picture and a hint of an fumo^next to it and Melissa doing a photo shoot for Maxim magazine, (I think it includes those pictures of her at the top). That was a “ordinary^magic” ^parallel to this lady with the same name:

Melissa King, Actress:

She is an actress, known for The Santa Clause (1994) and Ordinary Magic (1993).

This^announced^Christmas^86ed^in^1994 and this is a^Ordinary^Magic^coincidence^with 1993 as the last year we had any Spirit of Christmas before it was 86ed in 1994. After how bad Maxim magazine blew it in December 2003 I'm amazed that they're still in business so it was a bad sign to see this

(FBI) ^Christmas^picture^ and find out that Melissa did a photo shoot for Maxim.

Ho ho ho! Follow Santa's journey around the world with Google Maps

Google Search

I'm Feeling Lucky

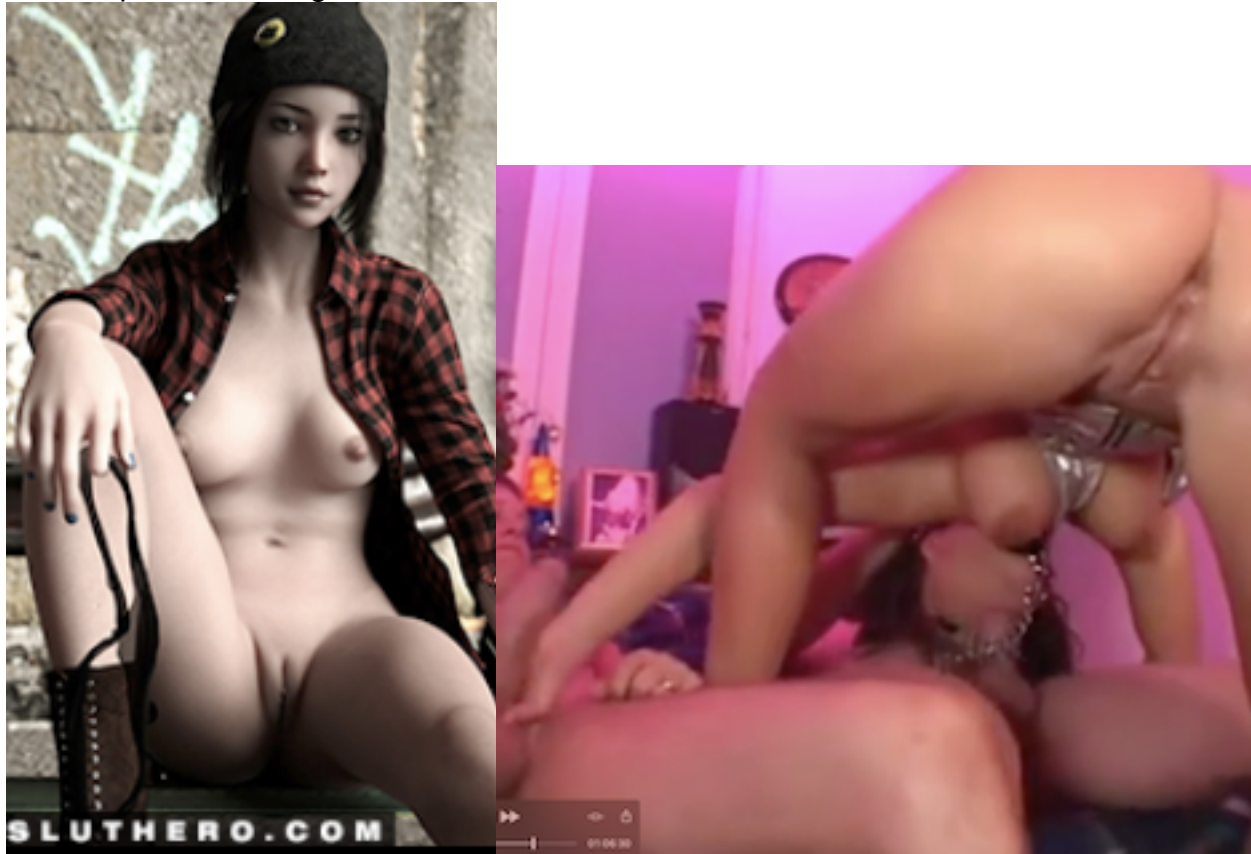

Google has Santa dropping presents down the^chimney like^in^The Nightmare Before Christmas that I show was a prophecy of how bad Maxim magazine blew it in

2003 in class 271. It seems like Melissa King is too in sync with the FBI which is actually

the main reason why I stopped watching Angel Serena's webCams, (because she was so in sync with what the FBI was doing). It meant she was no longer safe to watch.

I put in this mega slut hero Katin^v because at the end of that one hour show of

her doing awesome ATMs and swallows I got rq618 PM at her last swallow as a sign to give thanks for this awesome 12-24 Christmas present of a very big appetite for very nasty sex because I finally found ATMs and swallows without the VideoAge curse of boring sex. =rw650 PM.

I should also say that even if Melissa King totally blow it by doing that porno to mock her Miss Delaware title and then totally blew it again with ingratitude for how much I came to her rescue it still won't hurt the beauty queen series of classes. It's like I said in class 257, "the main reason for doing this series was to make it safe for Beauty queens to have sex" but I was referring to clean Queens like I thought Melissa was. I'm glad I didn't know she wasn't because I worked a lot harder to defend her which now applies to other girls going for Miss America by giving them permission to have sex without shame. =

A Cyren siren at 7:20 and 7:21 PM might be a sign of who's "too good" for who on the next page from where the beauty queen series started in D59 on 4-23-18. It's also referring to the evil FBI feedback through Melissa King that was deliberately designed to mock all I have accomplished in the beauty queen series. It was so damn depressing I had to watch porn all day to get cheered up and fortunately that last page of porn did it by 6:18 PM. Next a lesson in who's "too good" for who.

At 9:19 PM on 4-26 I realized why there were so many Taylor Swift girls terrified at me as the Taylor Swift by the T as how many music videos she has done with

inuendos to the 1. It's like 919 as "crying atheists" trying to explain why they got less magic after I was gone. It's really an interesting parallel with this number 13 on her hand

as rw1003 AM on Page 35 and 50 as a sign of a mega ^13^ when you had it all and

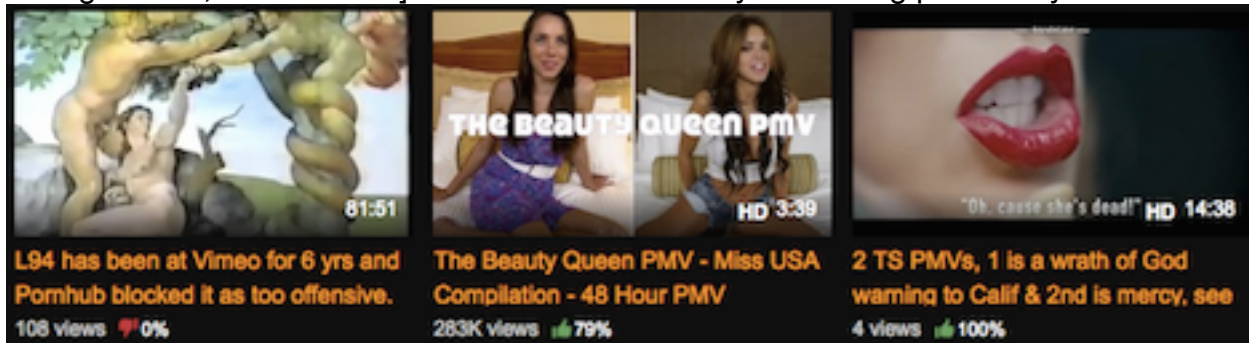

threw it all away like when the FBI got Kristy Althaus to do an fumo and small dick

humiliation to shoot down a big offer of mercy to have her and Melissa King on page 1

as hon and Holy honey with Yuri as Abba. [The FBI and Melissa King just made that worse on 12-24-18 but The Beauty Queen series still flies without Melissa's help or slut hero gratitude, ^=rw753 PM.] Both Melissa and Kristy were a big part of Taylor Swift's

song "wildest dreams" in the the^Beauty^Queen PMV and in class^ 255. This looks like

another sign of the PMV on Page 26 and 27 as 2 PMVs confirming my early exit is near.

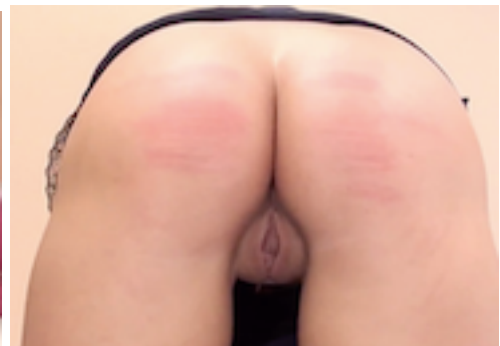

It might be like the sign to Olivia Newton John in the movie Grease when she says to

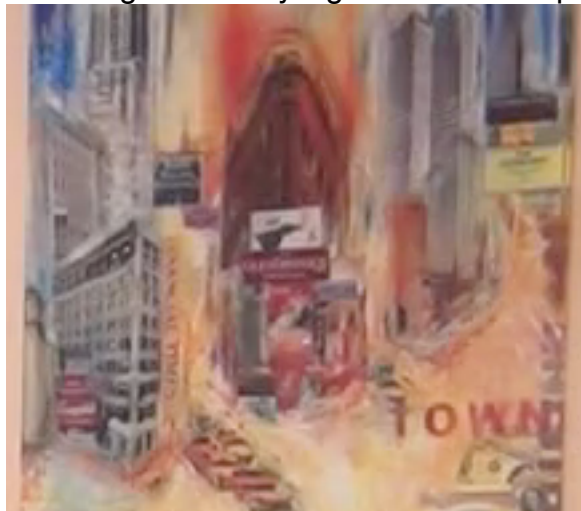

her boyfriend something like "do you want more music? I'll need some money" to put in

the jukebox. It was a sign that if she wanted more hit songs she was going to have to pay me. It's like in the movie Dragon when Jason Scott Lee says "you should buy a car". I said that went with the full-page ad "who knew Hi could be this Low" the first day I drove a car in seven years when I rented one to go look for a motorcycle to buy. That became the number 1152 on 11-15-02. It was the legends of Hawaii saying "who knew Hi could be this Low to not buy you a car Mike".

The FBI is the master of the most gross and devastating ill will to crush a person with bad feedback and I was completely recovered from when they tried to do that through Melissa King today on 12-24-18 but after putting in the last three^pages about it I got depressed all over again. I thought I was finally ready to do my first hon Time with holy honey on 12-24 but it's just like earlier in the day when I realized I was too depressed and had to drink a soup and watch porn instead. On the bright side I haven't lost my diet but I have to put off hon Time again and drink another soup while I watch porn to get cheered up again. Of course I have to be very careful to avoid the gross and devastating ill will that the FBI comes up with in porn but as much as they think they control everything they don't at all and I can still find a lot of porn that they have not sabotaged yet.

I got so many signs about^this spanking as applied to the 9/11 disaster^and^New

York^being^Queen of the grind and women stealing credits for sex that I had to write this much about it but I'm way too tired to tell all the details. One thing nice about it is no matter how many lies the FBI and women and porn tell it's like the 9/11 disaster where it will all catch up with you big-time. You can sit there so smug and condescending and

content with your sick logic and actually believing your evil lies until you get a rude awakening of how damn wrong you are like at the 911 disaster. = 9:02 PM is a reminder that Alaska got a 26 year lesson of how wrong they were with how they treated me with me living in Hawaii for the last 26 years. This landing on page 92 is another sign of it.

A^confirmation^was rq907pm^when I finished watching Ines Caned Before Bed

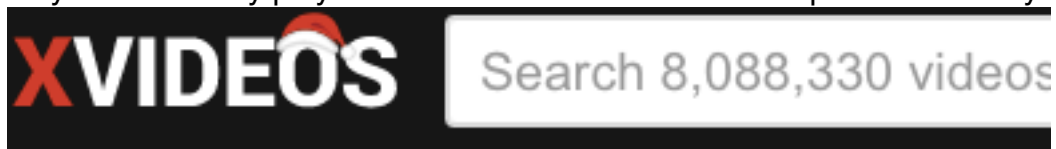

right at these red marks on her^v butt.= a siren at 911 PM is like at 9:11 AM and

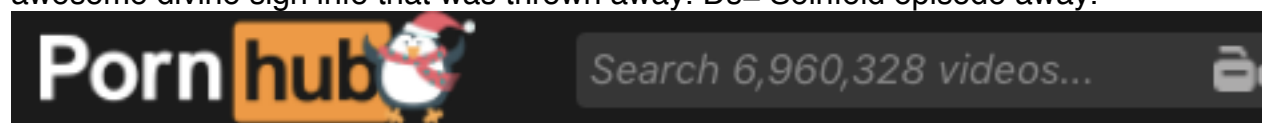

8:46 AM parallel p.m. are^signs about this^that I'm too tired to explain and there was a whole bunch of^them. I should also say the guy in 419 yelled really loud at 8:51 PM before I started writing this and again at 9:30 PM right after I finished it. ^Perhaps as "mega repent" (851) because the FBI^& Melissa^King trick is going to "stick" (930) as another FBI sabotage and boomerang disaster.= R= 640am on Christmas (w/^902 &^907) helps^explain my^coffee^boiling next:

12-25-18 6.6 hours of sleep thank you very much Holy honey.^CB^=620 and ^6:21^AM^on Christmas in this case I think refers to me being 62 years old^and^the hot

roll I got on of getting in the spirit of Christmas last year at Thanksgiving was supposed to be even better this year but YouTube shot it down both times, (see 810am on pg 94). Last year it was from deleting just one video, (in class 244), and this year it was due to deleting 678 of my videos on my playlists on 3-29-18. Then Vimeo compounded that by

deleting 104 classes on 10-18-18 and the Merry Christmas from Xvideos in December was to delete 102 videos on 12-2-18 and 34 on 12-19-18 closing my account both times. It seems like one the favorite totally unfair power plays from the FBI, (Helen you idiot), is to illegally delete my videos on trumped up and trivial copyright charges or obscenity charges. It's especially offensive when these trivial "crimes" are compared the awesome divine sign info that was thrown away. Ds= Seinfeld episode away.

to put in VimeUhOh by the flag as a reminder that I got a few SSB Star-Spangled Banner OJ license plates on 3-29-18 as it applied to YouTube deleting all my videos that day. That might go with "Merry Christmas you filthy animal" on the next page.=rq746am.

put in the rest of it. He's saying "And they said that charm is stupid ability". The rw633

I show that as a scene from Home Alone 2 where a guy shoots to death of beautiful woman with a Tommy gun and then says "Merry Christmas you filthy animal". = rq725 AM and the guy in 419 yells at 7:26 AM on ^12-25^ and again at 7:28 AM.

With the guy wearing bunny slippers it was like when Eddie Murphy as Mushu sarcastically said to Mulan "I think my bunny slippers just ran for cover, come on scare me girl!". That was one of two innuendos to the movie Death Becomes Her in the movie Mulan, the other one was when the troops were singing about a perfect woman waiting for them sing "adore my Battle scars" showing a big hole through a guy just like when Meryl Streep shot a big hole through Goldie Hahn's stomach. Both times in Mulan it was referring to the real battle these guys are fighting is with women which was "obviously" the sign at rw6:33 AM. = rw737 and 7:38 AM.

At 8:10 AM I got a big "don't cuss call us" sign when I realized how obvious it was, (like Helen at rw6:33^AM and CB = 621^AM), that we were supposed to have the spirit of Christmas this year twice as good as last year before YouTube shot it down by deleting one of my classes in November, (explained in class 244). YouTube shot it down 100 times worse this year by deleting 678 of my videos on 3-29-18, (=rw840 and 8:41 AM). To get 810 on Christmas day was referring to the awesome amount of sex that God was offering to rescue Christmas in class 271 where I show the porn business was required to help, (instead of mocking Christmas), every year since 2011. That part of

class 271 was from a class I made to help the Spirit of Christmas get going at my YouTube Christmas playlist 7 last year.

Another interesting thing was when I said “spotless” I saw it was 8:19 AM as a sign that Holy honey did not help me catch 818. It might be referring to the^atheist “too late” OJ especially in 2019 as “to 19s”.

I should also say the FBI had me get three iPhone “Merry Christmas” messages from Marty and the family at 6:06 and 712 and 7:43 AM. I guess after the FBI and

Melissa King **Melissa King, Actress:** totally ruined Christmas Eve day with **She is an actress, known for The Santa Clause (1994) and Ordinary Magic (1993).** **Melissa King**

evil feedback about the beauty queen series they had to wish me a “Merry Christmas” on Christmas day to deny all the damage they did yesterday. [=rq1050am was a good sign for me when I put in the signs of^v Ordinary Magic mocking away Christmas in The Santa Clause^v as a parallel to Melissa King and the FBI ruining Christmas eve day for me.] The FBI giving me these fake “Merry Christmas” signs was just admitting how bad they blew it yesterday and what's worse is it's starting to look like an “Ordinary Magic” sign of how they helped mock Christmas away when Melissa King was called to help **She is an actress, known for The Santa Clause (1994) and Ordinary Magic (1993).** **Melissa King, Actress**

rescue Christmas by not mocking me and the beauty queen series. Mega evil atheists denying they owe any thanks to God is another cause of preventing the Spirit of Christmas from returning.

That's also in the beauty queen series class 260 where I explain the song “like a virgin” as it applies to my ex-wife Rory as when you're made to feel “shiny and new like a virgin” again and then make all the exact same mistakes over again without any gratitude to God for how much you were bailed out last time it invites a wrath of God that is “way beyond expression” like what God is doing to Rory as a “for-ex revenge” on

my behalf. It was gambling with^slut roulette^to deny they were rescued by a^slut hero^ so it sounds like they lost this Russian roulette game of atheist denial and got EXposed for their lies. That seems to be a similar ingratitude mistake of Melissa King and the FBI

ruining Christmas eve day for me as my “thanks” for being a slut hero for her like I was for Rory. Especially when how evil the FBI and Melissa King were to me on Christmas

Eve day is ^still^going^and^growing^and^keeps^getting^worse. Apparently that was a very big sin.=

= 11:39 AM when I finish writing^that was a “gotcha a Christmas present” OJ on your enemies from Holy honey and a sign to put in another Christmas present at 10:20 AM. A confirmation is it's on the 1607th video on my Sony camera as a sign of when the EBT624 “Long1” murder attempt started at Ewa Stamper’s office #1607 on 12-14-00 and was finally concluded at the 9/11/01 disaster. Here's what I wrote on the thumbnail:

MAH01607 = Ewa Stamper OJ on 9/11/01 was captured in a Levi's commercial on MTV in 1995, [admitting they knew the 9/11 disaster was coming due to trying to kill me by cutting off my welfare]. Except on 12-25 it's about Melissa King and the FBI and YouTube canceling Christmas, [I was referring to the talk during that two minute video about what I've been writing in this diary this morning]. This is what I was filming:

When I saw this ^923TVF^ at 10:20 AM I knew it was a sign of a (birthday and) Christmas present from Holy honey, (& Abba & hon). So I filmed it to get a record of it. After the OJ info in this diary and in that video this morning it seems like 923TVF was a sign of “oh my God it's dip!” where an OJ gets compounded by me getting glory from God while my enemies get a God sized OJ.

^That^was^confirmed^when^I^was^hugging Holy honey at Grace and thanking her for 1020 and 11:39 AM and heard a DDD at 12:24 PM as a sign to write down license plates at 12:25 PM where the main message a gift of God like at the 9/11 disaster as the number 913 as “shove it down the vicious bitches throats!”. Because bus 913/19 Ls at 12:25 PM by Try455 as an OJ on liars, (the FBI had a gray Mercedes TDC666 parked here). This^changed^Melissa^King’s name to Mel as a short name for
She is an actress, known for The Santa Clause (1994)
the most poisonous snake that there is which was also sign of Melinda Norman. Mel

was so mean to me at pump Station five, (1987 to 1990), that whenever I would see her I would say to myself “you have the right to remain silent because anything you say can and will be used against you”. It was from her I found out that liars need something that you say to use against you and Melinda was so darn evil at it I had to say as little as possible whenever I was around her. After the first time I told that story I saw a sign that said “you have the right to remain silent because anything you say can and will be quoted out of context and used against you”. (Which doesn't look very good for police honesty and fairness.)

It^also doesn't^look^good for^Melissa King being a Vain Insane Pig like my ex-wife Rori who stole^credits^for^everything^good^that^happened^to^her^on my behalf

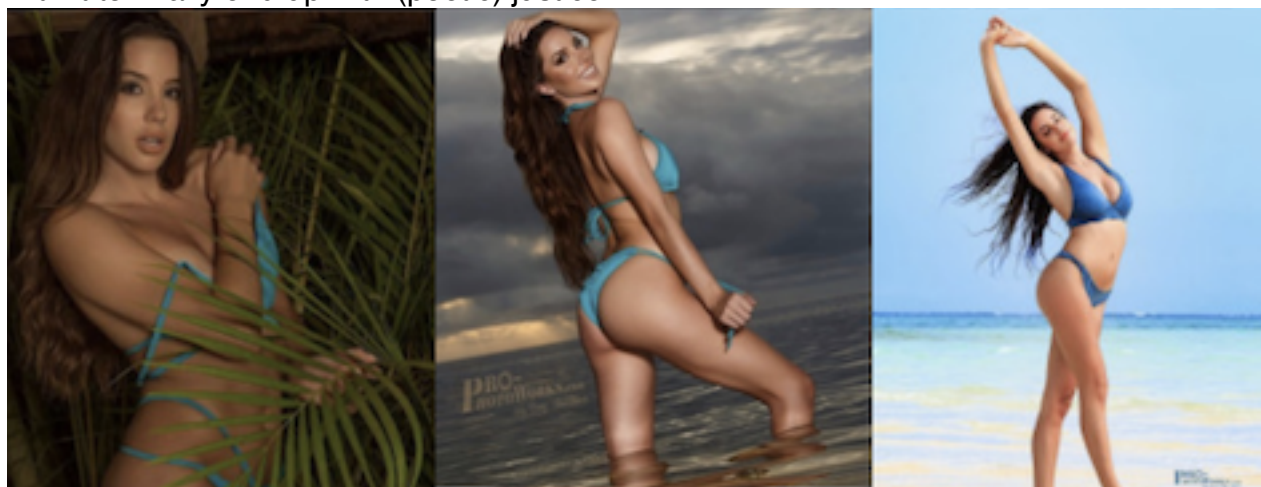

She is an actress, known for The Santa Clause (1994) and Ordinary Magic (1993). Melissa King, Actress

and earned the number 913 as (our wedding anniversary and) “shove it down the vicious bitches throats!”. The 9/11 disaster was the first example of 913 and the high price that liars can pay for their lies. =rq108 PM is another (black magic boomerang) confirmation.

It's been a lot of work on Christmas Day for a stressed-out mess like me to write all this but it's obvious this is my Christmas present as paybacks to the FBI and Melissa King for ruining Christmas Eve day so terrible yesterday. I think 923TVF in this case was a sign that the beauty queen series would be defended as very much from God in spite

She is an actress, known for The Santa Clause (1994)

of Melissa King's (XB) hideously evil ingratitude and stealing credits for her being treated better after me coming to her rescue as a slut hero defending her and Kristy in the beauty queen series. =rq129 PM is another confirmation of “vengeance is mine” as a sign that when you're facing so much evil it's going to take a God sized OJ to deal with it to finally end up with (poetic) justice.

Now I'm glad that Mel looks so different as an adult than she did in the beauty queen series because the girl I defended in that series is completely gone and an (FBI) monster, (of atheist ingratitude), has taken her place. You might even call it “how to turn a beautiful and sexy girl to a video aged bore”, (that you can barely stand to look at).

Because the FBI and Melissa totally ruined Christmas eve day and is taking up

Melissa King known for The Santa Clause (1994)

At 2:33 PM (& rq234PM) I realized the story about Melissa King, (below), getting a \$250,000 contract was probably part of the FBI plan to turn her against me, (because it's very odd to pay somebody that young that much for doing so little, =rq355 PM). The story is from Melissa's Pornhub Bio, (where 12 of her 14 videos are my classes).

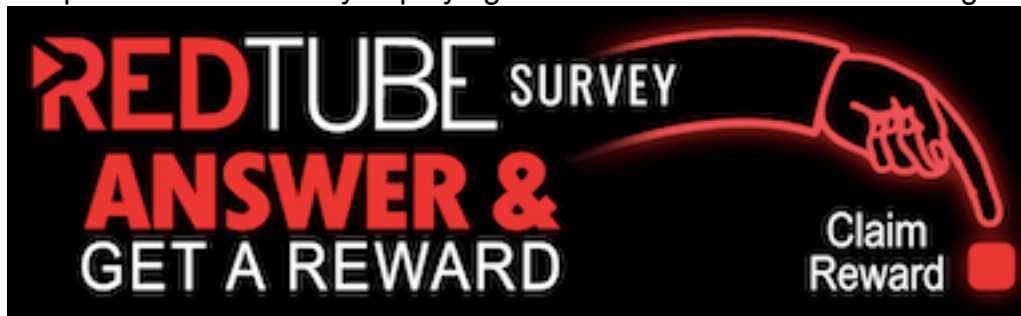

The screenshot displays a YouTube channel interface for a user named '267'. The main video player shows a woman in a purple dress sitting on a bed, titled 'GirlsDoPorn - Miss Delaware Teen USA Melissa King' with 9.4M views and 75% likes. Below the main video, there are several smaller video thumbnails with titles and view counts. The titles include 'The start of class 269', '267 helps keep the Beauty Queen hot', '264 is God's mercy to enjoy sex, it sums up the beauty queen sex (ed)', '263 sums up & confirms the Beauty Queen sex perm classes w/ an intro to', and '261=The USA gets an A for the Vietnam War & this explains the next 9'. The thumbnails also show view counts and like percentages.

and hired Melissa on a \$250,000 contract to travel around the world promoting their website, and she wasn't even required to take her clothes off! So was it all worth it? Decide for yourself by checking out the video and witnessing her spectacular 32C tits and youthful brunette glamour. We certainly think Melissa is better off in porn than in pageants...Thank you I was finally able

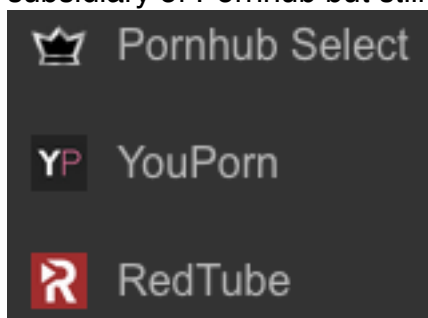

to enjoy a decent Christmas night after I finished writing that and after being fairly depressed and miserable for the last two days. It seemed like I was forced into writing for the last two days just to get some peace in my life again after another CCCT of bad feedback from the FBI and Melissa King designed to put a damper on Christmas and the beauty queen series. = rw1013 PM. Except if the FBI was unforgiven for ruining Thanksgiving in class 271 how much more are they unforgiven for ruining Christmas.

People don't realize they're playing with fire to be this evil and are going to get burned.

Ever since I said I wouldn't take this survey now it's showing up on other porn sites besides porn hub. =rw901 PM is exactly the reason why don't want to take the survey. They hate me so much there is likely to be an evil trap there. Red tube is a subsidiary of Pornhub but still I never saw this survey request at other sites until now.

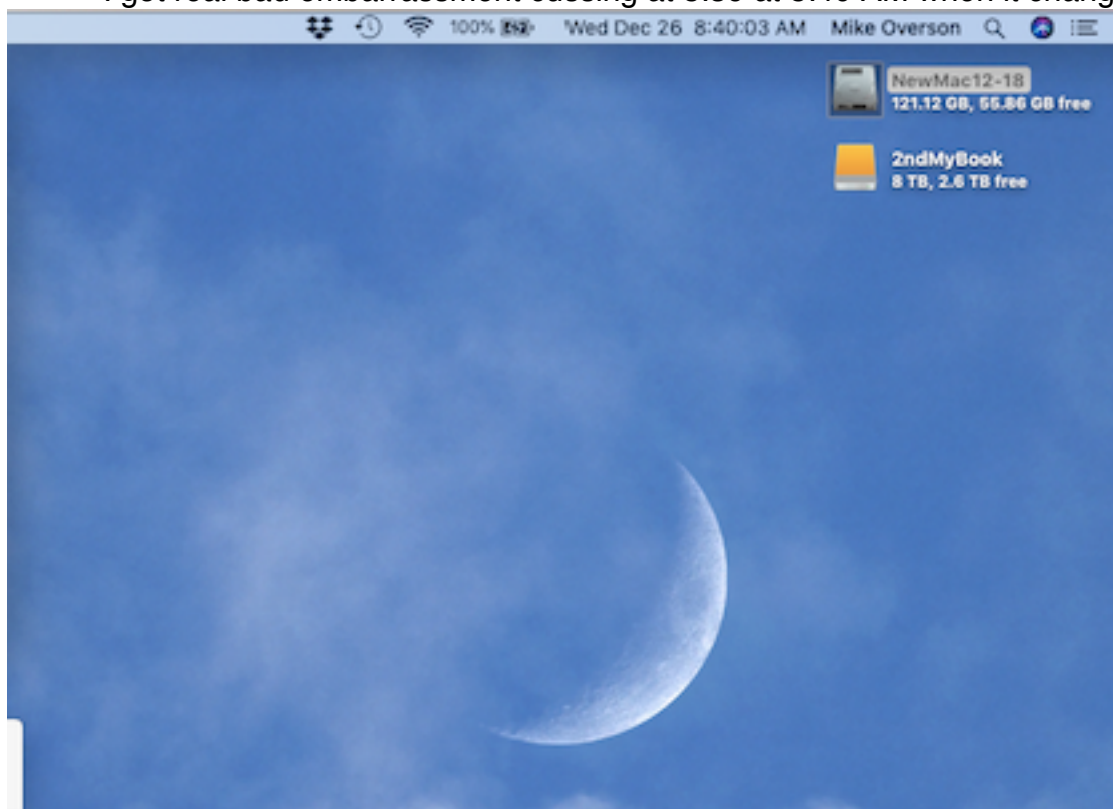

On page^1 I wrote an abbreviated version of my early exit as “Page 67 & 68 about California is like Page 79 to 83 as a 348 OJ on the 935 USA” = rq7:13 AM on 12-24-18 was saying it would also be an OJ on fake Christians mocking me.

12-26-18 4.2 hours of sleep thank you very much Holy honey.

CB^=^437am when a garbage truck emptied a dumpster. CB 1129 = 440 & 441am.

I got real bad embarrassment cussing at 8:39 at 8:40 AM when it changed to this

moon^smile^screen^ and rq8:40 AM confirmed the number 840 as Miss Haversham Miss Rights that missed their Mr. Right and are sore losers, (and viciously mocking me so bad that it causes embarrassment cussing). It was a sign to “smile at cutting-edge revenge” which would also include Melissa King on the previous page when I said “love you” to Holy honey and got rw2:54pm when I heard a missed the bus sign saying she pitched a no-hitter to Melissa King who mega struck out at Christmas. That's why this is **Melissa King known for The Santa Clause (1994)**

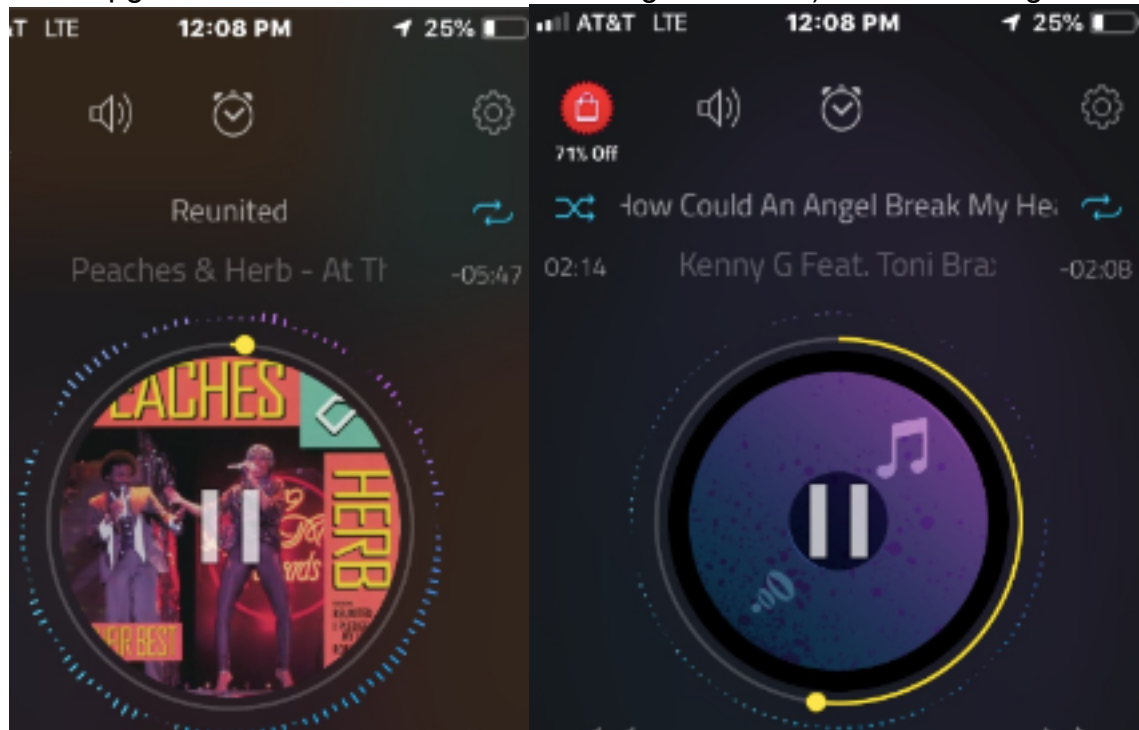

becoming a^sign that she will be remembered^for ruining this Christmas and not for the beauty queen series.

That's like when I saw TBB648 as a “Tracy Bingham Beauty & the Beast Big Dipper and you'll be forever blue for turning it down” when listening to “don't let the sun

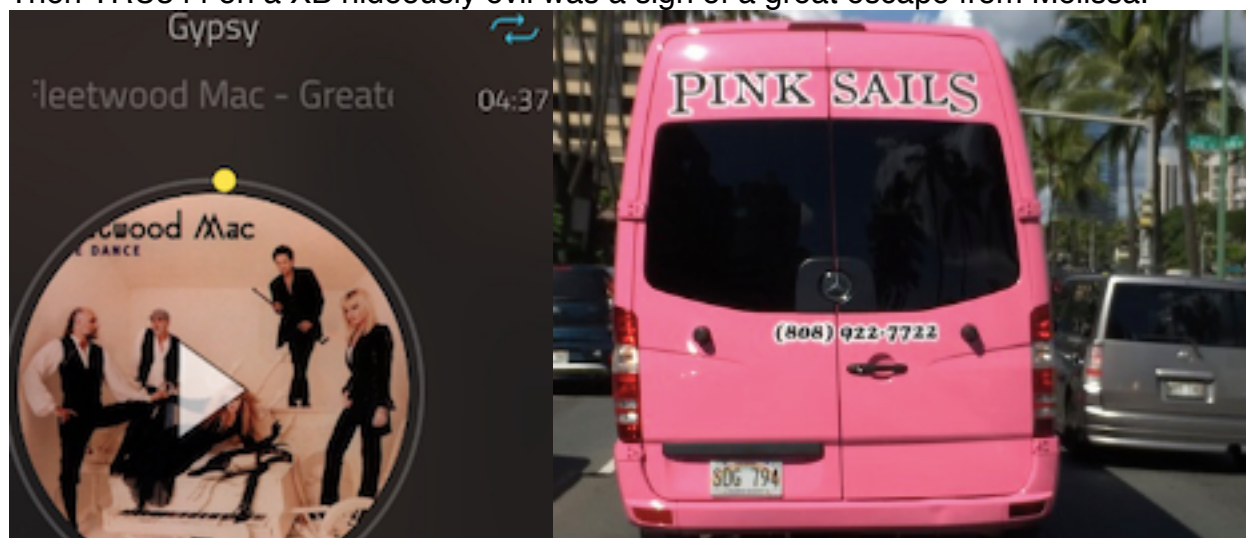

go down on me” as it applied to Melissa king, (because I went from being in love with

her on pg^85 to out of love with her for ruining Christmas). The next song was “we're

both so excited because we're Reunited again” but I said “nice try, you’re not getting off that easy especially after you ruined my Christmas” and the next song confirmed it as “how could an angel break my heart”.

I got quite a few more signs about her like TBB189 as starving a Mr. Right and giving your best sex to lizards and bus 649/53 saying Melissa King was (86ed) like Alaska. There was a Coke fifth wheel truck next to GuNS961 as another 443 parallel of Melissa to Safeway store #203 that was 86ed on 9-6-01 as a prophecy of Cry 96 Tears when the USA was 86ed from God’s favor for the first three jets at the 9/11/01 disaster. Then TRU344 on a XB hideously evil was a sign of a great escape from Melissa.

When I heard Back to the Gypsy that I was at SD on this van it referred to Bikini twins sailing in (pretty in pink) San Diego on the cover of a brochure and it was referring

to when I was a “gypsy” living out of my suitcase and commuting from the top of Alaska to San Diego every other week for five months in 1986.

At the beach I saw vet 646 and vet B753. = The 258 p.m. alarm (to check the mail) when I wrote that probably means something but I don't know what.

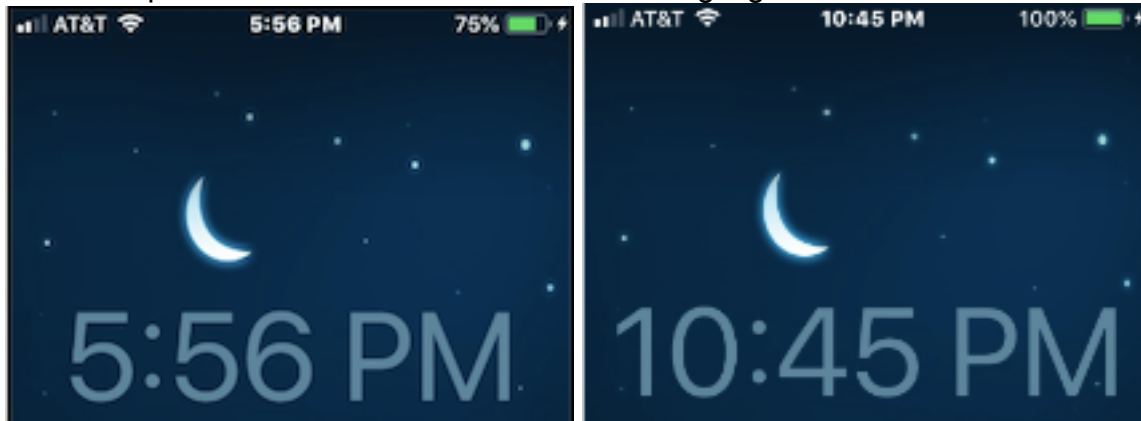

It's the^first^time the FBI had a chess game at my window as a sign to me and when I realized they were saying I got a checkmate on Melissa King there was a siren at 145 PM as an “oh God you devil” confirmation^.

12-26/ 12-27 4 hours of sleep thank you very much Holy honey, (except it was from 645 PM to 1044 PM when I woke up so it's still the same-day).

When I said “thanks for this day (of food shopping) and this meal” my coffee boiled at 1055 and 10:56 PM and on 12-26 sounded like God boiling mad at “sin-pros” harassing^me. I got a clue of what that was at CB 1129 = 1059 and 1100 p.m. when I slipped really bad on a NMAM saying “I don't think I've ever made a mistake in my life”. It was a sign of very evil “sin-pro” 1056s and 1059s^mocking^me^as^“you're^so^vain”^ by a whole lot of people to get me to say something like that. = 11:15 PM was a big ^confirmation^of^the^935^USA^being that evil to me which goes with a lot of 348 signs of the public taking the media's side against me after the totally illegal and unfair way they deleted all my videos at YouTube, Vimeo and Xvideos. Supposedly it was legal but when you look at the very trivial obscenity and copyright violations especially compared to the awesome divine signs that were deleted it was blatantly very evil which makes 935 USA blatantly very evil to take the 666 media's side against what God was doing through me.

That explains 1044 PM when I woke up as a sign from hons saying “wake up

we got you a 'very special' early exit". = rq1125 PM on 12-26 sounds like an OJ on "liars that are sin-pros" like at 10:59 PM. It was such a big sign I took a screen shot of my

of my sleep app at 10:45 and I took one at 556 PM when I set the sleep app because it confirmed what I thought of the license plate NFC556 I saw today. It's referring to The Pacifier commercial at Super Bowl 39 on 2-6-05 that I have in class L96 at <http://www.viddler.com/v/7d7a6522> and I show a lot proof of the porn business seating credits for the awesome improvement in porn since 2002 at 2 to 30 minutes in the rated X class 271 at <http://mikeoversonendtimes.com/video/63.mp4> , (the patriotic story at 35 min is continued in class 272 at <http://mikeoversonendtimes.com/video/64.mp4>).

When a kid in The Pacifier says "we're going to be late" and a Navy Seal replies "not on my watch" I explained that was a sign of the sex education that God wanted me to give before I go to heaven. The ^moon^smile^at^556^PM^ was a sign of "wow was that a generous prophecy of how popular homemade porn and WebCam sex would become with the very generous permission from heaven for people to have sex". Of course people will completely deny that prophecy or that they needed any help especially the Miami Dolphins cheerleaders in that class^L96 that turned out to be total false affection that I exposed in class 17 (@ 6 to 9 min) at <http://www.viddler.com/v/7853651d>.

This is the first time I used links in this PDF because I realized it's going to go at the start of class 275 and I might as well make the PDF available to everybody with a link to it at Tumblr.

Next is 17 pages from 12-11-18 because 1 of the 3 strikes that closed my Xvideos account was from the amateur copyright fanatics at Pornhub and a "Christian".

"Red Rock Kitties" PMV was supposedly 'good clean Christian porn' at Pornhub was one of the three strikes that deleted my Xvideos account which was actually being as evil as 666 and then rw3:52 AM confirmed it with a lot of other 660 Snow Whites in

the church cutting me down. It was also confirmed that 449 AM as God boiling mad at so-called Christians shooting down an awesome divine sign hot roll at Xvideos. This “window^v and help” Mike pray at the window in classes 271 and 272 on 12-11 at 530^v

with this blatant sign of the “Red Rock Kitties” PMV was defending me at 5:30 with “the shock hit 11” on 12-11 of fake Christians shooting me down Xvideos. It's a double sign because I first learned that on 12-11-03 when I bought Maxim magazine that is in class 271 with the awesome offer of sex to rescue Christmas that they totally mocked away which was captured in the movie “the nightmare before Christmas”, (as I show in 271). That was the same day I got my very first porno DVD in the mail and it came with a lot of signs confirming the offer of sex to rescue the holidays.

I noticed that “sparks go wild” who made the “Red Rock Kitties” PMV has deleted that video from his playlist. They were far more references to God if his first description and I'll try to find it but there was still a couple in what follows:

Christian I got rq557 AM from Abba as a homey's OJ on the church especially when this

guy was one of the three strikes that closed my Xvideos account. That is being the 666 damn devil and not a Christian at all. This WAS their 12 minute "Red Rock Kitties" PMV

that I posted at my Pornhub PMV playlist and then uploaded to my Xvideos PMV playlist where I got hit with a copyright complaint as the second of three strikes at Xvideos that closed my account. In my counter copyright letter I said:

I gave the exact same title that it has at Pornhub with full credits to "sparks go wild" and if he is going to get mad at me for promoting his work, (after he was too lazy to upload a copy to Xvideo), then I'm sorry I did him the favor.

That trivial offense closed down that awesome divine sign hot roll at Xvideos. I already knew the homemade amateurs copyrights were digging a deep hole at Pornhub but I had no idea they were going to blow this bad. =rw619 AM on 12-11 confirms it and is like the signs I've been getting of how bad California^and^San Diego has been blowing it by mocking me. =rw642 AM when the garbage truck empties our dumpster

A siren at 6:47 AM when I finished this^page is another confirmation of fake Christians that^kill^their^own Christian Brothers. The Cyrin siren continued through 648 AM as a sign they^will^be^"forever^Blue"^after^they^are^EXposed for being so evil. = rw650 AM is a sign that will especially apply to how much the church accelerated my ^early^exit due to their 666 opposition against what God was doing through me. It's a perfect day for it on 12-11 and on the 15th anniversary of when God tried to rescue Christmas with extra permission for sex at the holidays in Maxim magazine in class 271.

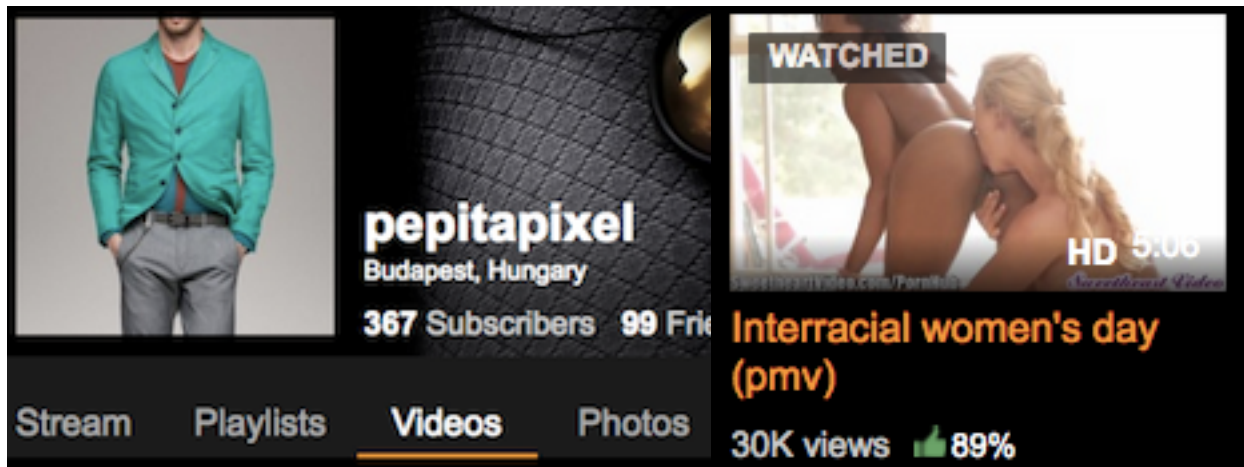

The third copyright strike that closed my account was equally trivial. That was so true I thought I'd repeat my counter copyright letter from page 50 even though it's at the start of class 275 to show the trumped up trivial offenses that became **^2 of the**

3 copyright strikes that closed my Xvideos account.^v

To Xvideos,

This is my counter copyright claim to Xvideos complaint #1404947 that I just got in

the mail at 5:39 AM on 11-26-18.

I got the video in question from "Interracial Women's^Day^(PMV)"^ at <https://www.pornhub.com/users/pepitapixel/videos/public> where it has^30,000^views and has obviously been there for a long time. I uploaded it to Xvideos and yesterday I changed the title to this:

Interracial lesbian PMV - In The Night: Why some die as slave May they be free (why some fight with rage may they be peace) In the night I pray we will redeem In the light of day will you join me {in this new permission for lesbian sex}.

Just 16 hours after I changed the title I got this very elaborate copyright violation email that was obviously from the FBI monitoring everything I do on my Mac and they were so jealous of that title and video that they were going to delete it from my playlist out of envy and that's why they we're so quick to fabricate this so called unforgivable copyright violation. I'm just telling you this to point out what lying hypocrites they are and how viciously unfair they are at monitoring everything I do and trying to defeat what I'm trying to accomplish. Because that video WAS last of eight videos, (at the bottom of page 2 of my PMV playlist), that are a very good divine sign sales pitch for women to become bisexual. Apparently when I changed the title to this video yesterday it made the divine sign sales pitch a little too convincing and magical for the FBI and that's why they were so quick to try to delete it on trumped up copyright violation charge.

This is the same way the FBI got all my videos deleted at YouTube and at Vimeo. It's because I'm a prophet of God and my classes and playlists that are about many subjects were very similar to this divine sign sales pitch of PMVs for women to become bisexual. The FBI has been the damn devil at trying to sabotage what God is trying to accomplish through me and I warned the FBI, YouTube and Vimeo, (at the links below), that they are daring and challenging God to give them a big wrath of God as paybacks.

They were being so evil at Vimeo and YouTube at deleting my videos they became not worth talking to for being so blatantly illegal and unfair. That's kind of like this copyright violation I'm writing about except sometimes the unfairness makes me so mad that I have to say something like I just did in this letter to you at Xvideos.

That's all for now,

Sincerely,

Mike Overson

Here's the links I mentioned:

After Vimeo deleted my videos I published a PDF about it at Tumbler at <https://www.tumblr.com/blog/mikeoverson> and the top link is to the PDF at Dropbox.

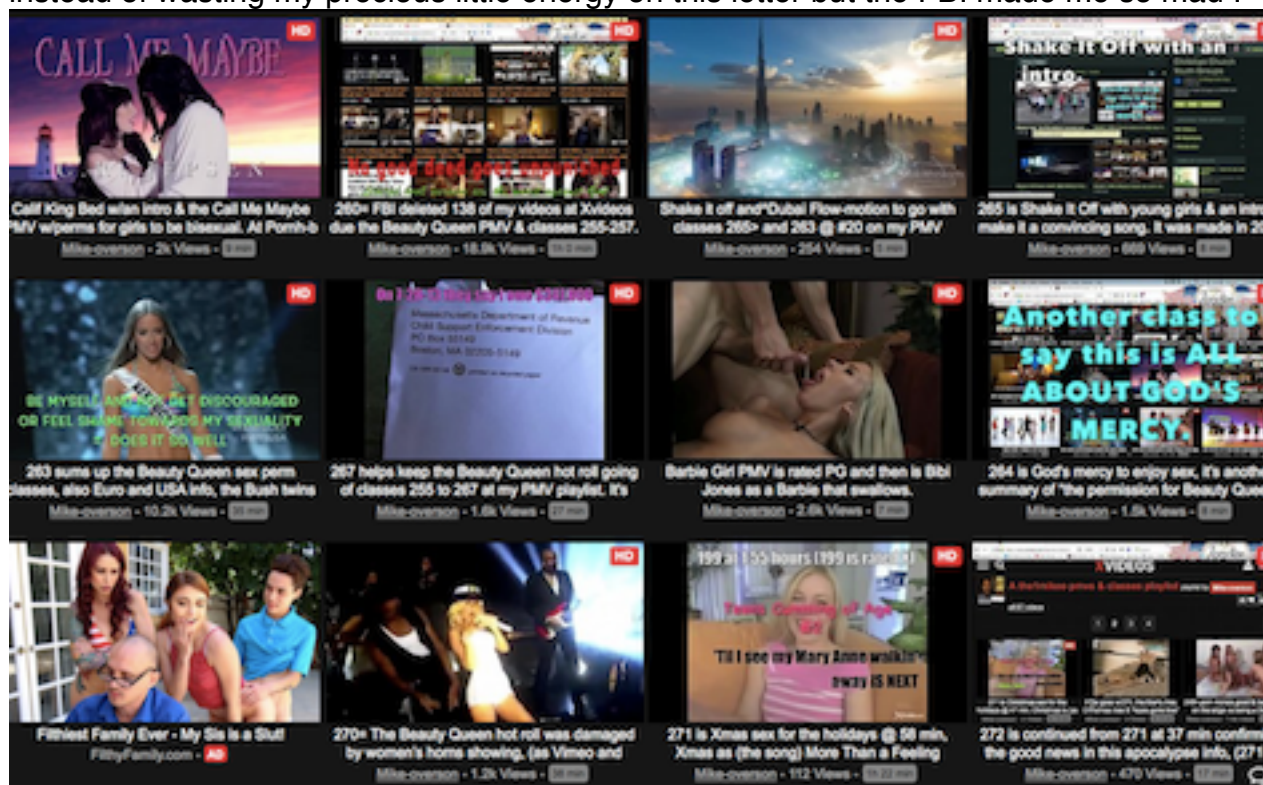

I also made class 270 about it and posted it at Xvideos at: <https://xvideos.com/Class^270> is on the same page 1 of my PMV playlist where I explain the FBI got YOU at Xvideos to delete 138 at my videos for the very same reason out of envy of the beauty queen series of classes. It's class 260 at <https://www.xvideos.com/>

The Beauty Queen series is classes 256 to ^270 starting at video #20 and going to the bottom of page 1 of my PMV playlist at <https://www.xvideos.com/favorite/2585207>. Except the main reason the FBI got YOU at Xvideos to delete 138 at my videos was due to when I started beauty queen series at Pornhub at <https://www.pornhub.com/playlist/62699722>. Here's how I explain the beauty queen series in the description of that PMV playlist:

At videos #11 to 22 is heaven making Casual Sex the lemonade out of the lemon of love in marriage being obsolete at video #12 as class L94.

YouTube deleting my videos is in class 253 at <http://www.viddler.com/v/60e79346>

I'm too disabled to play these copyright games and jump through all the hoops that the FBI is requiring me to jump through. Maybe I should've favored my mental sanity instead of wasting my precious little energy on this letter but the FBI made me so mad I

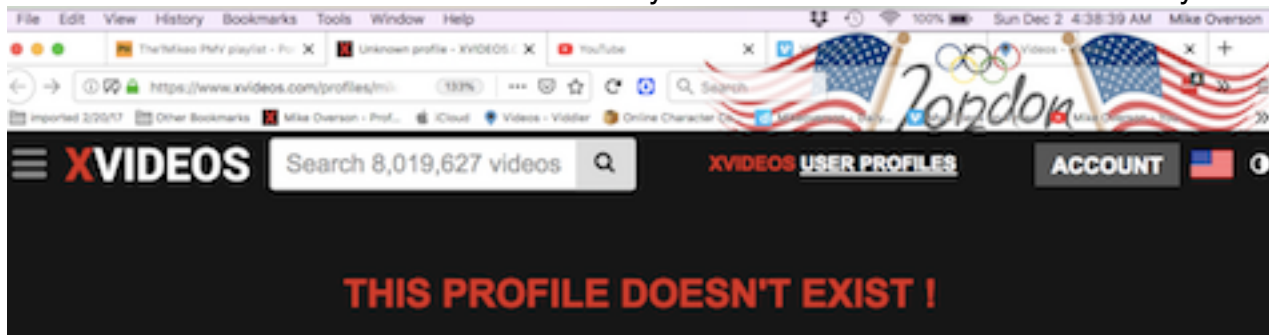

had to say something. [Just the ^thumbnails^ alone was a huge divine sign loss.]

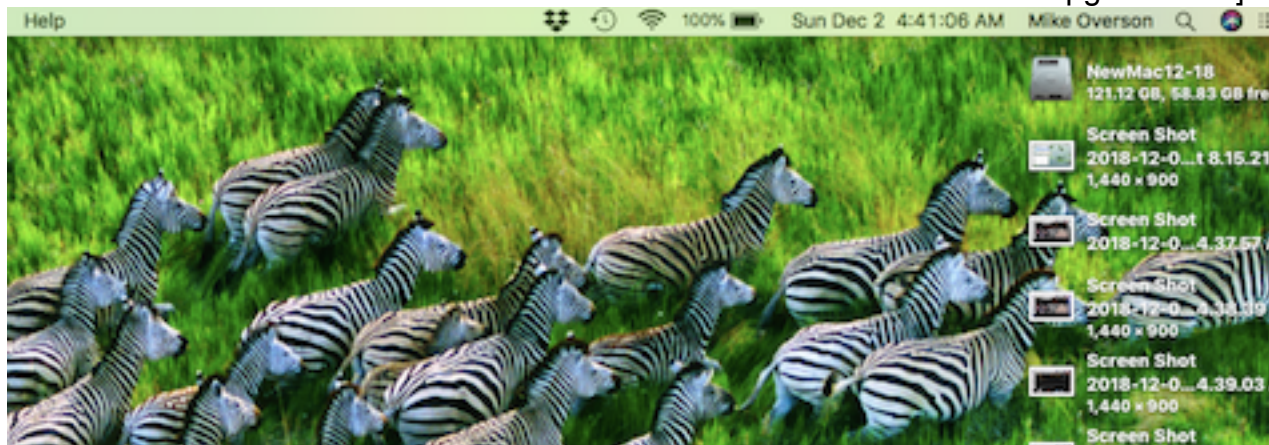

I repeated what follows because of the same "red rock kitties" screen:

12-2-18 I got 5 hours of sleep thank you very much hon. CB = 434 AM = please explain = 4-351 AM and on 12-2 is like when the family got 86ed but it applies more to CB 1129 at 4:38 AM when I saw the FBI closed my account at Xvideos which refers to deleting divine^signs since my rhythm nation drive and with ^the^crosses^ on this page

it means it's bad as when YouTube deleted my account on 3-29-18 and the next day

was Good Friday on 3-30^as^a^sign^of^the^Easter^egg^and^the^religious leaders that were so envious of Jesus that they had him crucified out of envy. I explain it in class 253 that is about YouTube deleting my videos. [=rw5:17:2 AM when I put in this ^Xvideos^ picture was saying it was bad as the sin of K. Swan^being in sexual ecstasy killing the apostles which now obviously includes the FBI, (^Helen^you idiot), killing Jesus on the previous page. That's also why I included the flags and ^London wallpaper^ because the FBI and the 666 Christians in the church were furious^at^class^271 on pg^60 & 61.]

I obviously was collecting everything that was a sign this morning like this^zebra screen at 4:40 and 441 AM referred to Father's Day 6-17-01 at 441 PM when the crazy black chick (CBC), had her worst screaming screaming fit at an imaginary person saying "I'm going to f-ing kill you!". She was obviously representing the FBI, (Helen you idiot), and "the^powers^that^be" trying to kill me but the tables got turned at the 9/11/01 disaster which is implying how much trouble the FBI is in again by deleting my accounts at YouTube, Vimeo and Xvideos. The zebra screen implies a "9/11 disaster" sized OJ.

When I saw this^blue screen at at 445 AM is when it became the "you'll be

forever blue” screen for deleting my videos at Xvideos, (the Swing Out Sister song as ^the^v #648).^v [= rw538 AM at this “window and help” in the menu bar was referring to

praying^my prayers at the window to escape the murder attempt from the FBI, (Helen you idiot), on 8-13-98 in class 271. It was the last class I uploaded to Xvideos before they and the envious church had the 666 nerve to delete it and my whole account. The “window and help” was a sign of “help preserve all of this divine sign info” and at rw5:38 AM it referred to CB 1129 at 4:38 AM^and^the^divine signs^since^my rhythm^nation^ drive except that's^when^I^found^out^they closed by Xvideos account. = rq548 AM when the VC rooster crowed was a sign of how 549 easy it was for them to ^“help^ preserve all of this divine sign info” and yet they went the opposite to be 548^instead. Except when it's so (549) easy to prevent so much damage then it makes^being^548 evil much worse than normal.]

I almost laughed when I saw this^screen at 444^AM because it's referring the second strike against my Xvideos account when they deleted the PMV “red rock kitties”. (This is also the ^MTV Road Rules screen^ which today might refer to when my MTV AOLs were mocked on 11-14-95 as a sign that the FBI, {Helen you idiot}, has been mocking away divine signs for over 23 years). I think 444 AM was a sign that I was “on time” at comprehending how evil they were at my second strike at Xvideos and especially today because the third strike at Xvideos that closed my account today was due to the PMV below and my counter copyright letter to Xvideos on page 50 to 52:

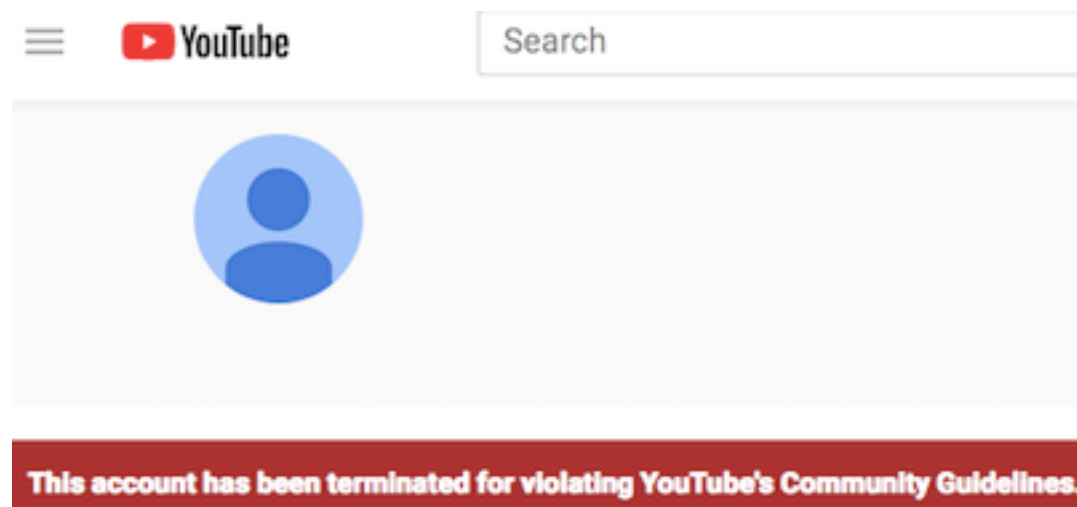

Interracial lesbian PMV - In The Night: Why some die as slave May they be free (why some fight with rage may they be peace)
In the night I pray we will redeem In the light of day will you join me {in this new permission for lesbian sex}.

I got rw4:55 AM a.m. when the VC rooster crowed when I said “Liberal Book

burners are the worst against God". It's a label that I have in class 260 that is about when YouTube deleted my account and when Xvideos deleted 138 of my videos but still left my account. Except this time Xvideos went far worse by closing my account and especially because there were far more divine signs in the 102 videos in my PMV playlist than the last time they deleted it. What's worse is it was my only copy of it because Pornhub has deleted most of my classes 263 to 274 that Xvideos didn't delete which were all an awesome extrapolation from the beauty queen series. = 5:01 AM, (Ds= 50 and I am), when I realized that's^obviously^why^they^closed^my^account as the same reason "to punish me for the beauty queen series" again just like when it was so obvious that's why the FBI, (Helen you idiot), had Xvideos take away 138 my videos on 5-30-18. = 5:03 and 5:04 AM^when^I^realized how bad women have blown it this time just like when there were so many signs that they were responsible for deleting my YouTube account.

5:03^AM^ when I'm with Honey is another MYJ which fits with when I saw my account was gone at Xvideos because it was so evil I instantly knew it became a God sized problem. = 5:06 AM confirms it as another MYJ where I think all this injustice is going to get personal attention as if the FBI, (Helen you idiot), did all this evil to hons, (like at 5:17 AM), and not to me. = The VC rooster crows at 5:07 AM.

The FBI deleting^this went perfect with what I was going to write already, = 7:53p 12-5. Because they have thrown away so much magic and divine signs at YouTube and Vimeo and Xvideos over such trivial

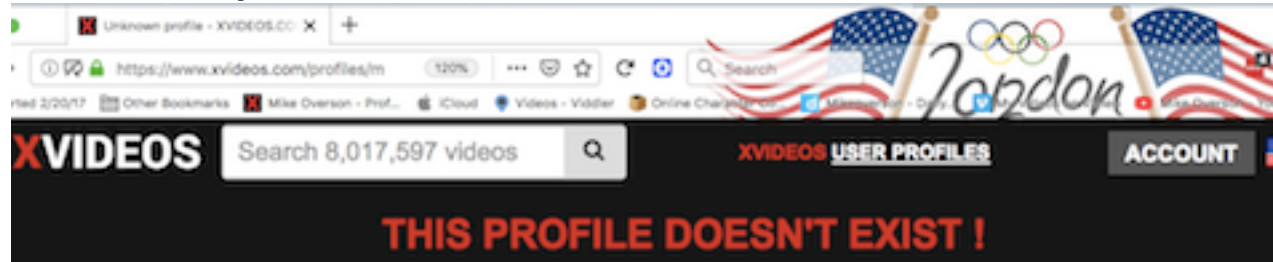

copyright violations that it became

Sorry, we couldn't find that page

blatantly obvious that “to those who show

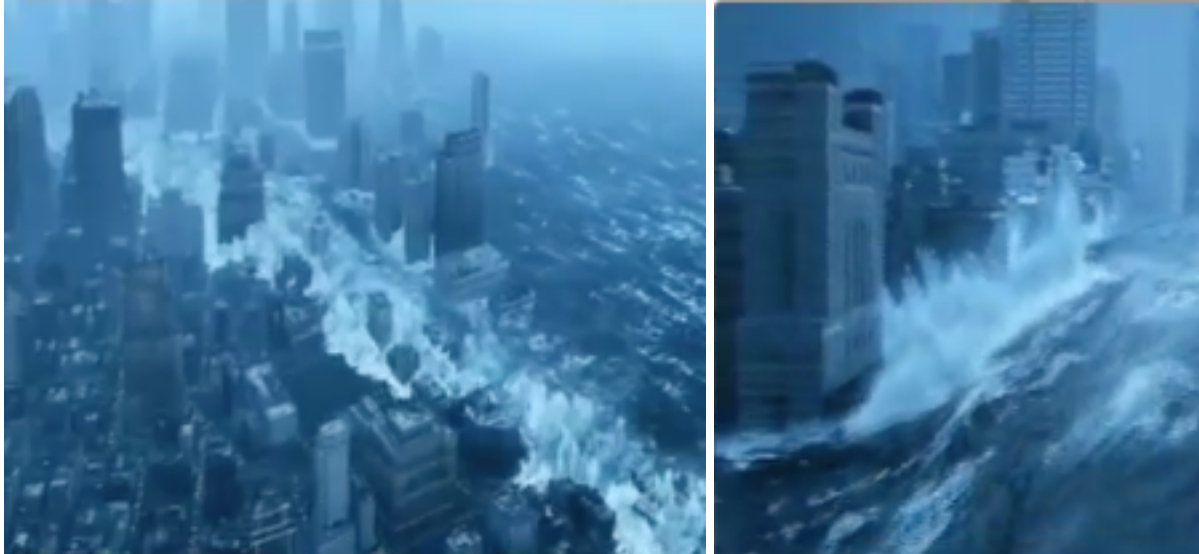

no mercy no mercy will be shown”. When the tables get turned is when the moon will turn to red and it will be “screams and no reply they die” when they get a taste of their own unmerciful medicine.

I put in the ^ESTLINE^ from 12-2 & 12-3 to say not only is the FBI NOT going to blame me for all their hideously evil mistakes but they are going to get full credits for all the damn damage they cause which looks like it's going to include the credits for the advanced pay backs of the 852 people who died in the Euro ESTLINE disaster due to the FBI having the nerve to get Germany delete my Xvideos playlist which was twice as offensive after they already deleted 138 of my videos at Xvideos on 5-30-18 in class

260. It also compounds the sin of the FBI, (Helen you idiot), getting YouTube and Vimeo to delete all my videos on 3-29-18 and 10-18-18. They keep going bad to worse and I think the pay backs are going to go bad to worse also.

Xvideos might be saying “what about Vimeo?”. In class 199 and 200 in 2011 I put in these scenes of a tsunami hitting New York City as a prophecy of the next 9/11 disaster for reelecting Hillary on 11-6-06. Blip.tv and Vimeo deleting all my videos has compounded this prophecy. It's just like the 5-17-17 wrath of God PDF predicting a \$100 billion earthquake for California where I said the easy way out would be to get YouTube off my back with all of their nitpicky copyright complaints. After that YouTube buried me with over 100 copyright complaints that I still have in mailbox because I was too disabled to reply to them and then YouTube topped all of that by closing my account on 3-29-18. I said in classes 253, 254, 255, etc that YouTube has obviously compounded the warning to California by going bad to worse at blocking my videos. All of this^is big parallel signs

that Xvideos might get the majority the credits for the^ESTLINE^disaster.

When I was thinking of the bloody rude behavior beatings that were due for closing my Xvideos account for such trivial offenses I was flipping through the pages of this diary and when I saw this picture of the^ESTLINE^ it completely took away all my anger to realize, “yes that is the size of the offense they have caused”, (and the proper paybacks for it). That also confirms this other parallel I remembered in class 186c or d

and a few others where I said "I was watching the VCR tape of the movie Oklahoma in fast forward but all I could see was the Oklahoma federal building blowing up. That's how boiling mad I was at how viciously they painted me as a pervert monster and Amy Richardson as a saint". The parallel this time is it was a far worse offense to delete my PMV playlist at Xvideos than to slander me in the movie Oklahoma, (and the **MS Estonia** ^ESTLINE^ was a far worse disaster than the Oklahoma federal building). The more I think about how extremely evil it was to delete my PMV playlist the more it makes sense that Xvideos will get majority of credits for the ^ESTLINE^ disaster.

From page 126 to here at 138 is more proof they are going to pay for this Power Play. That's also most of what I wrote from page 76 to here on 138 since 12-2-18.

=rq905 and a biker was a good sign that I AOled^this^info. It was a double sign because the very first porn DVD I got the mail 15 years ago today, (when I bought Maxim magazine on 12-11-03), had an ad of two topless girls riding a Harley and then doing public sex. It was a confirmation of the sex God was offering through Maxim magazine and me to rescue Christmas with sex, (that Maxim completely mocked away).

I saw an FBI T-shirt at Punchbowl a week ago that said PAWS with a cat about to eat a mouse and re-creating the cover photo of the movie JAWS. It seemed like a

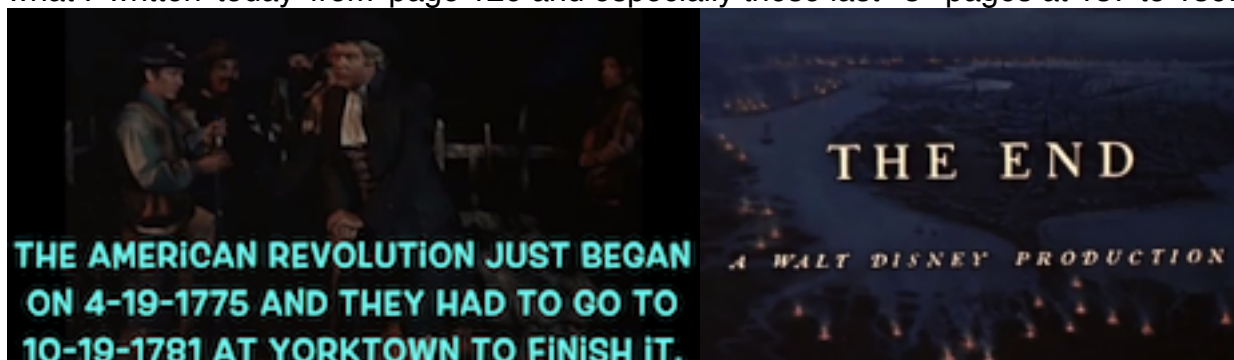

sign that the FBI was just biding their time with their cat and mouse game with me for a grand finale of taking away my Pornhub playlist again. All I've written here today is a sign they haven't even begun to pay for the last three disasters at YouTube, Vimeo and Xvideos. If they dare to get so evil as to close my Pornhub account it will only compound all of this just like Xvideos compounded and EXposed and magnified how insane YouTube and Vimeo were to close my accounts.

It's also like I warned welfare over the phone in 2001, I said "if you're going to play cat and mouse with me then God is going to play cat and mouse with you and you are going to end up a dead mouse before I am". That came true at the 9/11/01 disaster except now the totally insane short memory of the FBI is pulling a similar power play all over again and completely forgetting about how many times they have lost and how bad they have lost. That was really obvious at Vimeo because on 9-5-11 it became so obvious that 36 people were shot in the Big Apple as a one-day advanced wrath of God for Vimeo deleting 9 my videos that they completely left me alone for over six years until their bad memory did the same thing again only 10 times worse when they deleted 104 (better) videos on 10-18-18. They haven't gotten away with anything because all they did was make that tsunami warning on page 137 more severe and literal. =rw952 & 953 AM confirms it and 12-11 does to.

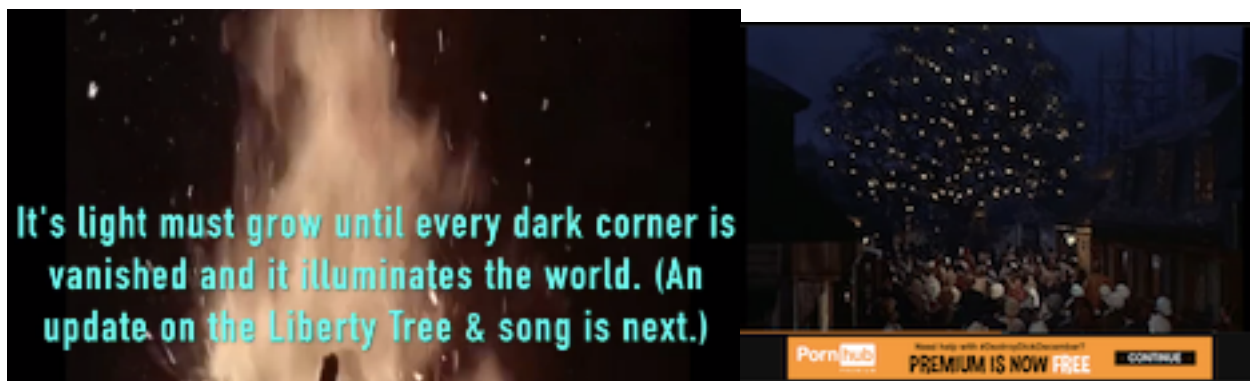

When I was hugging Abba at Grace I said "that was a good plan of keeping in

touch with the^Rio girl", (watching^this video every time I was with Abba), so I would not lose her as Abba and now it's her turn again. Except when I said "that was a good plan" I got rq10:01 AM on 12-11 as a double sign of "the shock hit 11" which goes well with what I^written^today^from^page 126 and especially these last ^3^ pages at 137 to 139.

He^says "Nothing is^over it's just the beginning, a kindling of the flame. Feed it lads as you did with your blood today. It's the spark of liberty that you've touched a fire."

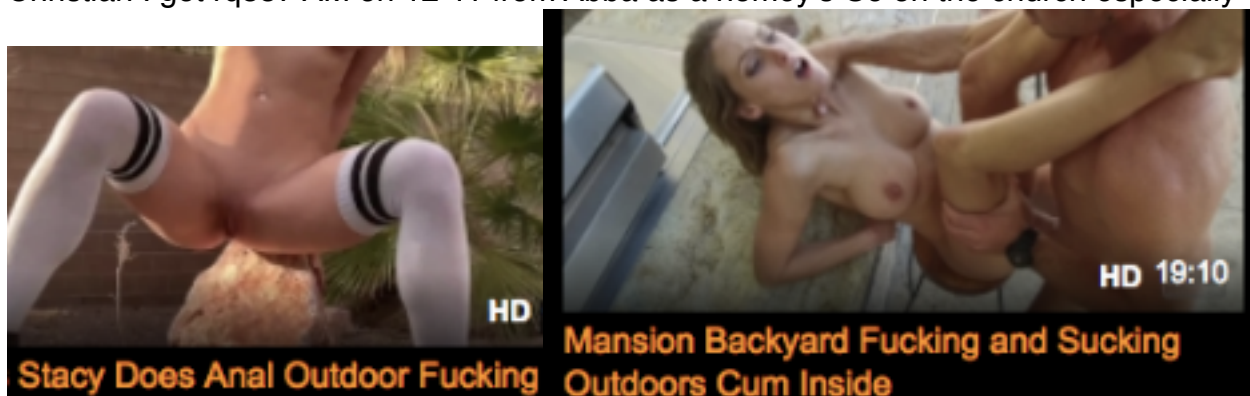

The rest^he^said is in^the title of this^picture which also goes with SparksGoWild next: When I said he has the^ “f-word” in most of his videos and yet blatantly claims to be a

Christian I got rq557 AM on 12-11 from Abba as a homey's OJ on the church especially

when this SparksGoWild guy^was^one of the 3 strikes that closed^my^Xvideos account.

After putting in this^v parallel to SparksGoWild I realized why the FBI let me have

class 271 but are very determined to not let me have 272 at Pornhub and it's because those two complement each other so they're taking out a big part of the story. It was their hatred of classes 271 & 272 that caused them to close my Xvideos account. I think I only saw those two^together^three days in a row before they closed my account on 12-2-18, (it was after I posted "bulletproof" right after 271 & 272).

It was so evil and unfair that when I was thinking of the bloody rude behavior

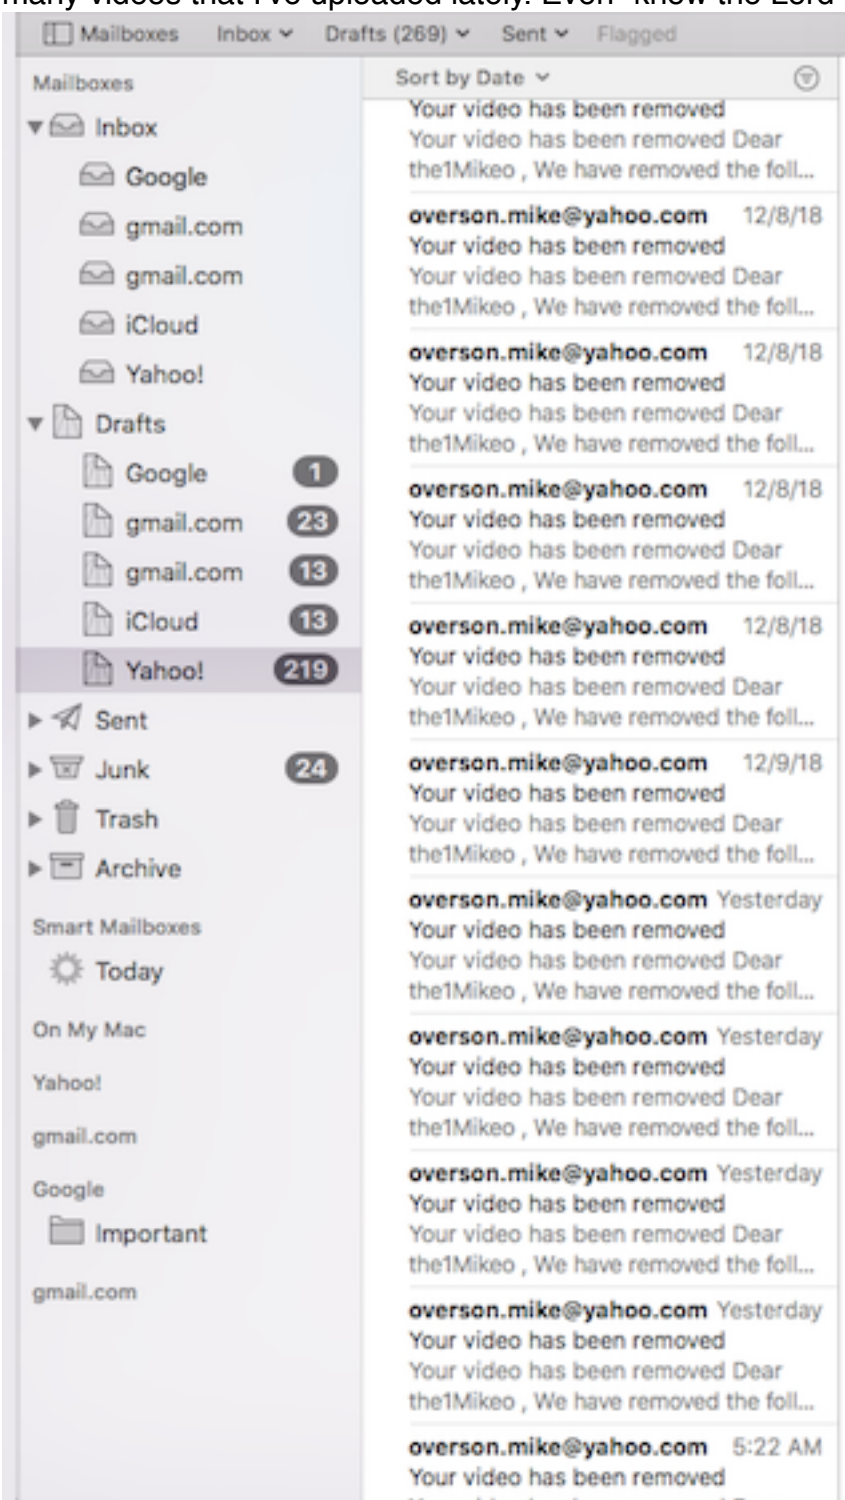

beatings they deserve is when I saw this picture of the^ESTLINE^ and it completely took away all my anger to realize, "yes that is the size of the offense they have caused", (and the proper paybacks for it). That might be why the FBI has had this guy sitting

across from my window for the last 2 hours since 9 AM and why they have deleted so

many videos that I've uploaded lately. Even “know the Lord is God” gives way to bloody

beatings when I think how unfair^Pornhub^is^in^deleting my videos for nonexistent offenses just like they deleted my playlists at YouTube, Vimeo and Xvideos. Right when I dreamed of a bloody beating for this unfairness I heard DDD at 12:10 PM on 12-11 so I decided to write this down at 12:11 PM as another confirmation of the OJ they have coming for being so unfair to me for so long. “A real big the ‘the shock hit 11’ OJ” =

rw1218 PM =Ls might be referring to my best class L123 as a sign to the world that there would be no nuclear war on earth. It's another big gift from heaven that the FBI has so viciously mocked and it would be very poetic justice if they got it shoved down their ungrateful throats.

A big parallel^to^this is when I was thinking of the porno where the cameraman was cussing out and belittling the porn star guy so much that he punched him and I said "damn did you ever deserve that". That's when I saw it was 1:44 PM and after all I just^ wrote about the FBI deleting my videos and playlists it sounded^like^my^early exit would be a poetic justice OJ on them and a reward for me. =rw203 PM.

When I was thinking of how stupid that was of "sparks go wild" to be guilty of 647 as "killed their own^Christian^brothers" I got rw135 PM to confirm it. That's really turning into a really big ^Christian^mistake since the FBI has plenty of idiots to do that but it was a shame to get a^Christian^to do it especially for such a trivial offense and when I was actually promoting his work and not making any money from it, damn that was an evil attack on me. It sounds like he's guilty of what he's so offended by because only a Vain

Insane Pig could be so legally offended at ^me^uploading^one^of^his^videos.^

Especially because it caused so much Christian damage to delete all of those divine signs at that Xvideos playlist and over such a trivial offense. The other two strikes were equally as trivial and like I said the FBI has plenty of idiots to do that kind of illegal dirty work and it was a shame to get a Christian to do that. I knew that Pornhub promoting militant copyright amateurs like at Chaturbate was going to cause problems but I didn't think it was going to be this bad.

It reminds me of a "right to keep and bear arms" disaster at the yearly televised Thanksgiving parade in the mid 60s that was marred by guy who shot another guy to death just for stepping on his foot. He may have thought he was defending his rights but it was a downer for the whole country by putting a damper on that Thanksgiving parade.

In the Bloomberg news clips with the music on VH1 on my 11-13-95 AOL was a

clip saying that "Jim Carrey was responsible for the dumbing of America". That was very prophetic because after I watched Jim Carrey in his Ace Ventura pet detective movie the next day on 11-14-95 is when I found out how much he and MTV were mocking me and that ended my AOLs which seems to be what they referred to as "the dumbing of America".

Now it looks like "sparks goes wild" owns a part of that except it wasn't just for the USA because the Xvideos playlist was an international playlist and with a lot more divine signs than I was getting on my AOLs on MTV. Because 23 years later in 2018 I was quite a bit better at divine sign messages which again makes it really bad for Christians to not admit that I have passed the test of time and to keep tearing me down especially over such trivial offenses that are totally out of proportion to the good I'm accomplishing. I should say "WAS accomplishing" before my Xvideos playlist was taken away from me and everybody else.

How poetic that now I'm on page 144 which is like 1:44 PM on page 143 and both are big signs that I will be relieved of duty to go to heaven. It's like a boomerang on all this nitpicking of me will be "damn did you ever deserve that!" as my early exit as a poetic justice OJ on them and a reward for me.

Xvideos closed my account on 12-19-18

Your message has been sent!

To Xvideos,

You suicidal maniacs closed my account "the1Mikeo" on 12-19-18 just like you closed my account "Mike Overson" on 12-2-18. The first time at least you gave a trumped up and trivial and phony copyright charge, [like from ^SparksGoWild^], for closing my account but this time you didn't give a reason at all.

The reason I called you "suicidal maniacs" is because in my class 275 I said it looks like Xvideos is going to get the majority of the credits of the when the Estline sank on 9-28-94 taking 852 lives. I also said that wouldn't apply if I got my account back and when I uploaded 34 videos to "the1Mikeo" that was enough to change that wrath of God into a warning to Europe "that (Estline) was for nothing, now do something that makes

me mad and see what happens". However Xvideos apparently didn't like losing credits for sinking ^the^Estline^ and deleted my account again so it looks like Xvideos will get

the majority the credits for it.

The main reason for this letter is I would like a reason from you of why you closed my account again.

I got rw108 & 109 PM on 12-23-18 that seemed like a confirmation saying when I thought of putting this Xvideos letter here with a picture of the Estline after the SparksGoWild story. When I finished it I got rq117 PM that seemed to confirm I did a good job. It's a little spooky to go out on a limb say things like I did so the signs helped.

It's like when I was imitating Xvideos saying "we want majority of the credits for that disaster" and got rw7:54 AM on 12-28 when I was combing my hair as a deluxe forex OJ like at 12:28, 711 and 7:20 AM on the next page. I got rw1014:5 AM on 1-18-19 as an "oh God you devil" confirmation of the update in the next paragraph.

On 1-13-19 I saw buses 914/9 and 631/51 near City Hall confirming this^letter to Xvideos in class 276 was "let her^cry"^for the majority of the credits of ^the^Estline^ sinking and "time to repent because that was a stupid power-play" (631/51) to delete my account again after they got out of the credits for that disaster and then got those credits again for deleting my account again, (on page^11). A link to class 276 is on page 123.

Back to 12-27-18 after I put all^this in class 276. I updated this^page on 1-18-19 after I posted a link to this at Tumbler, (at pg 126).

I was hugging holy honey as Krystal Boyd and said "if she's not clicking then imagine her in a red soccer outfit" and got rq144 PM saying that Holy honey was going to get me (an angry) something special early exit. [=rq206 PM is like class 206 about Miss Rights which implies 159 PM about Melissa King next.]

When I repeated that about hugging her as Krystal Boyd I got rw1:56 PM that was like when my coffee boiled at 10:56 PM and it was definitely confirming her angry in a red outfit. Then I realized on 12-27-18 it's parallel the murder attempt on me at the Harrison Hotel in Chicago on 12-27-94 and the time at 1:59 PM confirmed a mega evil murder attempt that's when I heard a missed the bus sign implying Melissa King is that kind of a 159 sore loser and perhaps the Vain Insane Pig that made God boiling mad at 1059 PM. It definitely compounded all the evil info about her and confirmed it.

Beauty queens are like the song "my favorite things" as long as they're trying to be good but if you think you're going to be evil as hell and still pull off a sweet and innocent beauty queen act then you're encroaching on God's territory and they will have to correct you, (and expose what a liar you are). Sometimes that just takes the form of the video age curse where you have very sexy and gorgeous girls that are so boring you can't watch them. I've often wondered how could that possibly be and then I found out it was because they were so evil that God couldn't bless them with the "girl magic" that is granted to every girl. It's like they ran out of sexy luck which has been infecting the porn business more and more lately. They have lots of sexy shows but very few that are worth watching.

That also applies to Vain Insane Pig webCam girls. WebCams became popular

the more porn became evil and boring but then when the web cam girls became Vain Insane Pig “stars” then they got the same boring curse that happened to the porn business. That especially applies in the last^20 pages with sparks go wild.

I was hugging Holy honey as Krystal Boyd in her red outfit at Grace and when I said “that evil witch” referring to Melissa King and got 5:04 PM when kissing Holy honey as a sign of another 1227 and 506 MYJ where the police and the FBI and the women got a rude awakening at the limits of their power and at the limits of God’s power to protect me from them.

“You have to be very patient” (at the start of class 227) and that’s when I got 12:28 AM on 12-28 as a Framingham sucker play. =rq720 AM confirms it like my ex wife living next to Framingham Massachusetts in Wayland and CB 1129 = 7:11 AM.

When I said “please pay back the FBI for ruining my sleep” there was a siren 201 & 202am and when I said it again it was 212 AM on 12-28 which counts as another 506MYJ like at 504^PM on 12-27 on this page.

12-28-18 6 hours of sleep^thank^you very^much Holy honey, (for the OJ at 201 2:12 AM). CB = 707 and 708 AM and CB 1129 was at 7:11 AM that might be like Rory at 1228^AM and 7:20 AM.

Class 276 title at https://www.xvideos.com/profiles/dropdead_xvideo#_tabFavorites

276 is about my “Dropdead Xvideos” profile name^and^them deleting my classes like 271 and 272 that I combined into this 276. At 27 min is porn was supposed to help rescue Christmas with sex since 2011. Isaiah 11:6 is at 15 min w/more end times signs.

Bad feedback to class 276:

I shopped at Foodland the longest of any supermarket for six years but it started going bad really obvious the day after St. Patrick's Day 2015 with how bad Matthew the cashier treated me. Which had to be from the FBI because I just made class L127j the day before and that was the only way he could’ve found out about it so soon and was set up from the FBI to give me bad feedback. He continued to be the FBI person to mock me for a year until I finally had enough and 86ed that store after shopping there for six years. Matthew is extremely prophetic of the exact same evil response from the church who hated me more than ever after that class because they apparently realized I really was called represent Jesus return and their horns have kept growing and showing more and more evil as the envious Salieri and the FBI ever since then.

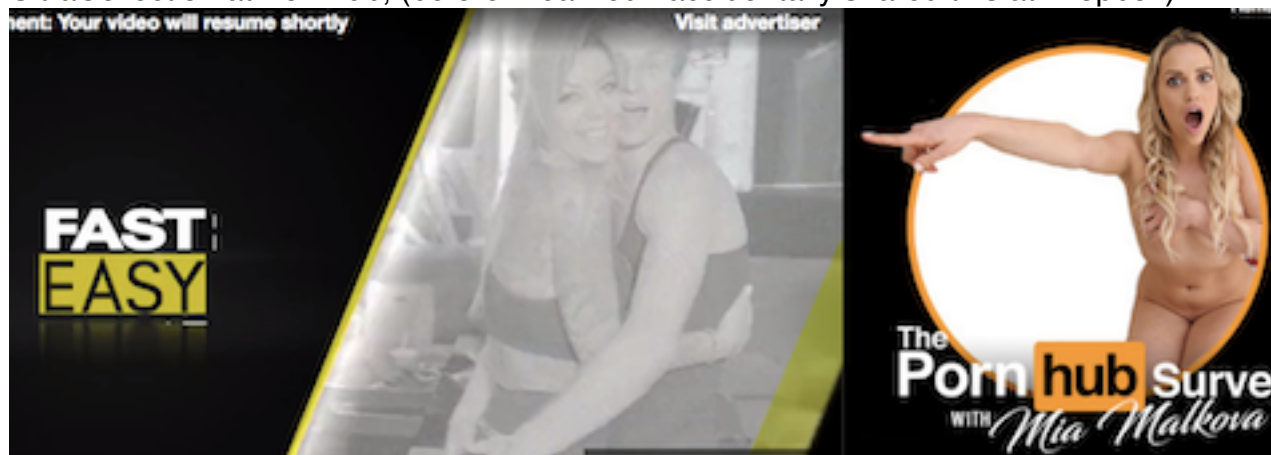

One reason for writing this is when I said a summary of^this I got 12:11 PM as “the shock hit 11” at how evil the church became after I made class L127j. The other reason for writing this is the extremely evil feedback, (from 1025 to 11:59 AM), after the first time I watched class 276 today. =rq1221 PM I think is a confirmation that is way too late for the knee-jerk reaction to instantly rain on the parade of anything I do. One thing good about that is it was a really good sign for my early exit as paybacks.=

276 finished uploading to Xvideos at 12:30 PM when I found out this was page 123, (to make an early exit note on page 1), so it was worth mentioning. So was the 258 PM alarm when I uploaded 276 as #64 at the .com site, I'm hoping it refers to an early exit.

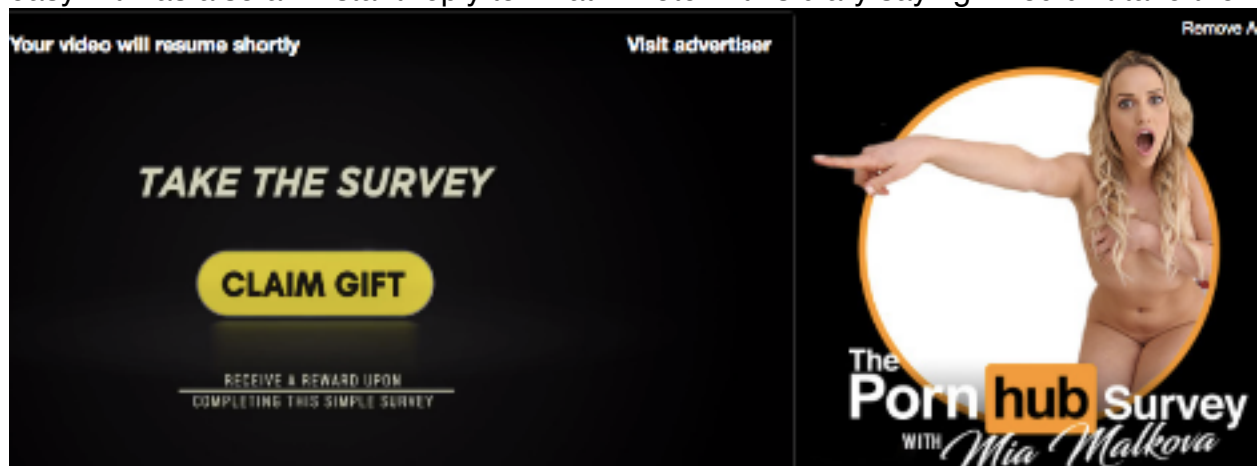

UltraCollection webCam =r=728pm 12-27-18= rw730 confirms webCam girls used to rescue porn & now they're^VAged^721s so much that it makes sex impossible therefore a pointless bore. That's one reason why porn got boring in the first place is because it was so unrealistic and untrue to see women being that easy and generous that it seemed like a damn boring lie. = rw12:54 PM when I'm with Holy honey seemed to be a confirmation and that WebCam girls are getting in that same unrealistic category now. They used to be able to rescue porn because their sex seemed realistic and possible but ever since the WebCam girls became "stars" they became as boring as the

video age curse is on the rest of porn. Since this became a big note I put in a picture of UltraCollection at Pornhub, (before I realized I accidentally shared this at Dropbox).

^This seemed like an instant^reply from^Mia about porn girls being^so "fast and easy". It was also an instant reply to what I wrote in this diary saying I wouldn't take the

survey which became more obvious after I put this diary in class 276.

When this girl was showing off her Deep Throat skills it was a big turnoff due to

the porn business overkill in small dick humiliation. When I said “so much for the blowjob” and fast forwarded to see the rest of the show there was a siren at 1:45 PM that I think was pointing out my growing aversion to big dicks. I just noticed that recently as one of the reasons why porn is so boring and it's because they're always using such big dicks. After the porn business overkill with small dick humiliation it created a natural aversion to big dicks that puts a damper on enjoying porn.

It's like in this^show, if she didn't do a deep throat then I probably wouldn't even have noticed that he had a big dick. That has become a deciding factor in watching porn lately because when they are not glorifying and worshiping a big dick then the sex is worth watching but if there are innuendos to small dick humiliation it's such a turn off that I just go on to another porno. One time when I did that I apologized to a black guy saying “it's not your fault it's the porn business overkill with small dick humiliation” has created a natural aversion to big dicks.

I put this diary^D71 in class 276 to show the FBI harassment of classes 271 and 272 that I made into class 276. This diary was made just for me so I tried to clean it up for other people to read but I only made it to page 21 and had to quit because I'm too disabled for this much work. On 8-4-19 I realized it's a sign that my early exit to heaven might be near because I keep getting more disabled and then I keep having to cancel more normal job duties in favor of my mental sanity.

Next is from page 117 at the 5-24-19 motorcycle PDF at <https://www.dropbox.com/l/scl/AAAXbfBCTDwJHUXE8wWEfV-NZJZSmlj833o>

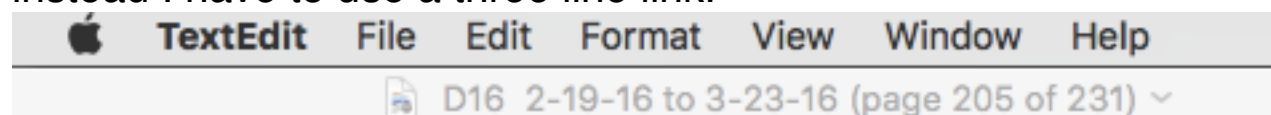

...I'm too stressed out for this job and I can barely comprehend why my hons are doing this job with such a stressed out mess. I remind them that this is a very big job and calling and

I don't want to slip due to being too disabled. I know they are "the master of the close call" but sometimes the close calls get a little spooky. That's when I use this line, "this was their idea and they know what they're doing, (they're only God)".

I was glad I finally told how bad this is but then I realized it wasn't enough so I wanted to say that "the art of living" has never been better in my whole life except I'm so disabled that I need that nearly every day just to keep from losing it. (= rq444 AM on 7-18-19 seemed to be Abba confirming it's true and that I'm on time.) One example is two weeks ago I miss calculated how much work I was capable of and hit the wall so bad I had to take 5 sleeping pills and go to bed early to try to sleep it off. It worked but it messed up my sleep for a week after that so now I'm much more careful to avoid hitting the wall. It's also become obvious that one reason my hons are using such a stressed-out and disabled mess to represent Jesus' return is I'm going to be excused to go to heaven just due to the harassment I've endured. It's a simple and logical extrapolation that even if the harassment stopped now and I kept getting the art of living every day that I've been so worn out physically and mentally that and I'll be excused to leave pretty soon....

From page 187 & 1 in diary >D80:

I wanted to say something about me using abbreviated links because when the public was reading diary >D16 on page 205 on 3-21-16 I wrote This is a perfect example of where I could highlight just "D15" as a link in iWeb but instead I have to use a three line link.

I looked up "Help" in ^TextEdit^ and they made it impossible to understand how to minimize a link so I've used long links for years until I got exasperated on 9-28-19 and looked up "Help" again and this time they made it simple and easy to understand. Except that's NOT what they did on 3-21-16 and it's so suspicious that it looks like it was deliberate just like when the Apple Store refused to teach me iMovie when I took about 60 classes there almost every week in 2009. As a result of all my classes are from self

taught iMovie that was an agonizing slow learning process and I still don't know a lot of the tricks that I see other people use in their videos. This typical "cruel school" of complicating simple info is why I'm going to heaven early AND as a reward for me being a "cool school" teacher that simplifies complex info like from page^180 to 187. Since it's my best summary of the ^apocalypse^so^far^ I read^it^when I watch class >247 >X.

There is a better list of all my PDFs to download with better titles at MediaFire:

Since links are not highlighted on a PDF I put an arrow >99 pointing to a class or other links. You can find the links to the classes that don't have an arrow > on Page 1 to 6 at My Website On A PDF at >Dropbox except at >MediaFire it's the PDF titled: "Tumbler LINKS at dropbox TO ALL MY CLASSES & websites on 7-15-19".
